The Largest user OF FINE TURKISH TOBACCOS

...one reason why Luckies taste better, smoother

In Turkey too, only the finest tobaccos are selected for Lucky Strike—the mildest leaves, the most delicate, the most aromatic. Lucky Strike is the world's largest user of fine Turkish tobaccos. Then these tender, delicate Turkish leaves are blended with choice tobaccos from our own Southland—to make your Lucky Strike a cigarette that is fully packed—so round, so firm—free from loose ends. That's why Luckies taste better, smoother. "It's toasted"—for throat protection—for finer taste.

From the Diamond Horse-Shoe of the Metropolitan Opera House Saturday at 1:35 P.M., Eastern Standard Time, over the Red and Blue Networks of NBC, LUCKY STRIKE will broadcast the Metropolitan Opera Company of New York in the complete Opera, "TANNHAUSER."

NOT the top leaves—they're underdeveloped—they are harsh!

The Cream of the Crop "The tenderest, mildest, smoothest tobacco"

NOT the bottom leaves—they're inferior in quality—coarse and always sandy!
