POWER COMPANIES' SALARIES REDUCED

Thomas Makes New Order; Joint Officials of 4 Firms Are Involved

Proposed 1934 salaries of officials of the Pacific Power and Light company who also serve in a similar capacity for the Portland Gas and Coke company, the Inland Power and Light company, and the Northwestern Electric company, were ordered reduced from \$165,609.50 to \$120,170 by Charles M. Thomas, state utility commissioner Friday.

Service fees to holding companies aggregating \$99,500 were disapproved. These service charges, all payable to the Electric Bond and Share company, were apportioned on the basis of \$45,500 to the Portland Gas and Coke company, \$18,500 to the Pacific Power and Light company, and \$35,500 to the Northwestern Electric company.

Contributions of \$14,015.67 listed by the Pacific Power and Light company, Portland Gas & Coke company, and the Northwestern Electric company were approved by Thomas, provided they were paid by the stockholders and not by the rate payers. The donations included \$1944.50 by the Pacific Power & Light company, \$7231.17 by the Portland Gas and Coke company and \$4840 by the Northwestern Electric company.

Thomas held that the statements of alleged services were general in nature and contained no information as to the character and kind of service required by the utilities during the year 1934.

The salary of Paul B. McKee, president of the four utilities, was ordered reduced from \$29,160 to \$16,000 a year.

Other salary reductions affecting officials of the utilities follow:

The salary of Guy W. Talbot, ex-president of the Portland Gas and Coke company, aggregating \$7800, was rejected in its entirety.

Gold Pieces are Taken to Banks

Small amounts of gold ranging from \$5 to \$50 in value and consisting largely of \$5 and \$20 gold pieces, are being turned in to local banks following recent orders against gold hoarding by the federal government.
