

**GREETINGS TO F. R.
SENT BY CWA MEN**

Birthday greetings to President Roosevelt are going forward from CWA project workers. Workers on projects 8 and 9, Otto Hoven and L. E. Hennies, foremen, wired:

"The workers on CWA projects 8 and 31 Marion county Oregon representing 60 families wish to thank you for your assistance and wish you a happy birthday and many of them. More power to you, Mr. President."

Nineteen men who are employed on the West Salem project sent a message yesterday to Mr. Roosevelt, as follows:

"We who are employed under the West Salem project in Polk county wish to express to you our deepest thanks for the work given us under the CWA program. There are many heads of families working on this project, and it is impossible to tell what happiness,

comfort and encouragement this means to us and our loved ones. We hope and expect that our congressmen from Oregon will loyally support your programs as you place them before congress. Your courage, sympathy and great understanding will lead us on to great happiness and a greater nation."

A post-script adds: "May each January 30 for many years find you commemorating a healthy and happy birthday anniversary."

CONDITION IS CRITICAL
MONMOUTH, Jan. 18.—Buddy De Lapp, 9, foster son of Mr. and Mrs. E. M. De Lapp of Monmouth, is in a critical condition following an operation New Year's day at a Salem hospital for a ruptured appendix. The family came to Monmouth less than two years ago from Idaho.

REPAIR BRIDGE
RICKREALL, Jan. 18.—The county bridge crew are repairing the bridge by the William Morrow farm this week. The entire foundation is being renewed. Dial Tate of Dallas is supervising.

**DEPRESSION TOPIC
FROWNED ON, EAST**

Depression talk heard by George M. King on a fortnight's eastern shoe buying trip was as scarce as Hitlerites in Jerusalem, he reported yesterday after his return. King represented the Buster Brown shoe store here and its affiliates throughout the state at the annual shoe show, formerly held at Chicago but this year conducted at St. Louis.

"Men on the trains and in the hotels are not talking depression," King said. "If you raised the topic you were frowned on. There are many evidences of better business; sales at the shoe opening in St. Louis were unusually heavy."

King said that at no time on his trip was he asked for a donation by a street vagrant. Roosevelt is popular as a president. NRA is working well in the lar-

ger trades and is being rigidly observed. King said there were some strikes in St. Louis and rumors of more to come as workers sought higher wage payments.

A peculiarity of the spring and summer shoe trends is the great demand for white shoes; probably 50 per cent of the buying was for whites, King averred. He said one customer had probably set the reason; white is more cheerful than brown colors which have heretofore been popular.

**Bellinger Speaker
At Credit Meeting**

Dr. Grover C. Bellinger, superintendent of the state tuberculosis hospital here, will be the feature speaker at the meeting this noon of the Retail Credit association, sessions of which are held in the Masonic temple banquet hall. Dr. Bellinger will describe the work being carried on at the institution.

RETURN TO HOME
BRUSH COLLEGE, Jan. 18.—Mrs. Victor Olsen and infant

daughter, Stina Joan, who was born December 14, have been guests at the home of Mr. and Mrs. John Schladler, grandparents of the baby, since her arrival, but moved to their home at Brush College last week.
