## Bernice Claire is Scheduled for Concert

THE Salem MacDowell club has outlined an ambitious program for the coming winter season, with two outstanding artists scheduled to appear in October and November. The spring concert will present the club chorus with assisting artists. Lovers of music will have an opportunity to hear and see a famous prima donna as well as movie star when Bernice Claire is presented to Salem audiences in October by the MacDowell club.

This favorite singer, the original "Mlle. Modiste" while the voice which has won her fame and fortune is a high soprano of unusual purity and flexibility.

Not since Maude Powell and Kathleen Parlow has the Anglo-Saxon race produced a violinist comparable to Kayla Mitzel, the young Canadian-American who appears here in concert in November.

No less an authority than the famous Carl Flesch last year proclaimed over his own signature: "Kayla Mitzel is the best woman violinist of these days. And she can compare with the best players of the stronger sex."

Miss Mitzel appeared twice with the Portland symphony under conductor Van Hoogstraten and will be remembered by those who heard her as a finished musician.

Miss Claire has the vivacity and charm of Fritz Scheff, the original "Mlle. Modiste" while the voice which has won her fame and fortune is a high soprano of unusual purity and flexibility.

Silverton Hills.—Mr. and Mrs. Fred Hadley motored to Silverton Sunday to attend the 13th birthday of their grandson, James Demas, at the home of his parents, Mr. and Mrs. John Demas.

Ted Demas, who has been in the Silverton Hills for the past week, went with the Hadleys to Silverton to help in the observance of his brother's birthday, but will return here again Sunday night for a longer visit.

Mrs. Martha Martin who has been in the Myrtle Point hospital for the past 11 days, suffering from a case of blood poisoning is slightly improved.

## Pattern

By ANNE ADAMS  
This ensemble would be exactly the right thing in which to start off the school term in the way it should go. It is simple—as a girl's clothes should always be—and smart, enough to please an exacting modern maiden. Made of blue wool with a deep yoke of checked silk and a navy belt and bow, it would create a sensation in any classroom. The little jacket could be lined or faced with the silk if you like. The pleat in the skirt makes it a pleasant thing to get about in—even when it comes to a dash to avoid being tardy.

Pattern 1764 is available in sizes 8, 9, 10 and 12. Size 8 takes 2 1/2 yards of 36 inch fabric and 1 1/2 yards contrast. Jacket lining included with contrast. Illustrated step-by-step sewing instructions included.

Send fifteen cents (15c) in coin or stamps (coins preferred) for this Anne Adams pattern. Write plainly name, address and style number. Be sure to state size.

And while you are writing, why not include an order for a fascinating book, crammed from cover to cover with exciting and captivating descriptions of new fashions, fabrics and other things that make a woman able to follow the summer season of the Anne Adams Pattern Book. Price fifteen cents. Book and pattern together, twenty-five cents.

Address orders to The Oregon Statesman Pattern Dept., 215 South Commercial street, Salem, Oregon. Your order will be promptly attended to.

Orders containing the filled-in stubs four days from the time received by The Statesman.

## Long Tour Made By Automobile Over U. S.

AN INTERESTING motor tour was completed Saturday, when Miss Venita Rains and Mrs. Jessie L. Rains of Salem, Miss Ruth Clark of Portland and Miss Moxie Hopkins of Banks, Ore., returned to their homes. The four girls left Salem June 7 and covered a distance of nearly 12,000 miles.

Thirty-two states were visited, and short trips were made into Tia Juana and Juarez, Mexico. The girls crossed into Canada at Montreal and drove down the Canadian side to Niagara Falls, returning again into the states.

Large cities on the tour included San Francisco, Los Angeles, El Paso, New Orleans, Mobile, Birmingham, Atlanta, Richmond, Washington, Philadelphia, New York City, Baltimore, Montreal, Toronto, Buffalo, Chicago, St. Louis, Kansas City, Denver and Salt Lake City.

Historical places which were visited were the missions, old French quarters in New Orleans, Gettysburg, Mt. Vernon, Arlington, Boston, Concord, Lexington, Plymouth, Fort Bridger, and the old Indian dwellings in the southwest, including hogans, cliff dwellings and pueblos. All old buildings such as the Independence Hall, Old South Church, and many others were seen.

Universities including Stanford, University of California, Mills college, Tulane, Yale, Harvard, Brown, Fordham Temple, Johns Hopkins, Notre Dame, Columbia, and University of Pennsylvania were seen.

Places of natural scenic beauty which were enjoyed were the Oregon Caves, Redwoods, Grand Canyon, Niagara Falls, Yellowstone, the Grand Teton Park, and the Carlsbad Caverns.

The negro living quarters in the south were one of the most interesting things there. The worst roads which they found were in New Mexico and a part of Alabama. The Oregon highways are as good as were found anywhere.

Weather conditions of all kinds were experienced. A week of extreme heat in Missouri and Kansas was the most uncomfortable of all. Ninety-six degrees at 2 o'clock in the morning was considered too warm by Oregonians. The trip across the Mojave desert was made without any discomfort, unusual cool weather at that time being reported. Cool, comfortable weather all through the south and east, but with daily electric storms was the rule. The most thrilling weather experience was a cyclone in Illinois. The girls arrived in Denver in time to see the effects of the terrific cloudburst there. Oregon greeted them with a dust-storm which lasted from Pendleton to The Dalles. Many questions were asked about Oregon by the people they encountered on the trip.
