SENTENCE STAY FOR ARCHARD IS DENIED

Ex-Warehouseman Faces 3 Year Penitentiary Term; Other Opinions Given

The state supreme court Tuesday denied an application to stay the mandate in the case of Charles R. Archard of Salem, who is under three years' penitentiary sentence in connection with the issuance and sale of warehouse receipts. Archard was engaged in the implement and warehouse business here for 18 years.

Other opinions handed down by the supreme court Tuesday were: Herbert F. Phillips and Edwin S. Phillips vs. E. N. Elliott, administrator of the estate of L. B. Hague, deceased. Appeal from Klamath county. Suit to recover on four promissory notes. Opinion by Justice Campbell, Judge Duncan affirmed.

Sandy Holding company vs. Mike Ferro, appellant. Appeal from Clackamas county. Suit to enjoin defendant from removing cordwood from certain lands. Decision of Judge Latouriste modified in opinion by Justice Bailey.

Woodburn Cleanup of Bank Proceeds

Assessments against stockholders in the liquidation of the Bank of Woodburn will be divided 79 per cent to commercial deposits held in the bank, 20 per cent to savings deposits. Circuit Judge L. G. Lewelling ordered yesterday, based on the percentage of the total deposits in each department.

Stock assessments amounted to \$105,971.44. Stock assessments of 100 shares having a par value of \$1,000 Federal Land Bank bonds, the proceeds to apply on the deposit of the Board of Trustees of the Postal Savings system, as also ordered by Lewelling. A balance of \$1900 which would still be owed to the Postal Savings Trustees would be paid in cash. Redemption of Multnomah county school district No. 1 and the Multnomah county school bridge bonds was also ordered.

The court directed Schramm to sell to Bart Apin for \$270, city residence on terms of \$15 cash and \$10 a month.

MILLION FOR ROADS TO BE VOTED TODAY

Y., the former Helen Hatcher, who was threatened with kidnaping falling payment of \$10,000. Below, Virginia de Palma and James Medley who fell into police trap when they attempted to collect dummy package of money. Mrs. Dougherty is a niece of Russell C. Leffingwell, New York financier and Morgan partner.

McNary, Steiner Resent Dillehunt Slams at Way Insane Patients Treated

Statements credited to Dr. R. E. Dillehunt of the Oregon medical school in Portland that the state of Colorado has been successful in correcting 63 per cent of its insane cases while in Oregon the insane hospitals merely are custodial institutions, were resented by Dr. W. D. McNary, superintendent of the eastern Oregon state hospital, at a meeting of the state board of control Tuesday.

McNary declared that Dillehunt's statements apparently had fostered discontent among the relatives of many insane patients in Oregon with the result that the superintendents of the insane institutions had been charged with adopting inefficient treatment methods.

Dr. R. E. Lee Steiner, superintendent of the western Oregon state hospital, said he agreed with the remarks of Dr. McNary which were in line with the thought of many other physicians engaged in insane hospital work.

More Housing Needed
Discussion of Dr. Dillehunt's statements followed an oral report by Dr. McNary in which he declared that the time had arrived when the board of control should consider additional housing conditions for Oregon's insane.

Governor Meier interrupted Dr. McNary's remarks with the statement that he did not consider it fair to attack Dr. Dillehunt when he was not present to defend himself.

The board voted not to classify the state flax plant at the Oregon state penitentiary as an industry under the federal prison code. Officials said they considered the flax operations agricultural rather than industrial.

A proposal to construct a combined state, county and municipal building in Portland at a cost of \$3,000,000 was passed over lightly by the board, Governor Meier said this was a legislative matter.

Important purchases authorized by the board included a high speed press for the state printing department at a cost of \$4000 and 20 light trucks for the state highway commission at a cost of \$11,938, after deducting the trade-in allowances.

The board also voted to dispense with a caretaker at Champeuse park during the winter months.

JUDGES UNANIMOUS IN VOTES, SALEM

Women's Trio Jubilant, is Word Yesterday by Mail From Chicago

First letters from Salem's auxiliary trio and quartet, which Monday repeated for national championship honors in Chicago, were received in Salem yesterday and give some idea of the stiff competition against which the local singers appeared. Mrs. Walter Zosel, one of the singers, writing to her husband here, says in part: "We were the only contestants from their west. One group had a director who has directed a nationally-known chorus for 25 years. There were marvelous individual voices, but think we won on blend and our work together. We were especially complimented on our naturalness and ease on the stage."

"The man who announced the decisions was Daniel Protheroe, a nationally famous composer. He said one thing that made us very happy, and that was that the judges were unanimous absolutely in giving us the decision. Let's Belle (the director) is so happy she can hardly realize what has happened. She took us all to Fred Harvey's restaurant for dinner tonight (Monday). Dorothy Ekin-son and our rooming lodge with red roses."

"The state officers, drum corps boys and everyone is so happy about it. No doubt it will be somewhat of an incentive to the water wagon and men business."

Mrs. Zosel comments on the heavy traffic in Chicago, which claims 300,000 in town for the convention.

The Salem singers and drum corps will leave Chicago Friday night returning to Salem Wednesday morning.

Witnessing the sun rise and set in scarcely more than ten minutes time was just one of the thrills W. C. Allen, district manager of Hunt Brothers cannery, enjoyed on a 21-hour air trip from New York City to Portland. The return was three hours under the flight to the east. He had been in New York a week on cannery business.

The sun peculiarity was seen over the Sawtooth mountains in Idaho. Taking the plane to 14,500 feet, the pilot called attention to the artificial sunrise in evidence; as the plane dropped back to the 8000 feet it was soaring at, a morning sun behind the mountain was beautiful. The entire country was bathed in a blood red light, the time being just as the sun was coming up and the moon was setting.

Allen had the good fortune to be in the plane on one of the ten or 12 perfect flying days each year.

New York enjoyed active business during July and August, but during early September things slowed up a bit, but are now brightening up again, Allen says.

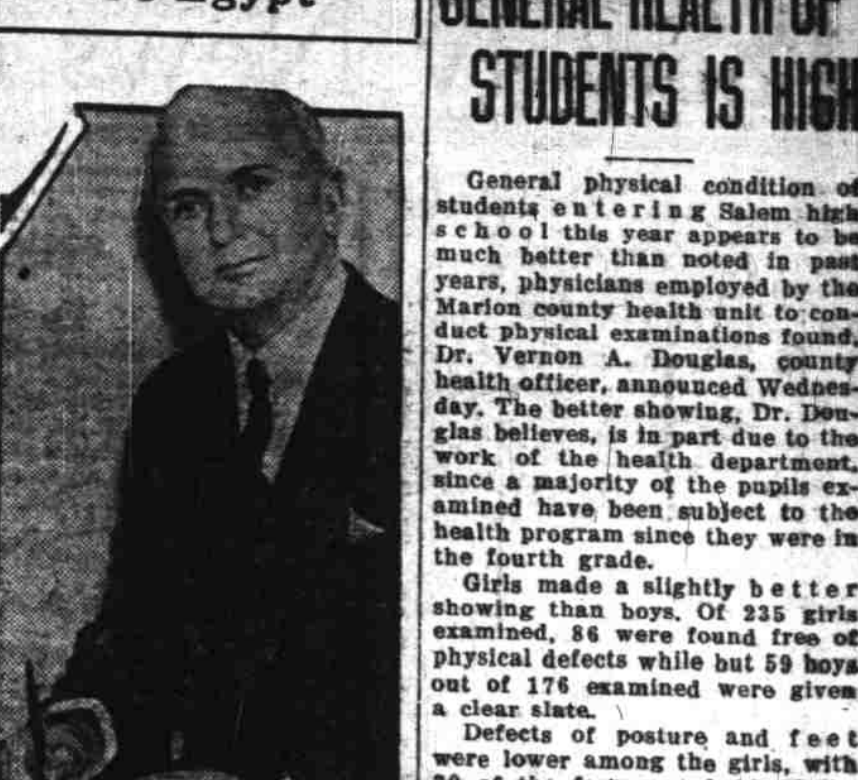

No action was taken by the board in connection with eight bids received for automobile liability insurance.

Governor Meier, Secretary of State Hoss and State Treasurer Holman were all at the meeting, the first board of control session to be attended by all three in several months.

Warrant Call Out; \$33,000 to Be Paid

Call for redemption of 300 Salem school district warrants aggregating \$33,687.63 was issued Tuesday to Clerk Burghardt's office yesterday. Warrant numbers called were 4106 to 4407 drawing \$1,306.64 interest. Most of them were held by individuals rather than by banks, it was said.

To Egypt GENERAL HEALTH OF STUDENTS IS HIGH

General physical condition of students in a touring Salem high school this year appears to be much better than noted in past years, physicians employed by the Marion county health unit to conduct physical examinations found. Dr. Vernon A. Douglas, county health officer, announced Wednesday of the better showing. Dr. Douglas believes, in part due to the work of the health department, since a majority of the pupils examined have been subject to the health program since they were in the fourth grade.

Girls made a slightly better showing than boys. Of 235 girls examined, 86 were found free of physical defects while 159 boys out of 176 examined were given a clear slate.

Defects of posture and feet were lower among the girls, with 30 of the former and 11 of the latter found. Fifty-nine boys were discovered with posture defects and 38 with flat feet.

Teeth led the list of defects, 67 in girls and 69 in boys, with 36 girls coming after posture, or 36 and 29 respectively.

Corrections of tooth defects by girls numbered 155, by boys 69; eyes, 18 by girls and 13 by boys. One hundred seventy-two girls and 110 boys had been immunized against smallpox, 153 girls and 198 boys against diphtheria.

Physicians employed part time to conduct the examinations were Dr. Carl Emmons and Dr. Burton Myers.

EXPECT ME TO WAIT ALL NIGHT FOR DINNER?

Jangled nerves bring words that hurt

Suppose a hidden photograph were taking down your words all during the day. How often would you be embarrassed and shocked at the things you may have said under the stress of jangled nerves? A sharp word, a fit of temper, an unfair accusation—these hurt your friends and your loved ones—and they hurt you, too.

Watch your nerves. Get your full amount of sleep every night. Eat regularly and sensibly. Find time for recreation. And smoke Camels—for Camel's costlier tobacco never gets on your nerves.

COSTLIER TOBACCOS

Camels are made from finer, MORE EXPENSIVE tobacco than any other popular brand of cigarettes!

CAMELS — THEY NEVER GET ON YOUR NERVES!
