STILL HARVESTING TOMATOES, REPORT

Mrs. Ham Recuperating After Recent Auto Injury; School Has 117

AUMSVILLE, Oct. 12.—Mrs. Alfred Ham is recovering from shock and bruises suffered at the time of the collision of her car with the car of David Bates on the Salem-Aumsville road recently. Aumsville high school has 117 students enrolled to date, the highest number in the school for some years.

Tomatoes are still being marketed from this vicinity, some of the farmers having saved their crop by amending at the time of the hard frost late in September. Mrs. Gladys Hunt, English teacher in the high school, has returned to her work after several days absence due to intestinal flu. Plans are being formulated for the annual bazaar which will be given in November to raise money for the free hot lunch to be served school children in the cafeteria of the schoolhouse. D. A. Lowe is president of the Parent-Teacher association, which has this project in charge.

Mrs. A. J. Mountain celebrated her 84th birthday October 10. On the Sunday nearest her anniversary Mrs. Mountain sang a solo at the Christian church. She was the recipient of many gifts and congratulatory letters from relatives and friends.

HOUSING PROGRAM LAUDED BY HOGUE

The Salem better housing program will stimulate business, will reduce unemployment, will liquidate frozen assets and will enhance real estate values, Shannon Hogue of the Salem high school faculty yesterday noon told the Salem club members.

Treating the housing program, under way here, from a business, home owner and business man standpoint, Hogue declared: "While the federal housing administration is anxious for heartiest cooperation of property owners, it wants no modernization loans made that are not fully justified on the ground of sound judgment. No pressure will be put on property owners in order that this program may achieve success."

He explained in detail how the loans are made and urged that everyone accept the opportunity the program presents.

Many corporations and individuals are in a position to engage in modernization projects without the need of borrowing funds, and it should be pointed out to them also that it is to their advantage to keep their property in repair and assist in the campaign, he said.

Hogue suggested means by which the automobile merchant, the department store, the furniture dealer, the florist, the hardware dealer and even the insurance agent might benefit, along with others, from the campaign.

REGISTRATION HERE SHOWS LARGE GAIN

Registration statistics for the general election on November 6, released from city precincts by County Clerk Boyer show a total increase of 585 over registration for the May primaries. Figures for the general election were 14,161 as compared to 13,576 totalled by the same precincts May 18.

Total republican registration throughout the city is 9886. In the primary records, registration was figured at 9628. Democrat registration also took a jump, with 4088 signing up this election compared to 3737 in May.

Registration for men shows: Republicans 4259, increase 139; democrats 2225, increase 162; progressives 4, increase 1; socialists 20, increase 2; prohibition 6, no change; independents 78, increase 7. Total male 7319.

Female registration in the city shows: Republicans 4235, increase 122; democrats 1223, increase 148; progressives 1, no change; socialists 12, no change; prohibition 17, increase 3; independents 35, increase 3.

Smile Leaves Young Edwards' Face

Robert Allen Edwards

Fatigued but retaining his composure, Robert Allen Edwards, on trial at Wilkes-Barre, Pa., for the "American Tragedy" slaying of his former sweetheart, Freda McKechnie, is pictured as he left the courthouse in an automobile en route back to jail after testifying for five and one-half hours on the witness stand. The youth was convicted of first degree murder.

DREDGINGS MAY BE UTILIZED, HIGHWAY ORGANIZATIONS AT S. H. S. ARE ACTIVE

Use of dredgings from the Columbia river in constructing the Frontiers-Multnomah Falls section of the Columbia river highway, would result in a large financial saving to the state, R. H. Baldoock, state highway engineer, declared Friday. This section of road must be rebuilt because of the Bonneville dam construction.

Baldoock said that under his proposal dredgings taken from the river channel between Portland and Bonneville would be used as filling for the new highway. The route of the road, he averred, would permit deposit of these dredgings with little difficulty on the ground of sound judgment. A meeting of the state highway commission in Portland yesterday but definite action was deferred pending a conference between Baldoock and government officials.

Baldoock said the government would dredge the channel and it would be up to the army engineers to dispose of the dredgings.

A tall tree fell on the property of Golden Land, above Orville, Cal., blocking a winding road in three places. It was necessary to cut the tree in seven sections to open the road to traffic.

SCHOOL'S RELATION TO HONESTY CITED

The kind of start the boy or girl gets in grade school determines the kind of credit risk he or she will be in the business world, Mrs. Mary L. Fulkerson, county school superintendent, told the Salem Credit association luncheon gathering yesterday noon.

Every child who appears to the teacher or the parent to be "dumb" is by no means so, Mrs. Fulkerson pointed out in telling of some of the many experiences she has come across in her 14 years as county superintendent. She said that the teacher's apparent inability to read may be due to poor eyesight, which condition both parent and teacher have failed to discover, she said.

Left-handed reading, a peculiarity discovered only in recent years, retards some children. Failure of the teacher to discover that the child is reading right to left, which the peculiarity entails, may start the pupil in formation of deception habits which in later life lead to real dishonesty. Hence, one reason for the great necessity for the right start in the public schools.

SERVICE CLUB TO HONOR TEACHERS

Edna Cochran President of Epworth League of Amity Church

AMITY, Oct. 12.—The Social Service club of the M. E. church, meeting Wednesday afternoon in the community rooms of the church voted to hold a reception for the grade and high school teachers Wednesday afternoon, October 24, at the next regular meeting from 8:30 to 5 o'clock.

The Standard Bearer Girls of the Methodist church met Tuesday night in the church parlors for a covered dish luncheon, served to 20 high school girls. Officers for next year were elected: president, Ethel Jensen; vice-president, Delphine Martin; secretary-treasurer, Lavaine Cannell; corresponding secretary, Myrtle Patrie. Mrs. P. J. Cannell is the girls' advisor.

League Meets
The Epworth League society has elected these officers: president, Edna Cochran; vice-presidents, Gertrude Cannell, Iris Stephens, Lavaine Cannell and Jeanne Abraham; secretary-treasurer, Alan Torbet.

Squab Dinner is Friendly Indian Session Feature

A squab dinner, squabs furnished by "Chief" Frank Page, was the key note in the Friendly Indian meeting which was held last night at the "Y" building.

Page is a pigeon fancier of some little note and has won numerous ribbons in the stock shows in this vicinity.

Members of the Nez Perce tribe who enjoyed the unusual delicacy are: Bertie Galsyer, Big Chief; Frank Page, Dick Gahlsdorf, Milton Turner, Bonnie Kerber, Fred Sigmund.

The Girls' league will meet Thursday noon for a specially arranged program.

The Math, Girls' Letter and Crescendo clubs will meet Friday noon.

The Snikpoh, dramatics, is holding tryouts for membership in the club throughout the week. Only members are allowed to participate in the dramatic productions.

TRAIL CARAVAN IS AT DALLES MISSION

The Y. M. C. A. reports that the amount contributed in the annual enrollment drive is \$13,000.

Figures brought in at the luncheon yesterday show that there are 53 new members, bringing the total number of members to 662, with \$585 contributed, raising the total to \$12,245.

A surprise, details of which will be brought out at the next Friday luncheon, show that over \$852 has been brought in by individuals to the Y. M. C. A. which raised the amount to the \$13,000 mark.

The "Oregon Trail" drive, which was officially over last Friday, but which was continued, voluntarily by the workers, will also continue over to the end of the coming week.

Dalles Mission is now the resting place of the Oregon Trail drive. Every member is working hard to bring the caravan into Salem.

C. A. Kells, general secretary, Friday divulged that he had secured the promise of an individual to complete the \$15,000, end of the trail, goal by adding \$250 when the amount is \$14,750.

GOOD CATCHES OF JACK SALMON MADE

Reports from Taft are that several good catches of jacksalmon and trout have been made with spinners and worms in the Siletts the past few days, says a report of the State Game Commission to the AAA office here. Silver-side trolling in the coast streams is at the peak.

Deer hunting in the coast ranges continues slow, due to the fact that the bucks, though plentiful, have been staying in the heavy brush. Coast counties report opening of the China pheasant season should be marked with success, as the birds are very plentiful due to the open winter and heavy stockings by the game department.

Hunting conditions in Columbia county have improved, the state policeman there reports. In Western Lane county, large catches of trout have been taken at Mapleton, and fishing has been good on the North Fork of the Siuslaw, and fair at lakes around Florence.

PLAN SURPRISES

STAYTON, Oct. 12.—A surprise program, which is said will produce a laugh a minute will be presented at the regular PTA meeting Monday night. Other numbers on the program will be a discussion of the 20 mill tax, by Mrs. Hannah Martin, of Salem.
