FARM LOAN GROUP HANDED APPROVAL

STAYTON, June 12.—Telegraphic advice has just been received from Washington, D. C., that Stayton now has an officially approved federal farm loan association. Several months ago, a group of local men laid the foundation for this association, and the directors are A. D. Gardner, C. J. Rutgers, Carl Titus, Roy Porter, Charles Hottinger and George H. Bell, secretary-treasurer.

People of this community recognize the importance of the work of this group of men. Their successful efforts in organizing the association will be of the greatest aid in turning a large volume of cash into this district and will be found to be an important aid in liquidating much of the mortgage assets of the defunct bank here.

To date 47 applications, totaling \$141,500.00 have been handled through the association. It is understood that all loans of \$500 or over will be paid in federal farm loan bonds. Present market quotation of these is \$101.32, or \$1.32 over par.
