## Pattern

When you're past the "thirties" the mode has charming fashions to offer you. Frocks that reflect the dignity and charm of your age, frocks that are gracious and flattering to the figure as well as up-to-the-minute with chic—these are the prize-winners of skilled designers. Such a model is sketched today— isn't it lovely? It boasts simple lines, smart revers, comfortable sleeves and slender skirt seaming. The back is cut in one piece, so you see how easily the frock can be made. Wash silk or cotton prints are most appropriate.

Pattern 1738 is available in sizes 36, 38, 40, 42, 44, 46, 48 and 50. Size 36 takes 3 1/2 yards 39 inch fabric and 1/2 yard contrasting. Illustrated step-by-step sewing instructions included.

## SANTIAM JOB MAY BE DONE BY STATE

### Bids are High; Report by Construction Engineer Sought by Baldock

A report on the 4.24 mile-grading project between Mill City and Gates will be sought by R. H. Baldock, state highway engineer, from E. G. Smith, department construction engineer, before the commission determines how it will handle the work. Baldock announced this procedure yesterday. He indicated there was considerable likelihood that the state would do the work on force account unless more favorable contracts could be obtained.

Last week the department's lowest bid on the job, an integral part of the North Santiam highway, was \$95,000 or \$20,000 more than allotted under FWA funds for the job. Contractors state that they could submit lower bids if the work did not have to be done during the winter season.

Low bids on three secondary road bridges in Marion county were also referred to Baldock, but the contracts are being held up only until the county has cleared up matters of right-of-way. Members of the county court said Monday that little had been secured to all property needed for right-of-way with the exception of one small piece of land, for which they expected to close a deal Tuesday.

The bridges are to be located on the Cascade highway over the Abiqua river near Silverton; over Butte creek on the Woodburn-Mt. Hood highway east of Woodburn, and over Pudding river on the Hillsboro-Woodburn highway near Woodburn.

Delay in awarding the contract for straightening, widening and paving the Pacific highway from the north end of the Molalla river bridge through Canby to connect with the newly improved section extending north from that town is due to the fact that Union Oil and Southern Pacific company officials have not yet signed the necessary right-of-way agreements, Baldock said.

## Tozier Rings in Hillsboro's New Year 62nd Time

Albert Tozier, well-known in Salem, pioneer of Oregon and until last year caretaker at Champeoog park, rang out 1933 and welcomed 1934 for the 62d consecutive time at the Methodist church in Hillsboro Sunday.

There were several historic events in connection with the worship service before the midnight hour, which were in charge of the Rev. Leroy Walker, pastor. The speaker was the Rev. W. S. Gordon, retired Methodist clergyman, who as a boy used to help Tozier toll the bell on New Year's eve. Dr. Gordon was converted in the Hillsboro Methodist church and joined its membership along with a group of Sunday school boys taught by Mother Crandall, who is still living in that community.

Abe Mickal, Louisiana State university's fine sophomore full-back made a perfect record in 24 ticks for extra point after touchdown this year.
