EXCHANGES CLOSED

NEW YORK, Jan. 31. - (AP)-The outstanding development of price of eggs. the financial day - President Roosevelt's proclamation devaluing the dollar to 59.06 per cent of its old parity-came an hour after markets here had closed with stocks lower under profittaking.

Wall Street had been prepared for a reduction to 60 per cent, so that the actual figure was something of a surprise. The first available reaction locally was in foreign exchanges which scrambled hastily to readjust themselves to what appeared to be a new situation; on the Pacific coast stocks turned strong. With the treasury ready to sell gold again on an exchange basis, it was quickly inferred that the United States had adopted a gold bullion standard for international purposes and that the dollar was back on a more workable keel.

Stocks were obviously a bit tired after their recent vigorously conducted excursions upward, and the net decline for the averages, 1.3 point, was the largest since late December. A number of leaders yielded to a point or so and a few dropped more extensively. Exceptions to the rule were noted chiefly in specialty sections, particularly aircrafts and alcohols. Volume totaled 3,130,847 shares, about a million under Tuesday's

A Lincoln day birthday for Marion county republicans is being considered by Chris J. Kowitz, chairman of the central committee, he announced yesterday. Kowitz said he would discuss the proposal with members of the executive committee of the county republican organization. If a dinner is not held, a number of republicans plan to attend the Lincoln day dinner in Portland where Chester Rowell, editor of the San Francisco Chronicle, will be the

principal speaker. Kowitz said he intended to call ne county central committee together some time before the May primaries. B. W. Macy, secretary, is now living in Spokane, Wash., 18e pound. Sweet cream 5c higher. L. G. Altman, M. D. Homeopathist.

CHICAGO, Jan. 31.-(AP)-Almost 2 cents a bushel break in wheat values today followed four days of continuous advance, but late rallies partly overcame the losses.

Various observers said the wheat market had become at least temporarily overbought, and that a reaction was to have been expected. It was pointed out that on a gold basis the international wheat price is yet 17 cents below the figure at which lower tariffs were to become effective in lead-

ing countries. Wheat closed unsettled, %-1 1/4 under yesterday's finish, corn 1/4 -1/2 down, oats 1/2-% off, and provisions showing 2 cents to 5 cents

Today's closing quotations: Wheat-May, 91%-%; July. 90 %-14; Sept., 91 1/4. Corn-May, 52%; July, 54%-14: Sept., 55 %. Oats-May, 37%; July, 37;
