Pattern

By ANNE ADAMS When your figure is heavier than you'd like to have people know, your frocks must be chosen with care—this applies to the home, too. The model sketched -really nice enough to wear for afternoons-has been designed to give perfect proportion and a straighter, more slender silhouette. This is achieved by the clever use of contrast, the surplice line of the bodice and the snug hip yoke. You might choose tubbable prints with monotone contrast, or fashion the frock en-

irely of one color. Pattern 1535 is available in sizes 36, 38, 40, 42, 44, 46 and 48. Size 36 takes 21/2 yards 36 inch fabric and 1% yards contrasting. Illustrated step-by-step sewing instructions included.

Send fifteen cents (18c) in coins or stamps (coins preferred) for this Anna Adams pattern. Write plainly name, address and style number. Be sure to Address orders to The Oregon tatesman Pattern Department, 215
