Gotham's New Police Head

With the appointment of General John F. O'Ryan as Police Commissioner of New York, the nation will have an opportunity to see how a soldier deals with the crime problem. General O'Ryan, who commanded the 27th Division in France during the World War, has announced he will run the Police Department according to army standards, stressing discipline as the essential qualification in his officers and men.

Abolishment of the so-called "blue" degree is expected, for the general is known to be opposed to it, believing it inflicts disrespect for the law into the men paid to uphold it. Besides being a soldier, General O'Ryan is a lawyer of note, aviation enthusiast and business man.

SILVERTON, Jan. 3. - The Silvertown postoffice report completed January 1 shows practically \$400 less in receipts than the 1932 report. The cancelling machine showed approximately 300 missives less.

Business conditions including the closing of the First National bank and of Fischer's Flouring mill at Silvertown, have done much to lessen the receipts, according to Reber Allen, postmaster.

But, whereas the receipts and cancellations have decreased, the postal savings show a remarkable gain. Assisting Mr. Allen in the office are Miss Ina Harold, Mrs. E. M. Johnson and Roland Cooley.

COTTON STOCKS IN DOWNWARD FLURRY

Power Output, Freight Loads Compare Favorably With 1932 for Week

NEW YORK, Jan. 3. (AP)-Stocks, wheat and cotton flurried downward this afternoon following a placid, featureless morning.

The speculative reaction in stocks, which came while the president was reading his message and while financial news tickers were featuring Governor Lehman's witty recommendations to the New York legislature, lasted barely a quarter of an hour and much of the ground lost was quickly recovered, the average net loss being approximately a point. Turnover was only 1,399,940 shares.

American Telephone, Consolidated Gas of New York and Public Service of New Jersey closed with losses of slightly over a point each. Du Pont, American Can, U. S. Steel, Harvester, Union Carbide, New York Central, Chrysler General Motors, National Distillers and Bethlehem Steel were off major fractions to approximately 1 1/2 net. U. S. Smelting, National Biscuit, General Electric, Westinghouse, Continental Can and Celanese were fairly steady to somewhat higher by closing time.

Christmas week brought the usual drop in power production and freight car loadings from the preceding week but made favorable comparisons with 1932, just as they had been doing since last spring.

Butter Deal Down Cent Here

1 1/2 CENT CUTS IN PORTLAND REPORTED

Salem markets were quiet Wednesday, save for a downward tilt in the butter deal. Butterfat went down a cent, to 16 cents; and printed and cubed dropped a cent and a half, to 19 1/2 and 21 1/2 cents, respectively.

PORTLAND, Jan. 3. (AP)-Butter priced dropped 1 to 1 1/2 cents during the late session of the produce exchange. This action was expected and in fact overdue as there appeared no reason for maintenance of the previously advanced quotation a side from manipulative purposes.

Increased make of butter has been shown locally for a week or so therefore prices were held at the high point as a stop to speculators.

Butterfat was down 1c lb. in line with butter declines.

Trading in the egg market was increasing here with more fresh stock available and continued decrease in offerings out of store.
