Make This Heirloom

Among the many quilt designs, there are some that stand out in the understanding that they become the heirlooms of the generation that possesses them. Orange Peel is one of these. Its hexagonal block is formed of two pattern pieces. Simple to make—lovely in its interlocking pattern—it has indeed every right to become an heirloom. Any quiltmaker, at a glance, can see that the pleasure of making this handsome pattern will be as much as possessing the finished quilt. Though shown in three materials, this design would also readily lend itself to the use of scraps of material.

Pattern 609 comes to you with complete, simple instructions for cutting, sewing and finishing, together with yardage chart, diagram of quilt to help arrange the blocks for single and double bed size, and a diagram of block which serves as a guide for placing the patches and suggests contrasting materials.

Send 10 cents for this pattern to The Oregon Statesman Needlecraft Dept., 215 South Commercial street, Salem.
