Magic Charity

The Great Raymond, World-Known, Starts Five-day Show Dec. 6

There is a real reason why the members of the Salem Lions club believe in Santa Claus. They are going to have a charity fund tree this year that will surpass all previous efforts.

But it took the world's most famous magician to do the trick. While scouting around for an idea that would help materialize this charity fund The Great Raymond, dean of all magicians, appeared on the screen and offered his services. Therefore he will be presented at the armory, starting next Wednesday, for a five day engagement and the profits of the show will go to pay for the Lions' charity fund.

The Great Raymond comes here with his complete show - a production that has won him renown the world over and for which he has been decorated no less than 18 times by the crown heads of Europe. It will be a show that will combine all forms of magic from the deep mysteries of India to the simple tricks of faraway, China.

In his repertoire of magic The Great Raymond will reproduce his "metempsychosis", heralded as the absolute limit in magic, a trick that is still the bewilderment of all magicians and which puzzled the late Thomas A. Edi-

The Great Raymond is the man who for 12 years was the court illusionist to his majesty Alphonso XIII, king of Spain. Who has appeared before and was decorated for his outstanding performance by King Edward VII, King George V, King Albert of Belgium, the King of Italy, the King of Siam, the Mikado of Japan, the late Czar of Russia and the late Empress of China.

In his presentation of magic The Great Raymond is said to have no equal. His repertoire of tricks offer not only mystery but humor and educational features To augment his program he will present here Litzka, international harpist, formerly soloist to the Boston symphony orchestra.
