

SILVERTON BUDGET VIEWERS SELECTED

Meeting With Council set for October 16; Aldermen Have Busy Session

SILVERTON, Oct. 3.—The appointing of the city budget committee will meet with the city council October 16, was the principal matter of business enacted at the October session of the city council. Serving on the committee are H. B. Latham, H. W. Preston, Merlin Conrad, P. L. Brown, R. E. Duncan and L. M. Larson.

The matter of repairing Main street bridge and surfacing the James avenue bridge was discussed and finally left in the hands of the street committee. Attention was particularly called to the poor condition which the Main street bridge is in.

A communication was read from the engineering firm of Foster and Lewis in regard to the proposed sewage disposal plant at Silvertion. The firm promised to use only local help, excepting in the use of supervising engineers. The matter was turned over to the special committee on the sewage disposal plant.

A communication informed the council members that the health bill this year will be at the rate of \$13.33 a month instead of a total of \$200, as last year.

Application for a beer license by J. E. Toney was granted. Motion to lease the old rock quarry at South Water street to Frank Bros., who desire to erect an incinerator was carried. The firm will pay the city \$5 per month.

As ordinance No. 260 was read for the third time P. L. Brown, local manager of the Interurban Telephone company, suggested that something should be done to prevent the posting of bills on telephone and light poles. As a whole the council apparently agreed with Mr. Brown and the ordinance was referred back to the judiciary committee for amendments. This ordinance refers to the objection raised to putting bills in cars standing at rest in Silvertion, and to bill peddlers obtaining license in Silvertion.

HARRISBURG WOMAN INVOLVED IN CRASH

AURORA, Oct. 3.—The car of Lane Gribble, Aurora mail carrier, on route 2, was struck Monday morning by a car driven by Nona Hoyt of Harrisburg, who failed to observe a signal given by Gribble for a left hand turn as he was leaving the highway to take the Irwin Hill road, just east of Pudding river bridge.

When Gribble saw the car following him off the highway, he averted to the side of the road to escape when the machine crashed into him. The car occupied by Miss Hoyt and a friend was able to go on its way, while Gribble will need some repairs on his machine before making another delivery.

Albert Foster Honored
Some little honor was conferred recently upon Albert Foster, son of Mrs. Lottie Fry of Aurora, who was one of the two young men delegated by the Machine Reporter corporation of Portland to demonstrate a new short hand machine at Chicago and California, respectively. The machine which is operated by the use of the fingers and not the hands on the keys at once, will average one and three-tenths words at one stroke. Albert was selected to go to Chicago with all expenses paid.

Mrs. Frank Miller, who left for the east recently, is now at her former home, Hannibal, Mo., where she will visit her many friends before going on to Chicago and spend some time at the fair. Her itinerary, if followed as planned, will take her to New York state to be the guest of her sister, Mrs. Marvin, and a niece.

JUDGING PRACTICE TOUR IS SATURDAY

SILVERTON, Oct. 3.—All valley Smith-Hughes agricultural departments will hold a stock judging practice tour Saturday, October 7.

The group will meet at 9 o'clock at the Mt. Angel college dairy to judge Holsteins; at 11 o'clock the young judges will go to the M. G. Gunderson farm in Bethany district to judge Jerseys; at 1:30 the Cass Nichols farm in the Bethel area will furnish Durocs and Polands for judging.

The Silvertion boys are going with their instructor, Warren E. Crabtree. Each student and instructor is told to bring his own lunch.

Mott Will Speak At Community Fair In Silvertion Hills

SILVERTON HILLS, Oct. 3.—James Mott, congressman, has been secured as the speaker at the Silvertion Hills community fair for next Saturday afternoon.

Present indications are that the fair will be exceptionally successful. A great deal of enthusiasm has been shown in the event here and inquiries are coming in from the outside which may indicate that many visitors from out of the community plan to attend. Judging of entries will be completed in time so that visitors may be seeing the winning entries. In the evening there will also be a dance.

Newest Hollywood Air Elopers

While Hollywood gossips were linking her name to that of Jimmy Dunn, screen film lover, Sally Eilers, screen star, upset all the "inside" dope by eloping by plane to Yuma, Ariz., and marrying Harry Joe Brown (inset), film director. Miss Eilers won a secret divorce from Hoot Gibson in Mexico last month.

Consumer Canvass on NRA At Stayton Goes Big and Business Sign-up is Good

STAYTON, Oct. 3.—The group of women who have been making the house-to-house canvass in the NRA drive have completed their work and turned in their report to Grant Murphy, chairman. The report states that signed cards were received from 235 families, which is considered good since there are probably not more than 250 houses here, and at the time the drive was made there were several working out of town.

The report represents around 1000 persons and 16 men were listed as being unemployed or in need of work later and 2 women asked for work. Women on this committee were: Mrs. C. P. Nelbert, chairman, Mrs. G. F. Korinek, Mrs. Chris Netting and Mrs. Geo. R. Duncan.

The men's committee, Felix Wright, Dr. W. V. Adams and E. C. Downing, who have been canvassing the business and industrial section of the community have also filed a report which covers nearly all the territory. The reports as turned in show that

GRANGE OPPOSES SPECIAL SESSION

At a regular meeting of Silvertion Grange number 754 the following resolutions were adopted:

"Resolved that this grange go on record condemning the actions taken by Secretary of State Hal Hoes, and others, in trying to suppress the audit of institutions of higher learning as indicated by press reports. And commending Gov. Meier for taking action in asking resignation of head of board of higher education.

"Also, we wish to register our disapproval of adding extra expense to the taxpayers for special session of the legislature, however, should they convene we believe that it would be for the best interests to cut expenses rather than add more expense such as the sales tax. We believe it to be to the best interests to the taxpayers to abolish the office of the state tax commission, also state budget master and reduce the salary of all appointed officers to not to exceed \$2400 per annum.

"It is our belief we should make the tax equal and just, there should be a property tax on automobiles to be paid at the time licenses are issued; the property tax based on valuation now in possession of the secretary of state."
