Public Wary With Fresh Eggs Scarce: General Trading Lively

PORTLAND, Nov. 28. (AP)-Sitnation in the egg trade is becoming desperate from the standpoint of storage holders who are bewildered at their inability to make faster unloads. The situation is desperate on account of the known fact that a considerable volume of the so-called fresh eggs, are nothing but cooler stock and are getting quite smelly.

Complaints of consumers were being unheeded by distributors of eggs and retailers claim that the public is beginning to 'lay off' eggs because of their inability to secure fresh eggs if they pay for them.

Complete failure of the law to protect consumers, retailers and honest distributors is now acknowledged. There were really no establish-

ed prices on eggs today. Artificial prices created by coninued buying of all surplus by the government are continued in the butter trade here. There continued a mixed buying price on butterfat here.

Much better demand was showing for chickens in the wholesale Butter — Prints, extras 24c, standards trade as a result of shortage of 23c pound. turkeys and the advanced price on the latter. All sorts were in favor.

ity and country sales of foodstuffs was general here. Demand during the last few days has been exceptionally favorable. Unexpected increase in supplies of home grown apples has been shown here, resulting in sales of jumble pack being sold at the season's low price. Packed stock

NEW YORK, Nov. 28. (AP) -Stocks and most commodities retired into neutral territory today after early firmness which apparently had been stimulated by the treasury's resumption of dollar depreciation through the medium of its gold price.

Final prices averaged a bit algher, but the turnover of only 1,010,071 shares reflected the hesitancy of traders. Grains finished irregularly lower. Silver was strong again. U. S. Steel, after rising %. closed unchanged, and industrials

mostly finished with inconsequential changes. DuPont ex its regular and extra dividends, was up nearly one. Dome, Cerro de Pasco and American Smelting did slightly better, while U. S. Smelting gained 2 net.
