

EGGS FOR COOLERS GAINING IN DEMAND

Slight Price Advances are Suggested; Butter Firm; Chicken Call Active

PORTLAND, March 31. (AP)—Demand for eggs to go into coolers was increasing while supplies were not adequate to take care of the needs.

Advance of 1/2 to 1c dozen in the buying price was suggested in spots for eggs to go into storage and for those that have even better quality than usual, a further premium was offered.

In a late advice to the trade, Edna B. Reed, head of the Oregon Laid Eggs & Poultry, said demand for quality eggs was increasing daily. The price has been bolstered to secure these needs with 17c being offered for extra specials, 14c for extra firsts, 15c for extra mediums, 12c for pullets and 10c dozen for undergrades.

While some of the retailers were still quoting so-called extra eggs below the established buying price of wholesalers, the latter's selling values, the general market price appeared fairly well sustained for quality.

Firmness has followed recent weakness and price loss in the local butter trade. In fact such betterment was practically general along the Pacific slope. Easter business has been unusually heavy.

Quite keen demand for chickens continued in the live poultry trade at the weekend. Prices were firm all around with Easter business above expectations and a shortage of poultry shown in some lines.

Active demand was continued in the market for dressed turkeys locally and especially for good quality, which was extremely scarce inasmuch as the season for such offerings was about over.

Only the fact that country shippers refused to overload the market during the past week kept the price on spring lambs at recent figures. Yearlings and old crop were inclined easier.

More active local trading in potatoes has followed the almost general sharp cut in sales prices to retailers recently. Shipping demand was still of small volume.

Agricultural experts say horses and cattle often become infected with internal parasites when grazed on the same pasture year after year.

MILL CITY CHURCH ENGAGES PASTOR

MILL CITY, March 31.—(Special)—The annual congregational meeting and election of officers as well as pastor was held at the Presbyterian church last night, preceded by a potluck supper.

Rev. J. McAuley acted as moderator for the first part of the meeting and Mrs. W. W. Allen as secretary. Clyde Rogers was elected as elder for a term of three years, and Harry Mason and Mrs. W. W. Allen as trustees, each succeeds himself. B. W. Jewell was also reelected superintendent with Mrs. Jimson as assistant; Mrs. James Swan was reelected secretary-treasurer, with Mrs. Fred Vaughan as assistant; Mrs. Otto Geertsen reelected superintendent of the primary department, with Mrs. A. F. Catherwood as assistant; Mrs. Robert Anderson, superintendent of the cradle roll, and Mrs. Alma Smith, superintendent of the home department.

Reports of the different officers for their departments for the past year were read and accepted. The church shows a good growth in all departments and also in attendance. During the year a furniture has been needed addition to the church, the manse has been papered and pointed inside, and other improvements made. The Aid and Missionary societies have had an unusually good year.

It was the unanimous decision of the congregation to ask Rev. McAuley to remain as pastor of the church for the coming year, and to also give him a small increase in salary. Since last fall Rev. McAuley has been acting as supply minister of the church.

At the Easter services Sunday morning Dr. Wallace Howe Lee of Albany college will speak. A sacred cantata will be presented in the evening.
