Denial Filed—General denial to allegations contained in the complaint was filed in circuit court yesterday in the case of the Federal Land Bank of Spokane against Bertha Atkins.

CRAWFORD HEARD IN OWN DEFENSE

Aubrey C. Crawford, defendant in the involuntary manslaughter charges growing out of the death of Roy Gilbert last May, took the stand in his own behalf late yesterday in an attempt to refute damaging testimony that he was intoxicated at the time of the crash.

Crawford strengthened the state's case considerably in his testimony when he admitted having taken two drinks of "one swallow each", at a dance at which he was playing, several hours before the crash. He denied, however, having had any more liquor or having broken a bottle of liquor as state witnesses declared.

Crawford noticed the Gilbert car, which he said was moving about 35 miles an hour, when he was 10 feet from the intersection and the death car was in the intersection, he testified. In an attempt to avoid the accident, Crawford turned with the Gilbert car but hit the rear end of the machine, he said. He reported that he had applied the brakes which halted the car but momentarily and then "let go".

The state closed its case against the defendant early yesterday and the balance of the day was taken up with defense testimony. One more witness remains to be called before the attorneys start their closing arguments to the jury.

A Proven TRUTH!

More and more men are learning that clothes tailored in Salem are just as good... and cost less... than those tailored in many larger cities.

SCHOOL LANDS ARE IMPROVED

New Gymnasium Going Up for Hubbard Youths; Tennis Courts too

HUBBARD, Dec. 8.—Construction work on the gymnasium is progressing nicely, but has been somewhat held up this week because of the "extreme weather. All concrete work will be finished and the walls will be erected by the end of the week. It is expected that the gym will be ready for use about the first of February. It is being built on the land purchased recently from Miss Lena Kester by the district.

Two double concrete tennis courts are to be built on the new ground lying between the highway and the gym. In order to facilitate the making of the courts, it will be necessary to remove the two of the large maples which lie north of the lawn. About a year ago these maples were pruned, leaving only the trunk and the base of the larger branches. This was done to save the trees from death resulting from dry rot, but destroyed the beauty of the trees.

Maples Must Go
These maples and those which border the school-lawn were planted by the late Lewis Dayton about 50 years ago when he owned the property. The Hubbard school district bought this land from the late Milton Kester in 1914, and soon afterward built the present school building upon it.

Other improvements which are being made are the removal of

the unfertile soil from the lawn and the replacement of it by good dirt. This will facilitate the growth of a lawn and will also aid the shrubbery. The shrubbery planting was begun by the Woman's club two years ago and additions are being made to it from time to time.

Apparatus Installed
A small plot of ground lying east of the play-shed has been graveled, and swings, bars, and teeters are installed there. The dirt from the lawn and from the excavation for the gym has been placed on the baseball diamond. This will raise the diamond so that water will drain off of it more easily.

This work is being financed by appropriations by the district and by CWA funds. The majority of the labor is being done by delinquent taxpayers and relief workers. These improvements will add greatly to the usefulness and beauty of the school, and will also put money into circulation.

Candidates for Credit Group's Offices Named

Candidates for offices of the Salem Credit association, election for which will be held at a dinner meeting next Friday night, were announced at the luncheon meeting, yesterday, as follows:

For president: Forrest Holladay, A. E. Robins and George Allen; for vice-president: Miss Laura Cheney, Mrs. Hulda V. Liedstrom and Mrs. Tom Gallo-way; secretary, Miss Erma Wilcox; board of directors: Floyd White, James Clark, J. P. Weiser, Elmer Baldersee, Miss Alva Allison, Miss Edna Lucker, Miss Katie Regier and Dr. J. Vinton Scott.

MRS. A. HALVERSON HEADS AID SOCIETY

Group Honors Mrs. J. M. Jensen on Occasion of Her Birthday

SILVERTON, Dec. 8.—Mrs. A. Halverson was elected president of the Immanuel Ladies' Aid society at its annual election held Thursday afternoon. Other officers chosen were vice president, Mrs. K. Funrue; secretary, Mrs. Oscar Olsen, treasurer, Mrs. Roy Solum and assistant treasurer, Mrs. H. Klev. Mrs. Funrue will have charge of the self denial offering and Mrs. Iver Moen of the mission box offering. Funds from the aid society were divided between the missions, the pension and the home budget.

A pretty feature of the Thursday afternoon meeting was a specially decorated table for Mrs. J. M. Jensen whose birthday was Tuesday. Gold tapers and flowers and a large birthday cake added to the festiveness of the occasion. Tuesday members of the Im-

manuel Guild surprised Mrs. Jensen and presented her with a Grecian star quilt made and quilted by the Guild members. Miss Hilda J. Olsen, past president of the Guild presented Mrs. Jensen with the quilt and Mrs. Jensen responded.

During the refreshment hour, Mrs. Sam Lorenzen, president of the group, poured with Miss Olsen, Mrs. A. Aarhus and Mrs. H. B. Jorgensen assisting.

Credit Policies Issue is Raised By Association

Looking toward the establishment of a community credit policy, the Salem Retail Credit association may shortly ask all cooperation of the Business Men's league and chamber of commerce to that end, it was revealed at the Credit association meeting yesterday noon.

Other Pacific coast towns are adopting credit policies, ideas of which will be submitted to the NRA headquarters for consideration in the credit code. At the luncheon meeting yesterday, L. R. Schoettler outlined the community credit policy suggested by Spokane.

VICKS PLAN FOR BETTER CONTROL OF COLDS

VACATION SLATED FOR MILL WORKERS

SILVERTON, Dec. 8.—The Silver Falls Timber company mill will close down December 16 for the holiday season. While it is not definitely decid-

ed how long the mill will be down officials said Thursday night that it would likely be for three weeks as considerable repair work is to be done, particularly to the boilers.

The logging camps have closed for the season and the loggers came out Wednesday afternoon. The planer mill will run according to orders received, as it has been running.

NEW FORD V-8 for 1934

THE UNIVERSAL CAR

The New Ford V-8 for 1934 is now on display at the showrooms of Ford dealers. Surpassing even the great Ford of 1933 in economy, beauty and comfort, it is truly the car of this modern age—the culmination of thirty years Ford progress. It combines the proved performance of the V-8 cylinder engine with two important new features—Dual Carburetion and perfected Clear-vision Ventilation. See this car today and drive it at the first opportunity.

OUTSTANDING IMPROVEMENTS IN THE NEW FORD V-8

BETTER PERFORMANCE. Greater power, new speed, quicker acceleration, smoother performance, more miles per gallon especially at higher speeds, and quicker starting in cold weather—all these result from the new dual carburetor and dual intake manifold. New waterline thermostats enable the engine to warm up more quickly and to maintain an efficient operating temperature. Added engine refinements reduce oil consumption, further improve operating economy and reduce maintenance costs.

NEW VENTILATION SYSTEM permits clear vision, prevents drafts and provides desired amount of fresh air in any weather. Individual control for front and rear side windows. When ventilation is desired the window glass is raised to the top. Then the handle is given an additional half-turn. This slides the glass back horizontally to form a narrow slot, as illustrated. Through

this slot air is drawn out by the forward motion of the car. This simple ventilation system maintains draft-free circulation, insures passenger comfort, prevents fogging windshield in cold or stormy weather. Both windshield and cowl ventilator can be opened to supply additional air needed for comfortable warm-weather driving.

DISTINCTIVE NEW APPEARANCE enhanced by the newly designed chromium-plated radiator shell and grille, new hood louvers, new hub caps. Interiors are attractive, with new tufted upholstery, new mouldings, new cove-type headlining, new instrument panel, new arm rests, new hardware. Swivel-type sun visors in De Luxe bodies prevent glare from front or side.

FENDERS IN COLOR. On De Luxe cars fenders are in color to harmonize with body colors—wheel colors

optional. New enamel finish on all bodies and fenders has greater wearing quality and more enduring luster.

GREATER RIDING COMFORT results from increased spring flexibility. The spring leaves are newly designed for quieter and easier action. Shock absorbers are improved. Seat cushions are deeper, with new, softer springs. New type, individual bucket seats provide increased comfort for front-seat passengers in the Tudor Sedan. Adding to comfort is the new driving ease of the 15-to-1 steering gear ratio.

PRICES REMAIN LOW—Tudor Sedan, \$535. Coupe, \$515. Fordor Sedan, \$585. De Luxe Tudor, \$575. De Luxe Fordor, \$625. De Luxe Coupe (5 windows), \$555. De Luxe Coupe (3 windows), \$555. De Luxe Roadster, \$625. De Luxe Phaeton, \$550. Cabriolet, \$590. Victoria, \$610. (All prices f. o. b. Detroit.)
