_____ War veterans pensions which had been cut under the terms of the economy act have been restored to the extent of \$21,000,-000. The increase, which affects 228,000 veterans, was actuated by the president's desire to correct inequalities to veterans who had actually been disabled through their military service. Veterans who were totally disabled in service will receive \$100 per month instead of \$90, and proportionate increases have been granted those suffering with less than total disabilities.

CHICAGO, Feb. 16. - (P)-Rallies in the wheat market today, responsive to upturns of securities, gave wheat values a final

semblance of strength. Most of the time earlier, though, sagging of grain prices formed the rule, with traders showing a prenounced disposition to avoid new ventures. The general drift of gossip was that contrary to recent belief, no radical legislative measures affecting stock and commodity exchanges were expected at Washington, For the time being, nevertheless, all speculative demand except around the opening and close, was reduced today to almost the vanishing point in wheat and other

grains. Wheat closed firm at the same as yesterday's finish to 4c higher, corn 1/2-1/2 down, oats 1/4 c up, and provisions varying from 5c

decline to a rise of 7c. Today's closing quotations: Wheat: May 90%-%c; July, 9%-%c; September, 90%c. Corn: May, 51%-%c; July 53°c; September 55%c. Oats: May, 36 %c; July, 36 %c;

September, 25 % c.

NEW YORK, Feb. 16 ... -.. (AP) ... -Stocks were higher on balance today, although much of the advancing was done by specialists. Realizing sales helped tone down the market elsewhere.

With the bond composite making a new high for the year, business news of a cheerful nature? and Washington advices indicating some in congress fel the present regulatory measure was not the final word in that direction, sentiment still seemed to favor the advance. Profit-taking was a factor during most of the day, notably toward the close. The stock market's average net change was a small fractional gain, turnover amounting to 2,773,710 shares. · Chicago & Northwestern was an

on the day. Consolidated Gas and North American were down nearly a point. Howe Sound and American Smelting backed up about as much and U. S. Smelting, after reaching another record high at 135 1/2, eased slightly. Petroleums doubtless recalled recent favorable dividend actions to which
