

CONTINUING ADULT EDUCATION TALKED

Registration for February is Planned Though Funds Not Yet Assured

Registration plans for a possible February term of CWS classes were announced to students at Wednesday night's sessions at the high school building.

Persons not now enrolled in any one of the 12 night school courses offered under the Civil Works service scheme for employing teachers and offering educational advantages to adults may register Friday night at the regular meetings of their classes.

No guarantee is given by T. T. Mackenzie, vocational education head here who is in charge of the federal school, that the 14 classes for which application has been made will be offered. However, should approval be granted, Mackenzie will be prepared to open the second term of classes with teachers selected and students enrolled.

Application has been made for approval and funds for the operation of classes in the following subjects:

Shorthand, a continuation of the present unit; advanced short-

hand; salesmanship; prospecting and mining; a repetition of the present unit; business English and grammar; accounting; commercial art; practical nursing; repetition of present unit; landscape gardening; sewing, the second unit of the proposed series; public speaking; blueprint reading and trade mathematics; economic problems of today; business law, everyday commercial law for laymen.

More than 500 adults are registered in the January classes.

Dorothy M. Geer Final Rites are Slated Saturday

STAYTON, Jan. 25. — Dorothy Maude Geer was born in Minnesota, February 6, 1893, and came to Oregon when nine years old. She lived in the Union Hill section where she attended school, later studying at Krapps school in Salem and upon completion of her work there taught school until her marriage to W. H. Carter, June 28, 1907.

To them two sons were born, Darrel E., who passed away at the age of 13 and Norval, who with her husband survive.

Funeral services will be held at the Weddie chapel, Saturday at 1:30 and burial will be at Union Hill.

Mrs. Carter died suddenly at her home Wednesday, apparently from a paralytic stroke.

'Neath Electric Moonlight

This tender scene between Rudy Vallee and Alice Fay is reel romance, and was enacted as cameras ground and klieg lights blazed during filming of the musical production in which they played leading parts in Hollywood recently. Despite charge of Fay Webb Vallee, crooner's estranged wife, Rudy and Alice deny there is any romantic attachment between them.

BLASTING DRAINAGE DITCHES EXPLAINED

Digging drainage ditches with dynamite is usually an economical method only where a tractor or team cannot be used, but in such places the work can be done quickly and well and at fairly reasonable cost, says Art King, extension soils specialist at Oregon State college.

Methods of blasting ditches have changed greatly in the last few years, since the passing of the surplus low powered war explosives, says King. Now the accepted practice is to use dynamite running 50 to 60 per cent nitroglycerine. Single sticks of this kind are put in the ground along the line of proposed ditch, and placed shallow instead of three to four feet underground, as was best with the slow powder.

When properly placed in wet ground, such a charge may be set off by firing a single stick with a cap, King explains. The result is a ditch 3 1/2 to 4 feet deep and 8 to 12 feet wide, costing from 6 to 10 cents a foot. The water in the ground the better the job. In fact, some standing water is no handicap.

Mr. King does not recommend home use of this method unless the aid of the county agent or other experienced person is obtained. Blasted ditches are used only where running water will keep them open, and not for collecting seepage.

Funeral Slated This Afternoon For J. W. Nipple

STAYTON, Jan. 25. — Funeral services for John Wesley Nipple will be held at the Weddie chapel Friday at 2 p. m. Interment will be in the Lone Oak cemetery here. TRANSIENT TRAVEL SHOWING DECREASE

Transient travel through Salem apparently has decreased around 50 per cent over this time last year, figures given yesterday by R. R. "Bob" Boardman, local transient relief supervisor, indicated. Boardman attributed the drop to the federal government's efforts to take men and boys off the road by either sending them to their homes or to concentration camps.

While a year ago to have 80 men a day apply for food and shelter was not above average, at present approximately 45 men and boys are now being cared for there each day. Until the last few days, the figure had dropped to around 20 a day, Boardman said.

Ten boys now being held at Hotel de Minto will be sent home as follows: Three to Wilder, Idaho, two to Wisconsin, one to Ohio, one to Missouri, one to San Francisco and one to Los Angeles.

Others will be sent to the "B" Ranch concentration camp near Molalla within a week or so.
