Easy Pattern to Cut

MAGNOLIA PATTERN 562
When a quilter is looking for a quilt that is so lovely in design that she will be proud to claim it as her handwork, and yet at the same time wants a pattern that is very simple to do, she selects the Magnolia. As the greater part of the pattern pieces are the same width, the material can be cut in strips, and the patches cut out as needed — a saving of much time and labor. Not alone is the pattern an easy one to cut, but it is a very simple block to make.

Glenns Composed of 80 Voices

The Eugene Glenns, 80 voices strong, who will appear in concert here Friday night at the armory, are amateurs in the best sense of the word. That is, they sing for the love of it. On the other hand, the greater number are men of a good deal of experience, ex-college club men from all over the United States.

The Glenns are devoted entirely to community service. In the three years of their organization they have extended their sphere of influence far beyond Eugene and have been highly successful in their "goodwill concerts" in other cities. Their schedule this season includes Corvallis and Portland as well as Salem. All proceeds from the concerts go to local benefits.

Suit for \$10,000 in damages by Richard Groening, administrator of the estate of the late Marjorie Ann Groening, was begun in circuit court Monday before Judge L. H. McMahon. O. F. Johnson is defendant. Considerable testimony was taken on behalf of the plaintiff before court closed for the day.

Plaintiff holds defendant liable for the condition of a tire on his car. She sustained injuries which allegedly resulted in her death January 16, 1933. ASYLUM HITS PEAK OF 2270 INMATES

Population peaks have been reached at the state insane hospital and the feeble-minded institution in Oregon this month. It was announced by officials at the two state institutions.

With 2,270 in the state hospital here, the building's capacity was taxed to the limit. This number exceeds all other previous high peaks, it was reported. The capacity of the income hospital in eastern Oregon, with more than 1,000 inmates, was also taxed.

The feeble minded institution population Monday stood at 907. Dr. Roy Byrd superintendent, announced, passing the 900 mark set as the previous record peak.

The increase in both was declared caused partially by the condition of the times. The depression has brought more cases to light and inability to care for feeble minded or slightly insane has added this burden to the state, Dr. Byrd said.
