Faster Relief Now From Neuritis

Real BAYER Aspirin "Takes Hold" of Pain in Few Minutes Now comes amazingly quick relief from headaches, rheumatism, neuritis, neuralgia... the fastest safe relief, it is said, yet discovered. Those results are due to a scientific discovery by which a Bayer Aspirin Tablet begins to dissolve, or disintegrate, in the amazing space of two seconds after touching moisture. And hence to start "taking hold" of pain a few minutes after taking. The illustration of the glass, here, tells the story. A Bayer Tablet starts to disintegrate almost instantly you swallow it. And thus it really goes to work almost instantly. When you buy, though, see that you get the Genuine BAYER Aspirin. For Bayer Aspirin's quick relief always say "BAYER Aspirin."
