

# Grocers Feature Kaffee Hag Coffee

**COUPONS TOWARD PURCHASE MAILED**

The distribution of the Statesman today including the extra green copies is **14,283**

Of interest to local housewives this week will be the offer of the Kellogg company of Battle Creek, Mich. This nationally known concern has mailed coupons to Salem homes which entitle the customer to fifteen cents towards the purchase price of a pound can of Kaffee Hag coffee.

The Kellogg company has just recently spent a million dollars in the construction of a new factory for the manufacture of this coffee in Battle Creek, Mich. They now use nearly 10,000,000 pounds of green coffee a year.

Kaffee Hag is a blend of the finest coffees obtainable and is put through a process whereby the dirt and harmful coffee wax are removed. Then a 72 hour process takes out 97 per cent of the drug caffeine. The elimination of this powerful drug permits the drinking of Kaffee Hag at all hours without loss of sleep, it is said.

## Beer Gardens Closed Till Fee is Paid

WEST SALEM, Dec. 7 — At the council meeting this week, Chief of Police J. A. Gosser reported the failure of Saxton's place and the Robert Crawford's to furnish bond for the sale of beer, according to law, and the closing of the Luddington beer garden. They were ordered closed until they conform to the legal requirements.

G. Elmer Vosburgh explained a proposition whereby West Sa-

lem might offer a building site for the linen mill now being considered for Oregon. It was decided that Colonel C. A. Robertson, and Mayor Newrent should look into the feasibility of the matter and confer with John Frjosen, chairman of the industrial committee of the community club.

The question of lowering the Edgewater water mains six inches, to enable the highway development plan to proceed, was requested along with other improvements in line with the CWA activities.

The franchise ordinance pertaining to the bus was given first and second readings, and the police department was instructed to look into the matter of securing a suitable place for impounding dogs.

## WHAT A FIND!

# A Mellow Coffee!

Surprising result, as new process gets bitter caffeine out of coffee

Simply marvelous, this new, mellow coffee. Such round, smooth, delicious flavor! So easy to make!

Kellogg chemists were given these orders: Get the caffeine out of coffee, yet retain all the delicate flavor oils. They solved the problem. And made a startling discovery. The new 97% caffeine-free coffee was marvelous-tasting. Smoother. Mellow. Could be overcooked. Hurried. Yet never a trace of bitterness.

Explanation? Simple. Nearly five grams of caffeine in every pound of coffee. That's what often gives an unpleasant bitter taste to coffee. Take out 97% of bitterness . . . and you have mellow flavor.

If you've been thinking of trying Kellogg's Kaffee-Hag Coffee . . . and saving your stomach, nerves, heart . . . try it now. Get this finer coffee-pleasure . . . today!

Ground or in the bean . . . Vacuum packed. Satisfaction or money returned. At your grocer's . . . or send 15c for trial can. Kellogg Co., Battle Creek, Mich.

This shows, actual size, the amount of caffeine extracted from one pound of coffee by the Kaffee-Hag process. It is a white crystalline drug . . . and it has a very bitter taste.
