### NO-INTEREST PLAN PUT BEFORE COURT

Suggestion for Delinquent Tax Handling Advanced By Lane Ex-Judge

Delinquent taxes, including those for 1933, would pay no interest if paid before May 5, 1934, under a plan submitted by C. P. Barnard, former county judge in Lane county, to County Commissioner J. E. Smith, who is secretary of the association of county judges and commissioners. Barnard asks that the plan be presented to the association as a suggestion for the special session of the legislature. "The law taking away the penalty and reducing the interest on delinquent taxes to 8 per cent was not endorsed by the county courts as it was felt it would increase the delinquencies, which it undoubtedly has," writes Ex-Judge Barnard to Commissioner Smith. "But I do not share in the popular opinion that large numbers of taxpayers have plenty of money but are not paying their taxes, preferring to pay 8 per cent interest unless they are of the opinion that the interest will later be waived due to the fact that the bars were let down by the legislature. "I feel that there are two reasons for the unusual delinquencies. First, to the financial conditions people did not have the money, and second, they could not borrow it for the purpose of paying taxes. If we could assist people to pay up their back taxes and reduce the 1933 assessment enough to encourage the taxpayers to make the extra effort to pay promptly and then enact a law at the special session that will at least relieve the real property of taxes to some extent, even though we go contrary to what seems good business for the future, it may be better than to continue to pile up bonds and increase our indebtedness making it that much harder for people to redeem their property." The ex-judge's plan gives a small discount for taxes paid as they fall due next spring.

### English, Salem High Grad, Gets Important Post

Pennoyer F. English, son of Mrs. F. A. English, 2680 Cherry avenue, Salem, has been appointed special agent of the Michigan game division of the department of conservation, according to word received here. His title is extension and research agent. Mr. English is a graduate of Salem high school and Oregon State college and holds a degree in zoology from Texas A. and M. college. He has held responsible positions on zoological and biological staffs in Oregon, Minnesota and Texas colleges and universities.

### County Leaders Study Plan for Flood Control

Report that two rip raps were to be built along the Willamette river below Salem yesterday led the county court to confer with Senator Charles L. McNary in regard to status of the flood control project which has been urged to stop washes between Salem and Newberg. Senator McNary, according to Commissioner James E. Smith, was unadvised concerning status of the project, but said he would investigate it at once.

The flood control plan has been estimated to cost around \$300,000 but as far as known to the court it has never been approved at Washington, D. C.

### Why the Sudden Change to Liquid Laxatives?

Doctors have always recognized the value of the laxative whose dose can be measured, and whose action can be controlled. The public, too, is fast returning to the use of liquid laxatives. People have learned that a properly prepared liquid laxative brings a perfect movement without any discomfort at the time, or after. The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys. The wrong cathartic may keep you constipated as long as you keep on using it. Dr. Caldwell's Syrup Pepsin is a prescription, and is perfectly safe. Its laxative action is based on senna — a natural laxative. The bowels will not become dependent on this form of help. Dr. Caldwell's Syrup Pepsin is at all druggists. Member N. R. A.
