Butter, Eggs Up One Cent

Butterfat took a one-cent boost on the local market yesterday, to top of 19 cents. Prints are quoted at 22 cents and 24 cents.

Standard eggs also climber a cent a dozen, to 22 cents. Extras continue to command 23 cents and mediums 20 cents.

Spring lambs are down 25

cents a hundred, to top of \$4.75. PORTLAND, Oct. 3 .- (AP)-Advance in top scores of cube butter during the week's opening session of the produce exchange was not surprising inasmuch as there the market for country killed was some betterment in open market prices previous to the ex-change rise, The latter was up ic for extras and %c for standard with prime first and first un-

changed. For some days there has been noticeable improvement suggested in consumptive demand for butter. Retailers have reported that the public was buying more freely which naturally had its effect on

the wholesale trade. The fact that prime first and first grades were not advanced suggested that the public was onions at Willamette valley seeking the better scores which points. The movement into warewere not in such extensive call. Local make continued to decrease slowly but Portland is getting more butter from outside points. Butter advance of 1c.lb. followed the advance of a like sum

in extra cubes. PORTLAND, Oct. 8 .- (AP)-Announcement was made by Edna B. Reed, general manager of Pacific co-ops of an advance in the price of eggs effective Wednesday morning. The new prices will be: Oversize 29c, extras 27c, standards 24c, medium 24c, medium first 22c, pullet 17c, pullet first

CHICAGO, Oct. S. - (AP) -Martial music from American Legion bands proved too lively a counter - attraction for grain traders today, and wheat prices varied little, with business lack-

ing volume. An advance in free gold quotations to \$32.26, the best figures in several days, helped temporarily to lift the wheat market somewhat but later the effect was offset by an unofficial estimate that only about 10 per cent less winter wheat would be sown in the United States this fall than was the case last year. The administration objective is 15 per cent

decrease. Wheat closed easy, at the same as yesterday's finish to % lower, corn %-1% down, oats %-14 off. Today's closing quotations:

Wheat - December 89 %-%; May 93%-%; July 91%-%. Corn — December 47% - 48; May 54-54%; July —. Oats - December 38%; May 41%-%: July 35%.
