

## MAY ABANDON NAVAL BASES IN PHILIPPINES

### U. S. May Withdraw Completely From the Islands

### Negotiations in Progress Look to Independence in 15 Years

WASHINGTON, Feb. 21.—(AP)—American abandonment of all military and naval bases in the Philippines is contemplated in the new administration compromise plan to gain Philippine acceptance of the Hawes-Cutting independence law and final settlement of the 36-year-old freedom dispute. It was learned today that United States capitulation to objections raised by Filipino leaders against United States' retention of these bases is proposed in the plan now being discussed by cable between Washington and Manila.

An early announcement of developments is expected. Under the Hawes-Cutting law the United States was bound to surrender all territorial control in the Philippines, except such military or naval bases as had been reserved by presidential decree.

This raised a protest by Filipino leaders who claimed such retention would nullify efforts to neutralize the islands and would effectively continue the islands under United States control, at least from a military standpoint.

This and other objections caused the Philippine legislature to reject the Hawes-Cutting law, which elapsed last month because of non-acceptance.

It was learned today the United States now is prepared to promise absolute withdrawal from the Philippines, thus abandoning her key position in oriental waters. This withdrawal would take place at the time of establishment of the republic, which would be about 15 years hence.

At present Manila is the headquarters for the American Asiatic fleet, but the United States under the Washington disarmament agreement cannot fortify naval bases in the islands. The United States maintains several thousand army troops in the Philippine camps, but these are not used for colonial policing.

American naval chiefs frequently have said the United States could not hold the Philippines in case of a war with a major oriental nation.

## REVOLT IN SENATE MAY RESTORE PAY

WASHINGTON, Feb. 21.—(AP)—Thirteen democrats joined an almost solid lineup of Republicans in a Senate revolt against the economy act today and by a single vote put through a proposal to restore the whole 15 per cent federal pay slash on July 1.

The victory encouraged the combination of republicans and democrats who want to go farther than the administration on veterans' benefits, which will come up tomorrow for decision, but democratic leaders saw a possible veto if the house concurs in the liberalization.

Senator Byrnes (D-S. C.), leading the administration fight on the economy sections, opened up the bill to new veterans' legislation when his motion to suspend the rules was adopted by a 50-40 vote, which was pending at adjournment is far less liberal than many amendments offered from both sides of the aisle.

The vote to restore one-third of the federal pay cut, involving an additional \$26,000,000, effective from February 1 to July 1, came before restoration of the full 15 per cent after that date, which will cost another \$189,000,000, was 41 to 40.

The 13 democrats voting for this proposal, offered by Senator McCarran (D-Nev.), were joined by Shipstead of Minnesota, the farmer-labor member, and 26 republicans.

One republican—Consens of Michigan—voted with 39 democrats in opposition.

The 13 democrats who bolted the administration cause were Bone, Bulow, Copeland, Costigan, Dill, George, Long, McCarran, Neely, Reynolds, Thomas, Oklahoma; Thomas, Utah; and Van Nuys.

## SEC. ADAMS DENIES STOCK OWNERSHIP

### Congress Committee Probes Bidding on Government Airplanes

BOSTON, Feb. 21.—(AP)—Charles Francis Adams, secretary of the navy under the Hoover administration, today denied he ever had owned stock in the Douglas Aircraft company or in any other aircraft company.

Earlier in the day at Washington, J. H. Kindelberger of Santa Monica, Cal., vice-president of the Douglas company, told the house aviation committee Adams owned 500 shares in that concern on November 30, 1933, eight months after leaving office.

Navy representatives already had told the committee the Douglas company did \$4,288,000 worth of business with the department between 1929 and 1932 and for eight months in 1933, at a profit of 21 per cent.

The former secretary has accepted an invitation to appear before the committee to tell what he knows about naval airplane contracts, but the date for his appearance has not yet been determined.

WASHINGTON, Feb. 21.—(AP)—Congressional committees today obtained new evidence which a member said suggested irregularities in the proposed purchase of \$7,500,000 worth of airplanes by the army, and began delving into airplane company stockholdings of a former secretary of the navy.

A house naval subcommittee heard J. H. Kindelberger, vice-president of the Douglas Aircraft company of Santa Monica, Cal., testify that Charles Francis Adams, secretary of the navy from 1929 to 1933, owned 500 shares of Douglas stock.

Kindelberger said he did not know when Adams obtained the stock but Chairman Delaney (D., Turn to page 2, col. 4)

## GERMAN ACTRESS WINS ROYAL HEART

LONDON, Feb. 21.—(AP)—The love of the young Swedish prince Sigvard for a blonde German film actress prevailed today against the strenuous opposition of his family.

Sigvard sent a special envoy of his father, Crown Prince Gustaf Adolf, back to Sweden with a firm declaration that he and Frauloin Erika Patzek will be married in Caxton Hall registry office here March 8.

Laughing gaily at royal persons who believe princes should marry princesses, the young couple planned to obtain a special license and become plain Mr. and Mrs. Bernadotte.

BERLIN, Feb. 21.—(AP)—Anton Patzek's apartment, with furniture piled against the inside of the door, was besieged tonight.

Many efforts to get a word with the family of Erika Patzek, blonde movie actress, whose Prince Sigvard has chosen for his wife, were unsuccessful. All day long there were knockers at the door of the apartment in an unpretentious building in the Wilmerdorf district.

The only answer was a noise, like a dull thud, as more and more furniture was piled up inside to prevent an entrance. The Patzek family simply refused to be interviewed, and they unhooked the receiver of their telephone.

LONDON, Feb. 21.—(AP)—The engagement was announced today of the young Earl of Suffolk and Mimi Crawford, a beautiful dancer.

The earl, Charles Henry George Howard, is a grandson of the American Levi Leiter, Chicago merchant, and owns 10,000 acres at Wilshire.

## Death of Judge Gives New Angle In French Case

### PARIS, Feb. 21.—(AP)—The slaying of a prominent judge and a police announcement that Serge Stavisky may have been an international spy opened new chapters today in the sensational \$40,000,000 Stavisky pawnshop bond swindle.

The body of Judge Albert Prince, who had worked on several financial scandals and was to have been a witness in the Stavisky investigation, was found, mutilated, on a railroad track near Dijon. He was bound. A bloody knife was found nearby.

Authorities said they were probing the possibility that "Handsome Alex" Stavisky acted as an international spy, telling secret information to Germans and using money agents.

A secret service report has been submitted to the judge in Bayonne, but confirmation of the charges was not available tonight.

Police declared that Judge Prince, of the court of appeals, had been trapped by a faked telephone call that his mother was ill in Dijon, that he left Paris in answer to the message, and that he had been slain en route under mysterious circumstances.

Police said assassins killed the judge in the compartment of his Dijon-bound train and threw the body out of the coach into the path of another train.

WASHINGTON, Feb. 21.—(AP)—Stockholders of the American Telephone and Telegraph company, will receive approximately \$42,000,000 in dividends on April 16 as a result of the declaration by the directors today of the regular quarterly payment of \$2.25 a share.

## HOLD TRAMBITAS IN WATERS CASE

George Trambitas of Portland, whom police said formerly was an inmate of the state prison here, was returned here yesterday afternoon by city and state officers for investigation in connection with the attempted burglary of the George Waters store here early Tuesday. On the police blotter he was booked as charged with burglary.

A third man believed implicated in the Waters case is still being sought. John Doe Miller, reported arrested in Portland for similar investigation, apparently had no part in the local case, police said last night.

When arrested in Portland Trambitas had in his automobile a case of cigarettes and search of his home revealed a brace and bit and a keyhole saw, police said.

John Albin, caught by Police Officer Winslow early Tuesday morning in the act of climbing to the roof of the Waters store, pleaded not guilty when arraigned in justice court yesterday afternoon. Albin is charged with burglary not in a dwelling and will be given a preliminary hearing Tuesday, February 27, at 1:30 o'clock. He is in jail in lieu of \$2000 bail.

## Claim Intruder Was Murderer

CRIMINAL COURTS BUILDING, Chicago, Feb. 21.—(AP)—The way was paved today by defense counsel in the second trial of Dr. Alice Lindsay Wynkoop, accused of slaying her daughter-in-law, Rheta, for a defense based on the theory that the 23-year-old wife of the defendant's son, Earle, was slain by an intruder in the basement operating room of the Wynkoop mansion. A mistrial ended the first hearing of the case when the defendant's physical condition became critical.

The flat assertion that Dr. Wynkoop did not see her daughter-in-law from 2 o'clock on the afternoon of the murder until she discovered the body on an operating table that night was made by W. W. Smith, defense attorney, in his opening statement to the jury.

## IOWAN FOILS KIDNAPERS IN CHICAGO HOTEL

### E. P. Adler, Davenport Publisher, Escapes Assaults Who Had Trained Him

### One Man Caught; Confesses Plan to Ship Victim in Trunk

CHICAGO, Feb. 21.—(AP)—Charles Phillips, alias Fred Mayo, arrested after an unsuccessful attempt to kidnap E. P. Adler, 61, newspaper publisher of Davenport, Ia., confessed tonight, and said he intended to hold the victim for \$40,000 ransom, state's attorney's police announced.

Phillips, who with a companion, severely blackjacked the aged publisher as he stepped from his room in a downtown hotel, named as his accomplice, one "Jack Wyman."

Police immediately began a search for the fugitive Wyman, who fled after Adler tore loose from his attackers in the hotel corridor.

Phillips, after his arrest, had maintained the attack was motivated by robbery, but broke down after several hours questioning and admitted the extortion plot, according to Sergeant Thomas Kelly, of the state's attorney's staff.

The prisoner gave the address of a sixth side flat building, where he said it was planned to hold Adler prisoner until the ransom demands were met.

A police squad was dispatched to the address.

## Henry Pu-Yi Hopes TO GOVERN CHINA

HSINKING (Changchun) Manchuria, Feb. 21.—(AP)—Henry Pu-Yi Manchuria's chief executive who will become emperor of the new Manchurian empire March 1, hopes the new dynasty ultimately will form the nucleus of a great monarchical restoration for the whole of China, his friends said today.

He believes the time will come when he will, for the third time, rule over that great area in which more than one-quarter of the population of the world lives. The last of the great Ching dynasty twice lost the position of sovereign of China.

Mr. Pu-Yi is looking forward with confidence and enthusiasm to the honors of emperorship, despite the many barriers to personal happiness and official freedom which stand in his way.

There is constant danger of assassination at the hands of persons who charge the former "boy emperor" of China "sold out" to Japan in becoming head of the Japanese-nurtured state.

In addition to his seeling against him, the Chinese masses appear to have little sentiment for the re-establishment of a monarchical form of government for greater China, foreign residents assert.

## PLAYERS FIGHT IN HOCKEY GAME

### Referees Flee to Basement to Escape Angry Crowd; Calgary Given Victory

PORTLAND, Ore., Feb. 21.—(AP)—In a hockey game with all the added aspects of a Donbrook fair, the league leading Calgary team was awarded a 1 to 0 default victory over the Portland Buckaroos here tonight when Manager Bobby Rowe, Portland manager, refused to let his team continue against what he described as overwhelming odds against him at the hands of the referees.

When the game was called midway in the third period, Calgary was leading 3 to 2, by virtue of one extremely questionable goal. A few moments after this had been scored, and in a tangle of Portland defenders and Calgary wingmen, Max Sutherland of Calgary cracked Goalie Rheuma of Portland across the back with a stick.

Rheuma leaped from his net and for 15 or 20 seconds the two battled all over the Portland scoring zone.

Meanwhile Rusty Hemmerling, big Portland defensive player, jumped on Jack Bennett, referee from Portland, cornering him behind the net. Hemmerling pounded him with lusty wallops to the head and the two fell to the ice, the pommeling continuing.

In the west end zone spectators partially broke through retaining screen as the referee administered punitive jabs at firemen trying to calm the riot.

This melee ended with a match penalty against Hemmerling, but Rheuma and Smith went free. A match penalty disqualifies the (Turn to page 2, col. 3)

## HALL IS DENIED STUDENT LEAGUE

EUGENE, Ore., Feb. 21.—(AP)—Branding the organization as "communistic," Leslie M. Scott, grand master of Oregon masonry, today barred the "students' league against war and fascism" from meeting in Craftsman club building on the University of Oregon campus.

Members denied their organization was communistic, declaring the only issues involved in discussions of the group were war and fascism. The group repaired to the "Y" but held its meeting.

At last night's meeting the group rejected a motion to add the word "communism" to the things opposed. The action meant keeping the club free from that subject and was no fostering of communism, it was explained.

Scott said denial of use of the hall was "in no way a reflection on the student organization," but that he believed the Masonic prohibition should not be the scene of meetings that might bring controversy.
