

SILVER TO BACK UP DOLLAR IS SOUGHT

(Continued from Page 1)

"authorized" directed" to buy silver both in the United States and abroad to acquire the 25 per cent reserve.

The president is given permission to use the silver to back up the dollar, at a price not to exceed 50 cents an ounce, domestic stocks of silver.

The secretary of the treasury is "authorized and directed" to issue silver certificates against the purchases.

President Given Power to Buy Silver on Own Terms

The president is given full powers to acquire the silver on his own terms.

Some of the silver senators called a meeting today for a discussion of the plan and out of that conference came the likelihood that at attempt might be made to amend the measure when it comes up for discussion on the floor.

Pittman during the day proposed several changes in the bill, one of which would eliminate the tax and appropriation features to facilitate procedure. These provisions must originate in the house. Pittman said the amendments were satisfactory to the administration.

In addition to adding the silver states by increasing the price of the metal, the bill provides an inflationary power which the Nevada senator said might result in the issuance of an additional \$2,100,000,000 in new currency.

The directions to the secretary of the treasury to issue silver certificates against the bullion purchased here and abroad was regarded as mandatory.

The measure states that the amount of these certificates shall not be less than the cost of "all silver purchased."

The silver senators said it had been agreed that the valuation for the issuance of the certificates should be \$1.29 for every ounce of silver bought.

Some treasury experts said that their understanding was that if \$500,000,000 worth of silver was purchased, for example, that certificates to an equal value only would be issued.

PLANS FORMED FOR MEMORIAL DAY HERE

(Continued from page 1)

school, Sons of Civil War Veterans; Willamette university, Sacred Heart academy, Salem high school, Park Junior high school, and the following schools: American Legion; Lincoln school, St. Vincent's dePaul school, tuberculosis hospital and Englewood school, auxiliary to American Legion;

Leslie junior high school, Daughters of American Revolution, McKinley school, American War Mothers; Grant school, Spanish War Veterans; Yew Park school, Auxiliary to Spanish War Veterans; Richmond school, Daughters of Civil War Veterans; Girls' Training school, daughters of Civil War veterans; Garfield school, Auxiliary to Veterans of Foreign Wars; Chemawaw, veterans of Foreign Wars.

For the school appearances, each patriotic order will select its own speakers.

\$40,000 Mark in Building Passed in This Month

Twenty two hundred six dollars' worth of construction is called for in building permits issued here yesterday. This puts May over the \$40,000 mark in building.

The largest job is the alteration of the Oregon building, State and High streets, for Hawkins and Roberts at an estimated cost of \$2000. Sears, Roebuck and company is to install a branch store in the space used by the Metropolitan store several years ago. Cuyler Van Patten has the alteration contract.

Other permits were: Eugene Eckstein estate, repair building at 194 South Liberty street, \$165; Mary E. Nairn, repair, 2325 North Front, \$20, and Core E. Moffitt, re-roof dwelling at 2280 North Church, \$21.

Obituary

Bowe
Mrs. Bernice Bowe at the residence, 236 Leslie St., May 22, at the age of 53 years. Survived by the widower, D. J. Bowe of Salem; two sons, Owen of Salem, Samuel of Brownsville, Mont.; mother, Mrs. G. S. McFee of Salem; one sister, Olive Freeman of Marinette, Wis.; four brothers, E. A. Hamilton of Rickreall, C. F. Hamilton of St. Paul, Minn., Roy McFee of Marinette, Wis., and Stewart McFee of Salem. Member of the Scientist church. Funeral announcements later by the Clough-Barrick Co.

**CCC PROGRAM GIVEN
PRAISE BY SPEAKER**

The CCC program constitutes the finest accomplishment in the New Deal, George E. Griffith declared in an interesting talk to the Salem Kiwanis club Tuesday noon. Griffith handles public relations work for the United States forest service in this district.

He declared the CCC workers had definitely stopped a drift towards anti-American doctrines in young, unemployed men, had provided Oregon and Washington with nearly three years of accomplished work on a 10-year forest program and had done great economic, physical and social good for the young men who took to the CCC camps last year.

Griffith declared it was a stupendous job to mobilize, equip and place in the forests the 300,000 men called to the CCC camps last year.

He related interesting anecdotes about the experience of CCC officers handling back-east lads, many of whom had never been in a forest. In the main their work was gone, Griffith said.

The average CCC worker gained 12 pounds during his enlistment. Many of the boys learned a trade while in camp. Eleven million dollars' worth of valuable construction work was done last summer in the forests of the two northwest states and all fire fighting in national forests was handled by these boys. The speaker credited the CCC workers with holding fires in federal forests to 4700 acres during 1933, the lowest mark for the 23,000,000 acres involved in the records of the forestry department.

Article ten of the lumber code was praised by the speaker as a major declaration in the policy developed by the government of conserving and perpetuation of the forests of America. The article, which becomes effective next month, aims first, to protect forests from fire, and second, to provide a constant yield of timber by seeing to it that as much stumpage is grown each year as is cut for the mills.

SAM PROPOSES TO TAKE OVER HALLS

(Continued from page 1)

tiate all they want," the mayor said after receiving McGrady's request. "My advice is that they will be negotiating another 30 days. Meanwhile at Los Angeles shipping is operating 100 per cent, at San Francisco 50 per cent, at Portland and Seattle zero."

NEW YORK, May 22.—(AP)—The International Longshoremen's union won an overwhelming victory today in its controversy to determine whether the stevedores employed here by the Clyde-Mallory Steamship line were in favor of or opposed to the union representing them in collective bargaining.

402 Votes Out of 484
Farm Union Representation
In a plebiscite conducted under the auspices of the regional labor board the union received 402 votes out of 484 cast. Twenty-two votes were cast against the union and nine ballots were invalidated.

SAN FRANCISCO, May 22.—(AP)—The negotiation committee of the International Longshoremen's association today authorized the release and dispatch from Seattle and Bellingham of supply vessels destined for the Bristol Bay salmon fishing base.

Urged in lengthy telegrams from Governor Clarence Martin of Washington and from the Alaska Fishermen's union to have the vessels released in order to supply clothing and food for the natives and fishermen who work during the one month season, District President William J. Lewis of San Francisco and J. J. Finnegan, San Francisco, J. J. Bjorklund, Tacoma, A. H. Peterson, San Pedro, authorized the release and Assistant Secretary of Labor Edward F. McGrady sent a telegram urging that the vessels be dispatched immediately.

**TILDEN, COCHET IN
SINGLES VICTORIES**

NEW YORK, May 22.—(AP)—Big Bill Tilden and Henri Cochet seeded second and third, respectively, led the way into the semifinals of the eastern professional tennis championships today on the courts of the Park Avenue Tennis club today.

Tilden clashed with Douglas Partner, Alfred H. Chapin, Jr., of Boston, and prevailed. In straight sets, 6-4, 6-2, 6-2. Cochet took work hard before he could dispose of Bruce Barnes, youthful Texan who was seeded fifth, at 6-4, 10-8, 9-7.

Big Bill was in brilliant stroke against Chapin. He hit hard off both wings, shot his famous cannon ball service across for re-ceptive range of pace and number of spins and drop shots which had Chapin running around in circles.

In the only other singlesmatch of the day, Vincent Richards led Charles M. Wood, Jr., of Bernardsville, N. J., 6-1, 2-1, in a play was halted because of rain.

Play in the doubles tournament was featured by the hard fight put up by Jesse Baker and Abraham Bassford against the former national amateur doubles champions, Keith Gledhill and Ellisworth Vines. The coast youngsters finally won 6-1, 4-6, 6-0.

**Mrs. Bowe Dies;
Was Member of
Champ Quartet**

Mrs. Bernice Bowe, 53, member of the national champion quartet of the Capital Unit auxiliary, American Legion, died at the residence, 336 Leslie street, yesterday. She was a member of the Christian Science church here.

Surviving are the widower, D. J. Bowe; two sons, Owen of Salem, Samuel of Brownsville, Mont.; her mother, Mrs. G. S. McFee of Salem; a sister, Olive Freeman of Marinette, Wis.; four brothers, E. A. Hamilton of Rickreall, C. F. Hamilton of St. Paul, Minn., Roy McFee of Marinette, and Stewart McFee of Salem.

Funeral arrangements are in charge of the Clough-Barrick company.

**Single Polling
Place for Vote,
School Contest**

The Salem school board last night decided to hold to its practice of the past eight years and again have but one polling place for the annual school election, June 19. This will be at the administration building, 434 North High street. The board recently was requested by labor representatives to establish several polling places to make it easier for the voters to cast their ballots.

Chairman F. E. Neer is the only candidate out to date for the single vacancy to be voted in direct five-year loans to needy industries.

**EAGLES WIN GAME

cream to be made in an electric refrigerator were sent in last week which vary enough in richness and ease of preparation to merit printing both:

Strawberry Parfait
1 pint fresh strawberries
½ cup sugar
½ pint whipping cream
Wash and stem berries. Add sugar and cream. Whip cream and fold in crushed berries. Pour into trays and freeze. When ready to serve, cut in squares. Serves six generously.

Strawberry Ice Cream
1 pint whipping cream
1 egg
1 cup powdered sugar
½ teaspoon salt
1 cup mashed strawberries
1 teaspoon gelatin
1 tablespoon cold water
Dissolve gelatin in cold water and dissolve over hot water. Stir into strawberries. Beat egg whites stiff, whip cream and beat egg yolks. Add yolks, salt and sugar to the whipped cream and beat all together. Fold in the stiffly beaten egg whites and the berries. Mix well and freeze without stirring. Recipe makes three pints of cream.

**Infant Death Rate
Higher in County**

The infant mortality rate in Marion county has risen sharply during the first four months of this year, Dr. Vernon A. Douglas, health officer, announced yesterday. During this period 15 babies have died in contrast with six during all of 1933.

"Some of these cases are not preventable under present medical knowledge but most of them are, theoretically, at least," Dr. Douglas commented.

Causes of this year's infant deaths are listed by the health department: Accidents, two; congenital deformities, four; prematurity, four; hemorrhage, four, and bronchial pneumonia, one.

"Premature birth, cause of four of the deaths, may indicate inadequate prenatal care of the mother," Dr. Douglas explained. "Studies made at the University of Oregon medical school also indicate that at least some hemorrhage cases are due to an inadequate diet on the mother's part. Accidents are theoretically preventable as is also pneumonia."

Although but 105 of the 261 babies born in this county this year were born in hospitals, Dr. Douglas said he did not consider this as affecting the death rate. The home is coming to be considered as safe as the hospital, he stated.

If the rise of infant death rate continues throughout the year, it will not put health conditions here in a good light. For, according to Dr. Douglas, this death rate is considered "a very sensitive condition."

Explaining first that the infant death rate in Oregon averages around 45 deaths per thousand births and over the United States, around 60, Dr. Douglas listed the annual rates here as follows: 1920, 38; 1930, 38; 1931, 46; 1932, 41; 1933, 35, 1934, to May 1, 57.

**CRESCENDO CLUB HAS
ANNUAL FESTIVITY**

The Crescendo club of the Salem high school held its fifth annual banquet Tuesday night at the Spa at seven o'clock to install officers for the coming year.

New officers to take command next fall are: President, Carl Mason; vice-president, Clarice Kolbe; secretary, Ann Tartar; treasurer, Ray Drakeley; sergeant-at-arms, Dick Smith.

Following the formal dinner members of the club were entertained at the home of Georgia Harrington.

Club members attending the affair were: Mary Elizabeth Kells, Billy Utley, Georgia Harrington, Jay Tweed, Rose Ann Gibson, Alene Moore, Doris Schunk, Margaret Ann Kells, Dorothy Kibbe, Eleanor Perry, Dick Smith, Doris Barnett, Ray Drakeley, Evelyn Griggs, Ann Tartar, Dorothy Rulifson, Clarice Kolbe, Delbert Anderson, Carl Mason, Lois Burton, Ervin Potter, Ruth Mairz, Robert Prez, Hilda Crawford, Kenneth Robinson, Flavia Downs, Wesley Ritchie, Katherine Scharr, Oliver Glenn, Marion Chase, Verne Adams, and music advisor, Miss Tartar.

During the year the Crescendo Club has served on various projects arranged by local clubs and organizations. The work of the club was reviewed by the officers.

**Jobs go Begging
in Fields; Low
Wage is Reason**

Apparently because strawberry pickers' wages are low this season, the national unemployment office here is having difficulty in filling all the orders for this type of labor, according to Manager D. D. Dotson.

"We could place around 150 pickers immediately," Dotson said yesterday. "But they don't seem to care to work for the prices being paid."

From three-fourths to one cent are being offered pickers with a quarter bonus in some instances. Pickers generally are being required to provide their own camping equipment.

**Labor Council to
Change Night for
Regular Meeting**

Hereafter the meetings of the Salem Trades and Labor Council will be held the first and third Tuesdays of each month. The by-laws of the council were changed last night.

In the past the council has met the second and fourth Tuesdays. The change was made by the council at the suggestion of members of its legislative committee.

M. J. Elle was elected reading clerk of the council to succeed C. A. Nichols who resigned.

**Birth Control Is
Advocated, Clubs**

HOT SPRINGS, Ark., May 22.—(AP)—America's oldest active club woman, Mrs. L. L. Blankenburg, of Philadelphia took the lead before the council meeting of the General Federation of Women's clubs in favor of birth control, a definite move for peace, and a new national temperance program.

**Annual Sale of
Poppies Ready;
Vets to be Aided**

Commemorative of the World war and the engagements upon the battlefields in France in which the American troops participated during that historic event, the 13th annual Buddy Poppy sale will be held in Salem next Friday and Saturday, under the auspices of Marion Post 661 Veterans of Foreign Wars and the women's auxiliary.

The artificial poppies for this annual sale are made by ex-servicemen who receive one cent each for them, their only source of revenue to purchase tobacco and delicacies during their confinement. Proceeds of the sale, after deducting costs of materials and fees for the making, are to be expended for ex-servicemen's relief solely and under the rules and regulations of the organization, for these purposes, only.

INFANT DEATH RATE HIGHER IN COUNTY

The infant mortality rate in Marion county has risen sharply during the first four months of this year, Dr. Vernon A. Douglas, health officer, announced yesterday. During this period 15 babies have died in contrast with six during all of 1933.

"Some of these cases are not preventable under present medical knowledge but most of them are, theoretically, at least," Dr. Douglas commented.

Causes of this year's infant deaths are listed by the health department: Accidents, two; congenital deformities, four; prematurity, four; hemorrhage, four, and bronchial pneumonia, one.

"Premature birth, cause of four of the deaths, may indicate inadequate prenatal care of the mother," Dr. Douglas explained. "Studies made at the University of Oregon medical school also indicate that at least some hemorrhage cases are due to an inadequate diet on the mother's part. Accidents are theoretically preventable as is also pneumonia."

Although but 105 of the 261 babies born in this county this year were born in hospitals, Dr. Douglas said he did not consider this as affecting the death rate. The home is coming to be considered as safe as the hospital, he stated.

If the rise of infant death rate continues throughout the year, it will not put health conditions here in a good light. For, according to Dr. Douglas, this death rate is considered "a very sensitive condition."

Explaining first that the infant death rate in Oregon averages around 45 deaths per thousand births and over the United States, around 60, Dr. Douglas listed the annual rates here as follows: 1920, 38; 1930, 38; 1931, 46; 1932, 41; 1933, 35, 1934, to May 1, 57.

**SWAIN FAILS TO GET
NEW COURT HEARING**

The state supreme court, in an opinion written by Justice Rossman, yesterday denied a rehearing of the case involving Allan Swain, who is under indictment for a sentence for selling securities in Oregon without having first obtained a permit from the state corporation department.

Swain was convicted in the Multnomah county circuit court and this decree later was affirmed by the supreme court. The defendant alleged that he had not committed a crime in Oregon for the reason that the transaction was charged in the indictment was negotiated in the state of Washington.

Two new rules, pertaining to state bar examinations, were announced by the supreme court. One rule involves applicants who have twice failed in the state bar examinations. In these cases the applicants will be given a two year study period when they again will be allowed to write in the examinations. The examinations will be closed to applicants who have failed three times.

Another rule provides that there shall be no reconsideration of examination papers after the results are announced.

The 1934 state bar examinations will be held in Salem July 10 and 11, under the direction of the state board of bar examiners. Approximately 120 applicants already have signified their intention of writing in the examinations.

**Annual Sale of
Poppies Ready;
Vets to be Aided**

Commemorative of the World war and the engagements upon the battlefields in France in which the American troops participated during that historic event, the 13th annual Buddy Poppy sale will be held in Salem next Friday and Saturday, under the auspices of Marion Post 661 Veterans of Foreign Wars and the women's auxiliary
