

HOPE IS HELD FOR MISSING AGED MAN

STAYTON, Nov. 28. — Some of the officers are still hopeful that Al Hepburn, aged man who has been missing for more than a week, will appear at his friends or relatives. His last words to one of the officers in Stayton were that he wanted to visit J. N. Widdle of Seio, the telephone operator and an old time friend who had worked with him in the flour mill.

The officers have had recent correspondence from his two daughters in Washington and they are still hopeful on account of his wide acquaintance in the Willamette valley also in Canada, that he may have decided to visit some of these old time friends. On account of his feebleness, he might have forgotten his overcoat and suitcase which were left in Stayton.

Glen Fox Visits
Glen E. Fox arrived in town Friday from San Francisco for a short visit with relatives and friends, he has given up his position as manager of a store in that city and has gone on the road as a salesman, a position which he held in Oregon for many years. Saturday night Mr. and Mrs. Harry Humphries entertained a group of Legion friends in his honor. They were Mr. and Mrs. Oscar Hagen, Mr. and Mrs. George Duncan, Mr. and Mrs. Sim Eitel, Mr. and Mrs. Adams, Mr. and Mrs. Joe Pound and Glen Fox. Cards and refreshments were enjoyed.

Injury Prevention Rewarded

A big moment for President John A. Brown, right, of General Petroleum corporation, was when he handed Ray Wheeler, head of the company's natural gasoline department, the awards of the National Safety Congress and the American Petroleum Institute for an outstanding national record in accident prevention. Wheeler's department has rolled up a total of 833 days, or 600,000 man-hours, without a single lost-time injury to any man.

Double Recognition Granted Coast Oil Company

Scoring an almost perfect record for accident prevention during the first six months of 1933, the natural gasoline department of General Petroleum corporation, producers of General Four-Star gasoline, has been awarded not only the first place bronze plaque in group B at the recent National Safety congress in Chicago, but also the American Petroleum Institute certificate for having completed the entire year of 1932 without an accident involving loss of time.

The National Safety congress award was based upon the best showing according to size of company in a contest covering the first six months of the current year. During this period General Petroleum's natural gasoline department, under the management

of Ray Wheeler, accumulated a total of 125,895 man-hours without an accident serious enough to cause a single day off. This record is considered perfect by the congress.

In presenting the API certificate to Wheeler on behalf of his company, John A. Brown, president of General Petroleum, pointed proudly to the fact that it granted recognition of two group records—one, no accident involving loss of time during 1932, and two, a greater number of man-hours accumulated than any other like department in this particular group. Total man-hours during the year, he stated, were 252,050.

Although the API award dealt only with the gas department's record for 1932, it was pointed out by Wheeler that his unit had maintained an unbroken record from April 28, 1931, to August 8, 1933, a total elapsed time of 833 days, or close to 600,000 man-hours, without a single lost-time injury.

West Salem News

WEST SALEM, Nov. 28. — Because of the Thanksgiving holidays, with no school Friday, December 1, the regular meeting of the Parent-Teacher association will be postponed until Friday, December 8.

Mrs. H. A. Cross, Miss Ruth Butler and Miss Jennie Sigurdson comprise the program committee. About 20 men began work Monday morning on the drainage project that was approved by the Polk county committee on CWA, and George Chapman is supervising the labor. They made fine progress in their first day's work in clearing and ditching, with the work beginning at the Glen Creek and Wallace roads and proceeding just at the base of the terrace up

and four brothers, all of this locality. The remains will be brought to Stayton and funeral announcements will be made later.

Mr. and Mrs. S. T. Guyer and son James Robert of Jefferson, have moved into the residence on Kingwood next to the city park. He is employed in a garage in Salem.

Mrs. Robert Mitchell, local chairman of the Red Cross, made a report on last year's Red Cross

work in this vicinity. The Missionary society has placed a beautiful quilt that is to be sold.

MEDICAL ADVICE

If you want to... keep the bowel action regular and comfortable... make constipated spells as rare as colds... avoid danger of bowel strain... use a liquid laxative

Can constipation be overcome? "Yes!" say medical men. "Yes!" declare thousands who have followed their advice and know.

You are not apt to cure your constipation with salts, pills and tablets, or any habit-forming cathartic. But you can overcome this condition just by gentle regulation with a suitable liquid laxative.

Dr. Caldwell's Syrup Pepsin has the average person's bowels just as regular as clockwork in a few weeks' time.

Why Hospitals use a liquid laxative

The dose of a liquid laxative can be measured. The action can be controlled. It forms no habit; you need not take a "double dose" a day or two later. Nor will it irritate the kidneys.

The right liquid laxative will bring a perfect movement, with no discomfort at the time, or afterward.

The wrong cathartic may keep you constipated as long as you keep on using it!

In buying any laxative, read the label. If it contains a doubtful drug, don't take it. If you

don't know what is in it, don't chance it. The contents of Dr. Caldwell's Syrup Pepsin is stated plainly on the label; fresh herbs, pure pepsin, active senna.

Its very taste tells you syrup pepsin is wholesome. A delightful taste, and delightful action. Safe for expectant mothers, and children. Drugstores have it ready for use, in big bottles.

THE TEST:

This test has proved to many men and women that their trouble was not "weak bowels," but strong cathartics!

First: select a properly prepared liquid laxative. Second: Take the dose you find suited to your system. Third: gradually reduce the dose until bowels are moving of their own accord.

Dr. Caldwell's Syrup Pepsin has the highest standing among liquid laxatives, and is the one generally used.

IT TAKES HEALTHY NERVES TO BE A FOOTBALL REFEREE

M. J. ("MIKE") THOMPSON, FAMOUS FOOTBALL REFEREE

IF YOU WANT TO SEE nerve strain, look at "Mike" Thompson's job—refereeing two tons of football brawn, seeing every detail, but never getting in the players' way. "Mike" Thompson has been a steady smoker for years. "I'm open-minded on cigarettes," he says, "but I've got to keep my nerves in shape, so I stick to Camels."

Steady Smokers turn to Camels

M. J. ("Mike") Thompson, football's most famous referee, has to keep his nerves healthy. He says: "Because nothing can be allowed to interfere with healthy nerves I smoke Camels. I have tried them all—given every popular brand a chance to show what it can offer. Camels don't upset my nerves even when I

smoke constantly. And the longer I smoke them the more I come to appreciate their mildness and rich flavor." Many smokers who have changed to Camels report that their nerves are no longer irritable... "jumpy." Switch to Camels yourself. You will find that Camels do not jangle your nerves—or tire your taste.

IT IS MORE FUN TO KNOW

Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.
