The OREGON STATESMAN, Salem, Oregon, Saturday Morning, December 9, 1933

Sales Tax Bill for Schools Passes House by 39-21 Vote

Marion Delegation Opposes Measure: Education Need Stressed in Debate

The privilege or sales tax bill. providing for a one and one-half per cent levy on all gross sales the stream of legislative pro- tive: not the indefinite "relief gress. Dr. Knox listened intently of tangible personal property and upon utility service, designed for at the senate debate Friday mornthe relief of the public schools. ing. He is a man of medium was passed by the lower house of the legislature Friday by a decis-

ive margin of 39 to 21. If approved by the senate it will be referred to the voters for final decision.

The bill is designed, its sponsors say, to raise between \$2,500,-000 and \$3,000,000 annually and to prevent a financial break-down in the state's elementary school system.

The fight for the sales tax was led by Representative Lonergan of Multnomah county who said the time had arrived when something tangible would have to be done to insure an education for the children of this state.

"The members of this legislature were called to Salem to provide relief for the schools and the unemployed," Lonergan declared. "We already have passed bills for unemployment relief and it is now incumbent upon us to provide funds for the schools. Any person who would throttle the elementary educational system is not true to the fundamentals of our government. Teachers are holding unpaid warrants and many schools will be forced to close if relief is not provided."

Figures submitted by Lonergan showed that there are now 441 school districts in the state whose warrants are delinquent for more than a year.

"The argument that the voters of Oregon previously defeated the sales tax is bosh. The same voters defeated the income tax law on five different occasions but it is now a law."

Lonergan said the tax and revenue committees had searched every source for school revenues and that the bill now before the house was the only one that would provide actual relief.

Representative McCornack reviewed briefly the work of the tax and revenue committee in its ef-

height, about 45 years old, with black hair, iron grey at the temples. A studious, serious appearing fellow, he wears the rimless nose glasses characteristic to a scholar. He is carefully, conservatively groomed. His face is brown. His eyes are penetrating.

He listens as intently as a surgeon might follow a lecture on dissection. In his own profession Dr. Knox is respected. His practice is large. An anti-prohibition-

ist for years, he has nevertheless realized the curse of uncontrolled liquor and has sought to perform a public service in the new control following repeal of the 18th amendment. For a number of

years he has been Governor Meier's personal physician, attending him in the illness the governor underwent two years ago.

Early Friday morning the senate gallery was crowded in anticipation of the Knox control debates. Inside the rail were various partisans of the lobby. Attentive sat George Neuner, former United States district attorney, who rushed to Salem Thursday when the Van Winkle opinion came out . . . Wilbur Henderson, leader of the druggists,

a former Multnomah county representative. Mrs. Julius L. Meier left her apartment at the Royal Court to be a careful listener as she sat near Senator Franciscovich. Standing in the gallery was

Arnold Blitz, Portland brewer, more interested in the pending tax on 'eer and wines than in the Knox control measure. Near to Senator Corbett sat Hal M. Moore of The Oregonian, ill these

last few weeks and now pale and a bit drawn, with a streak of black mustache standing out as one saw him across the chamber.

"The saloon is dead: slaying

forts to outline a plan for school relief.

The bill was opposed by Representative Hilton on the ground that a sales tax was defeated by a vote of nearly four to one less than a year ago. "There are other methods through which funds for the schools could be raised.' Hilton averred. "This tax is a sop, and Governor Meier has demanded its approval regardless of the previous action of the voters. The proponents of this bill are tax-eaters and not taxpayers."

Representative Gordon declared that the argument for diversion of other state funds for school relief were not sound.

A charge that the sales tax bill was tied onto the schools as a means of arousing sympathy was voiced by Representative Abrams.

"I am disappointed in our tax and revenue committee," Abrams "This bill, it it had been said. found necessary, should have been reported out a week ago. It is unfair to ask the members of this legislature to pass on such an important measure with such scant consideration. There has been no change of sentiment in Marion county since the sales tax was defeated last July.'

The plight of the farmer was stressed by Representative Nichols. He said the sales tax was in the interest of the agricultural group, "If you don't pass this law there are a large number of farmers in Oregon who will lose their property," Nichols continued. "It is certain that the farmers of Oregon cannot pay any more property tax.'

Other house members who spoke against the bill were Representatives Beckman, Paulus, Oleen and Cooter.

Speakers for the bill also included · Representatives Snider, Clarke, Scott, Winslow and Judd. The vote follows:

For-Belton, Best, Brockway, Chrisman, Clarke, Dam-Duerst, Gordon, Gouley, Graham, Hall, Herman, Herron. Hill, Horan, Huntington, Judd, Keasey, Lonergan, McAlear, Mc-Closkey, McCornack, McPhillips, Miller, Nichols, Oakes, Paget, dale, Taylor, Turner, Walker, Weatherford, Wells, Winslow.

Against-Abrams, Allen, Beckman, Bennett, Cooter, Deeich, Dickson, Eckley, Hilton, Johnson. Lynch, Martin. Lang, Lewis, Lynch, Martin, Oleen, Paulus, Ryan, Snedecor, Staples, Wyers and Snell.

Under the provisions of the bill the tax would be passed onto the consumer and would not affect personal or professional service or wages. The law would expire on July 1, 1936.

Bill to Permit Loans to Cities Loses in House

from his school budget, but even so, a far higher levy for schools this year was necessary. He is

hopeful that a greater state base will be provided for the schools. Meanwhile he is happy that a bonded debt of \$212,000 in effect when he took control at Tillamook, has been reduced to \$39,-000 and that by next summer this will be \$10,000 less.

The school men, belatedly, were rallying to the sales tax Friday. Some one had sent out the word and the clan was on hand. A comprehensive outline of HB 110 had been laid before each member by E. F. Carleton, executive secre-

tary, Oregon State Teachers association. Noted in the lobby were Rex Putnam, Albany superintendent; Fred Wolf, Salem high

school principal; Miss Winifred Graham, red-headed secretary to Mr. Howard.
