

WOOD TO ORGANIZE FOR TRUCK OWNERS

Named Secretary, Will Meet Local Operators During Next Ten Days

Tom Wood, who for years has been connected with the automobile and truck business in Salem, has just been elected secretary of the Association of Commercial Truck Owners, an association being organized throughout the state as a non-profit association of owners of commercial vehicles whose primary interests are to effect through cooperative buying a saving to each member on their purchases of gas, oil and the compulsory insurance, made necessary to carry on all vehicles operating under the state truck and bus law.

As the time is short in which to arrange for group insurance to be issued in time to enable all to get their licenses by the first of the year, it is necessary that every truck owner get in touch with Mr. Wood at 840 Commercial street in Salem, at the very earliest moment, that each one may be informed as to the details.

Mr. Wood has been asked to act as district supervisor for Marion and Polk counties, which comprise district No. 2 in the state, and in donating his time in this connection until such time as the membership of this district may have the opportunity to effect a permanent organization as a part of the state association.

In order that every one can be contacted, Mr. Wood states that he will be at his office at the above address each afternoon for the next ten days devoting that time to anyone interested in this association.
