### Speculators Take Away Early Gains

CHICAGO, Oct. 19. (AP)—Brisk new returns in prices took the wheat market aloft today to the highest point reached to date, 12 cents above Tuesday's low. The advance met with heavy speculative selling, however, and gains were largely wiped out.

Fresh but scanty government-sponsored buying of wheat had much to do with the rise of values, and so likewise did Minneapolis reports that probably 1,000,000 barrels of flour had been sold from mills this week. On the other hand, heavy interest was placed on the market by the emphasis chiefly on weakness of securities and on unsettlement of foreign exchange, factor which at times led wheat values down 2 cents a bushel.

Wheat closed irregular, ranging from 1 1/4 cents decline to 1 1/2 advance, compared with yesterday's finish, corn 1 1/4-2 1/4 down, oats unchanged to 1 cent lower.

Today's closing quotations:

Wheat—December 79-79 1/2; May 80-81; July 78 1/2.

Corn—December 41-41 1/2; May 47 1/2-48; July 49 1/2.

Oats—23 1/2-30; May 23-23 1/2; July 31.

### Butter Unchanged, Turf Demand Good

PORTLAND, Ore., Oct. 19. (AP)—There was no change in butterfat buying prices for the day.

Market reflected liberal strength for fresh eggs here with prices generally maintained both for buying and selling. Storage stuff remained weak for all sizes.

There was a better demand reported for spring chickens because the country refused to ship adequate supplies at the very low values recently forced by a combination of buyers. Hen market was also good.

Heavier supplies of dressed turkeys and especially old crop, were reaching the trade. Demand continued good generally although here and there some operator was trying to force reductions to get ready for new crop.

More than passing weakness was suggested in the market for potatoes at the source. While prices there are being held practically unchanged, very little selling has resulted with rollers moving at reductions.

Price of tomatoes was firmer to higher here as a result of the rains which usually ruin quality. Sales in general were reported at a nickel advance for the day.

A kitchen cabinet factory which passed out of existence 20 years ago as the result of a fire at New Bremen, O., recently received an order for a new cabinet.
