

# Waterfront Strike at Stalemate; New Effort Planned

## MEIER NOT TO CALL MILITIA

### Won't Call National Guard Unless Strike Trouble Gets Out of Hand

(Continued from page 1)

Meat-arms stepped between the two.

"Do you think I'm going to let men be beaten up on the streets without doing anything about it?" Carson demanded.

"Waterfront employers will wait until Monday to try to break the strike," Governor Meier told newspaper men after the conference at the city hall.

"If city and county officials are unable to maintain order the state will have to take a hand."

When asked if that meant troops would be called out he replied:

"I didn't say that."

Records of the state military department here show that the last time the state troops were called out in Oregon, other than for war service, was on October 5, 1905, to quell a Greek riot at Roseburg. The rioters were employed by the Southern Pacific company.

The call for military assistance was sent to Governor Chamberlain by Douglas county officials after the Greeks had shot and killed the wife of a Southern Pacific section foreman, and had threatened to destroy railroad property. Approximately 200 Greeks were involved.

Governor Chamberlain, in his order, called out Company D of the first separate battalion, stationed at Roseburg, which was under the command of Fred W. Haynes, now operating a drug store in Douglas county. The militia rounded up most of the Greeks, who were detained in a warehouse for two days.

Three or four of the Greeks later received penitentiary terms while the others eventually were released.

Troops previously were called into action in the year 1896, to quell a fishermen's riot at Astoria. Governor Lord issued this call.

## ELKS' CIRCUS WILL BE UNUSUAL EVENT

Having "sold themselves" on the idea that the Elks' circus which is dated for the week of May 26 is to be the liveliest event of its kind ever staged in Salem, the members of the order are all trying to outdo each other in the selling of tickets and their efforts are meeting with such success that indications are for a capacity crowd at the armory for the entire week of the circus engagement.

There will be 20 professional circus acts, the pick of the biggest circuses in the country. After the successful circus the Elks staged here two winters ago they decided that this year's circus would have to be better, bigger and more stupendous. And so after due consideration and investigation of the different circuses of this type it was decided to book the West State Circus company which has been playing under Elks and Shrine auspices only. Advance men are here making all necessary arrangements for the coming affair. A Warren Jones, exalted ruler and general chairman has all of the committees selected.

## CHACO WAR GROWS; EUROPE LINK SEEN

(Continued from Page 1)

Paraguay retaliated today by sending bombing planes over Bolivian lines. Each nation has accused the other, before the League of Nations, of violating the practices of civilized warfare.

The reaction in Europe was a startlingly unexpected. Authorities at Geneva pointed to Great Britain's recent declarations favoring a large air fleet to defend the British Isles as indirectly linked to the aerial warfare in the Chaco.

It was pointed out that London, which was bombed by zeppelins during the world war, was now immeasurably more open to attacks from the air because of the developments in military aviation.

French political leaders, likewise let it be known they were in favor of stronger arms developments for their nation.

## Vaudeville to Be Offered Monday

Monday night Chemeketa Players, Inc. will inaugurate a new type of entertainment in Salem. For one week vaudeville acts will be presented on the stage at Nelson auditorium, including tap dancing, novelty skating, magic and a wide variety of musical numbers, among them a Hawaiian trio, novelty solos and trio acts. The curtain will rise at 8:30.

**FINDS FISHING POOR**  
Fishing was poor on the lower Alsea river Friday, Sergeant J. L. Cutler of the Salem police department reported yesterday. He based the water level had not cleared up sufficiently from recent rains. Cutler was accompanied on the trip by Dr. Kenneth H. Waters.

## Our Guiding Light

By PAUL FREHM

Through tempests on life's troubled sea  
There shines a light no storm can smother  
To guide us through to safety—  
That beacon bright of hope—Our Mother.

Her prayers for us to heaven are borne  
And heeded there e'er any other;  
Her arms are open, when all forlorn  
We face that one safe port—Our Mother.

## 103 JOBS PROVIDED DURING PAST WEEK

(Continued from page 1)

were 5230 men and 551 women or eight more men and six less women than a week ago.

Manager D. D. Dotson yesterday issued a report showing the extent of the agency's service. During April nine men were sent to Benton county to work, ten to Polk county and one to a geological survey position and from May 1 to May 11, five to Polk county, two to Benton, one to Klamath and nine to Linn.

A check of the office files as of May 11 shows 46 Marion county men working on highway and PWA jobs in eight different outside counties and 53 persons who have previously been on the county relief rolls as now working at jobs secured through the reemployment agency.

The local agency in April placed 518 Marion county men and 29 women on jobs. It has topped the list in private placements more often than any other county in Oregon, according to Dotson.

## COUNTY HAS GOOD TAX PAYING STAND

Real and personal property but unpaid as of May 1, 1934, total \$2,000,158 according to a summary released yesterday by the state tax commission. Of this total, \$1,911,951 is for taxes of 1932 and prior years, leaving \$88,207 of the 1933 roll unpaid.

The percentage of delinquency on 1933 taxes is eight per cent; on 1931 is 18%; on 1932 is 26%. Compared with the state as a unit, Marion county stands high in its percentage of total tax paid to total tax levied.

The aggregate of tax delinquency in Oregon—the 1933 year excluded—runs \$30,000,000, exclusive of Multnomah county which has a delinquency estimated to be beyond \$10,000,000.

Carry county still has 74% of its 1932 taxes unpaid; Grant, Coos, Wheeler and Tillamook delinquencies range from 57 to 60% on the 1932 levies.

## Tennis Experts Of Salem Drub Corvallis Team

The Salem high school tennis team continued its victory march here Saturday, defeating Corvallis high 6 to 1.

Salem, beat Esconoc 6-1, 6-3; Wintermute, Salem, beat Howells 6-2, 6-3; Cater, Salem, beat Burns 6-2, 6-1; Bahlburg, Salem, beat Fenner 6-2, 6-3; Bachelor, Corvallis, beat Prime 1-6, 6-4, 6-4.

H. Beall and Wintermute beat Esconoc and Howells 4-6, 6-3, 6-3; E. Beall and Cater beat Burns and Fenner 5-7, 6-1, 6-2.

## NAVY CREW WINS ANNAPOLIS, Md., May 12

The navy crew defeated Syracuse university on the Severn river here, covering the mile and three quarter course to lead by a length and a half.

## Obituary

**Hilke**  
At the residence, 1185 Second street, West Salem, Friday, May 11, Frank Hilke, aged 77. Survived by widow, Augusta Hilke of West Salem and the following children: Mrs. Amanda Ford of Portland, Otto Hilke of Suwer, Mrs. Hilda Baum of West Salem, Bert Hilke of Nashville, Ore., Albert Hilke of West Salem, and Herbert Hilke of Independence; two brothers, Julius and Gus Hilke and a sister, Ida Land, all of Minnesota. Funeral announcements later by the Rigdon company.

**Thornton**  
At a local hospital, May 11, Clara J. Thornton, aged 31 years. Late resident of route 3, Salem. Survived by widower, Perry Thornton; daughter, Violet Leota Thornton; father, George Smith; five brothers and three sisters. Funeral services from the Clough-Barrick company chapel, Monday, May 14 at 1:30 p. m.

**Hughlett**  
Joseph Hughlett of 1145 North 16th street, at a local hospital May 12 at the age of 72 years. Survived by widow, Margaret Hughlett of Salem; two sisters, Mrs. Victoria Barnett of Tampa, Fla., Mrs. John Devers of Texas; brother, John Hughlett of Tampa, Fla.; daughter, Mrs. Vera Busch of Great Falls, Mont., Mrs. F. J. Kolar of Kansas, Miss Marguerite Hughlett of Great Falls; sons, Lloyd, Richard and Horton Hughlett, all of Salem. Funeral services Monday, May 14 at 10 a. m. from the Clough-Barrick company chapel. Rev. R. V. Wilson officiating minister. Interment City View cemetery.

## LaFollette May Bolt G.O.P. And Aid Third Party

MILWAUKEE, May 12. (AP)—From a source close to the progressive leadership in Wisconsin it was learned today that Senator Robert M. LaFollette had about decided to throw off the cloak of republicanism and cast his lot with a third party.

The senator was said to be prepared to seek re-election this fall on a third party platform and to espouse the organization of a new party at a statewide meeting of progressive leaders at Fond Du Lac next Saturday.

## MISSIONARIES WIN LA GRANDE, Ore., May 12

(AP)—Whitman college pounded out a doubleheader victory over Eastern Oregon Normal here today, winning the opener 12 to 3 and the nightcap 9 to 3 with a six-run rally.

## YOUR CHILD May HAVE WORMS!

Most mothers believe their children quite safe from Roundworm because of the extreme care with which they clean all food. Yet so many as 10 out of 100 children in some schools had worms, said U. S. Government experts who examined over 2000 children in various schools. (Govt. Bulletin No. 284)

There is no way to guard your child against this distressing condition. Not only food, but water, fruit and vegetables, and dirt, water, pets and playgrounds are sources of infection. Prevention is simple.

If your little ones are delicate, sickly, losing weight, slow to school; if they show belly, itch, digest and won't eat; don't nod or have them to eat. Their poor strength is likely being sapped, their weight reduced, growth stunted and minds dulled by these terrible worms, which multiply with amazing speed.

As soon as the worms have been expelled by JAYNE'S Vermifuge the child should begin to gain weight, strength and sleep at once. Millions of mothers are grateful for this remedy; a doctor's prescription known for 25 years. 25 million children have been well by wise, careful mothers to having no steady, happy, healthy, new consciences. Dr. Jayne's Vermifuge has been used by thousands of mothers to having no steady, happy, healthy, new consciences. Dr. Jayne's Vermifuge has been used by thousands of mothers to having no steady, happy, healthy, new consciences.

## BERRY RECIPES TO BE RECEIVED NEXT

While strawberries are at their best and are cheapest on the Salem markets is the time to experiment with hitherto untried recipes. Many Statesman readers are eagerly awaiting the publication of the prize-winning suggestions in this week's Recipe Round-Table contest. Meanwhile the good cooks of the city are preparing their most successful formulae for the use of fresh strawberries.

Jams and jellies are not to be entered; otherwise there are no exceptions. Recipes must list ingredients, method of combination and number served. They must be in the hands of the Recipe Round-Table editor by Wednesday night of this week. Mail them or bring them to the office.

Already reverberations are heard from the salad recipes published Friday and Saturday; they are good. Another received in last week's contest is herewith submitted:

- Delicious Spring Salad
- 12 small ripe tomatoes
- 1 1/2 cups raw cabbage
- 1/2 green pepper
- 3 green onions
- 1/2 cup mayonnaise
- 2 tbsps. sour cream
- 1 tsp. vinegar
- 1 tsp. sugar
- Pinch of salt

Peel tomatoes, scoop out centers, sprinkle a bit of salt into each and arrange on crisp leaf lettuce. Chop cabbage, green pepper and onions fine and sprinkle lightly with salt. Mix mayonnaise with vinegar, sour cream and sugar. Pour dressing over the cabbage mixture and mix thoroughly. Fill tomatoes and garnish tops with a bit of mayonnaise and parsley sprigs.

Especially good with fish dinners, this recipe serves four persons. Submitted by Hulda Schultz, 481 North Winter street.

## Young Bourbons Plan for Rally at Independence

INDEPENDENCE, May 12—Sloper's hall will be the scene of a large democratic meeting next Tuesday evening. The meeting is in charge of the Young Democratic club of Polk county.

Speakers invited to be present are: R. R. Turner, Bruce Spaulding, Taylor Dunn, Nicklas Zylstra, R. W. Hogg, J. D. Goss, W. A. Deitzel, and Fred Gibson.

Local arrangements are in charge of Dale Pomeroy and R. W. Baker. The Salt Creek Band will play.

## TOURS ARRANGED TO STUDY ALFALFA HAY

### Riches Directs Move to Aid Farmers in Substitute Crop Program of AAA

To study the most successful methods of growing alfalfa and the soil types to which it is adapted is the purpose of four field tours being arranged by H. L. Riches, county agent, to be held May 15 and 16. Proper methods of seed bed preparation, inoculation, value of lime, kind of seed to plant, time of planting, cultivation, and fertilization are some of the particular problems that will be studied.

So many farmers have expressed an interest in the growing of alfalfa this spring that a tour to see first-hand the most successful methods used in the county seems desirable. County Agent Riches stated yesterday. A little time spent now in viewing fields may save seed, time, and money in the future.

Alfalfa, because of its soil building qualities, fits well into the program of the agricultural adjustment administration. There are 300 farmers in the county who signed contracts to reduce wheat acreage and alfalfa is one of the crops which the administration approves planting on the contracted acre.

"We wanted to hold this tour earlier so that it might be of greater value to all farmers seeding alfalfa this spring, much of which has already been sown," Riches said. "Pressure of activity in completing the corn-hog sign-up and organization made this impossible. Many farmers prefer later seeding even up to June 15, as late seeding permits better control of weeds by frequent harrowing."

**Start at Clear Lake**  
The tours have been scheduled for those sections of the county which have the largest areas of alfalfa naturally adapted to alfalfa. The first of the four tours will start promptly from the Clear Lake school on the Wheatland ferry road at 10 a. m., May 15. Visits to three farms in this district will be made and one nine year old field will be inspected. Two farms with more than 100 acres of alfalfa each will be visited.

The same day a tour in the Hubbard-Woodburn district will assemble at the Hubbard high school and will leave there promptly at 1:30 p. m. In addition to alfalfa on this tour Ladino clover and Reed Canary grass pasture will be seen on the farm of Mrs. H. L. Carl.

On May 16 similar tours will be conducted in the Howell Prairie and Sidney districts. The Howell Prairie tour will start from the Central Howell school at 10 a. m. and the Sidney tour from Sidney school at 2 p. m.

Soil surveys show that no other western Oregon county has as large an area of soils adapted to growing of alfalfa as does Marion county, Riches indicated. There are more than 100,000 acres of the Chehalis, Newberg and Willamette soil series in the county, all of which, if properly handled, will grow alfalfa successfully.

In 1929 there were 1061 acres of alfalfa in the county, according to the census. While there are no accurate figures on present acreage, it is thought to be between 2000 and 3000 acres. This acreage could be profitably

## STRIKER IS KILLED IN SOUTHERN PORT

(By the Associated Press)

Violence broke out afresh yesterday in Texas and Pacific coast ports, where strike pickets cover the waterfront, leaving one striker dead and another wounded at Galveston.

The Galveston shooting followed a truce between longshoremen and most of the shipping companies. Three guards of the Clyde Mallory steamship line, one of the companies with which an agreement was not reached, were charged with murder and assault to murder in connection with the outbreak.

Twelve thousand men were ordered back to work in Texas and Louisiana ports, but longshoremen remained on strike for the fourth day on the Pacific coast.

A strike of 3000 workers at the New York ship building company plant at Camden, N. J., was ended when strikers and company officials reached a wage raise agreement.

Street cars got a heavy play at Cleveland, O., where practically all gasoline filling stations remained closed while representatives of the union station attendants and the oil companies agreed upon four points of a settlement plan.

Mediation averted a threatened

## NEGRO FIGURING IN KIDNAP CASE SLAIN

(By the Associated Press)

ST. LOUIS, May 12.—(AP)—John C. Johnson, 47 year old negro indicted with five others as a kidnaper of Dr. Isaac D. Kelley, abducted three years ago, was slain by machine gunners late today as he sat on the garage steps at the home of a deputy sheriff.

Three other persons were fired upon by the two machine gunners as they fled, but were unharmed. Johnson was killed instantly.

The negro had been staying with the deputy sheriff, Harry D. Newbold of St. Louis county, since his release on bond a month ago. It was understood he had been making his home with the officer for safe keeping because of a confession he supposedly made involving others in the kidnaping.

Officers said two machine gunners parked their car about 50 yards from the Newbold home, crept behind a low fence until they were within close range of the negro, then stood up and fired 12 shots from a submachine gun, eight of them striking Johnson. The killers ran across a field to their automobile and fled.

**BASS-HUETER PAINT**  
MADE BY THE MASTERS OF Dutch Boy WHITE LEAD

**... Don't be fooled!**

Paint that's too cheap "in the can" is too expensive "on the job." It won't wear as it should either in length of time or in looks. But Bass-Hueter Paint wears years and years. That's "cheap" in the right place—on the job!

Paint when the sun shines  
Warm dry weather helps any paint job. Paint now and rest content with your house for years to come. That's the job you'll get with
