Healthy

... Happy ... Wise!

COUNT those friends of yours who get a lot of happiness out of living. Health helps them see the bright side of things—smooths over the every-day bumps. They're happy because they're healthy.

Downcast days frequently follow common constipation. It may cause headaches, loss of appetite and energy. Yet it can be overcome usually by eating a delicious cereal.

Laboratory tests show Kellogg's ALL-BRAN supplies "bulk" and vitamin B to aid regularity. ALL-BRAN is also a

rich source of blood-building iron.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. Special processes of cooking and flavoring make Kellogg's ALL-BRAN more palatable than ordinary bran.

Two tablespoonfuls daily are usually sufficient. Chronic cases, with each meal. If not relieved this way, see your doctor.

Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

IMPORTANT

One important thing to remember in buying a bran product for the relief of constipation—is to look at the label. The Food and Drug Administration has advised that all bran products should state clearly on the package just what they contain.

Kellogg's ALL-BRAN—because it is all bran with only flavor added, gives you the generous amount of "bulk" needed to promote proper elimination.

Keep on the sunny side of life
