## OUTSTANDING BOND TOTAL IS LOWERED

### Nearly 13 Millions Since 1928, Records Reveal; Road Debt Reduced

Outstanding bonds of the state of Oregon have been reduced from \$65,326,710 on October 1, 1928, to \$52,634,510 on October 1 of this year, according to a tabulation prepared here today by Rufus C. Holman, state treasurer. The bonded indebtedness was reduced \$10,692,200 during the past six years.

On October 1, 1934, the state had outstanding \$2,172,760 in Oregon district interest bonds which were issued for the purpose of providing funds to pay interest upon bonds of irrigation districts for a period of five years under guarantee contracts with the state. The amount of these bonds outstanding 10 years ago was \$1,607,740. The constitutional provision under which these bonds were issued has now expired.

Oregon farm credit bonds outstanding on October 1, 1934, aggregated \$220,000 as compared with \$4,450,000 on October 1, 1924. Notwithstanding depressed agricultural conditions, these bonds have been self liquidating as to interest and principal without the requirement of a tax levy. This was said to have been due largely to the fact that loans to farmers from the proceeds of the bond issues were made in 1917 upon an amortization basis.

The largest reduction in state bond indebtedness was made through the retirement of state highway issues. On October 1, 1924, the state highway bonded debt was \$38,060,750 and on October 1, 1934, it had been reduced to \$24,846,700. The reduction was \$13,214,050 or \$12,194,000 after taking into consideration \$1,000,000 of temporary bridge revenue bonds now outstanding. The aggregate of state highway bonds issued from the inception of the state highway program, including refunding bonds, was \$46,700,000.

On October 1, 1924, the Oregon veterans state aid bonds outstanding aggregated \$20,000,000 as compared with \$25,375,000 on October 1, 1934. The total amount of veterans bonds issued was \$32,850,000. On October 1 of this year the world war veterans' state aid commission held an offset against these bonds a sinking fund of \$804,633.43, cash in the amount of \$790,737.59 and first mortgage loans on homes and farms in the amount of \$18,866,612.13.

The commission also held contracts of sale of properties taken over by the commission in the amount of \$56,890.42 and also held title to \$1,070,868.52 in farm property and \$2,223,727.44 in city property. The tabulation also showed that on October 1, 1924, the commission held \$13,426,725.05 in 4 per cent first mortgage loans compared with \$18,866,612.13 on October 1, 1934.

## HAM-EGG CLUB TO INTRODUCE BAXTER

Dr. Bruce Baxter, who will arrive here to take over his duties as president of Willamette university next Friday morning, will make his first public appearance in Salem as speaker at the regular meeting of the Salem Breakfast club, Friday, November 2. Harry Collins, president of the club, announced yesterday.

Arrangements were made with Dr. Baxter by wire to keep the date open. Although he will speak Friday at the homecoming banquet of the Willamette alumni and will meet the students of Willamette at chapel Friday, his breakfast club appearance will probably be the first in which he will meet townspeople.

Dr. Baxter, more sought as a service club speaker and commencement speaker than any man in Southern California, was chairman of the Los Angeles Breakfast club and one of its most faithful supporters. President Harry Collins of the Salem group said that Dr. Baxter assured him that he was behind the Salem group to the fullest extent.

A special program will be arranged for the meeting a week from next Friday and the largest attendance on record is expected.

## HOMECOMING WILL DRAW MANY GRADS

Preparing for one of the biggest homecomings in the history of Willamette, Fay Sparks, alumni secretary, has almost completed plans for the alumni banquet to be held in the Marion hotel dining room next Saturday night at 5:30 o'clock. An informal reception at the hotel starting at 4 o'clock will precede the banquet.

The banquet will be over in plenty of time for the grads to get to the College of Puget Sound-Willamette football game before the kickoff, Miss Sparks said.

The opportunity for graduates to meet Willamette's new president, Dr. Bruce Baxter, will attract a large crowd to the banquet, it is expected. Arrangements have been made to have a number of the Willamette football stars of former years at the event. Other special guests will be "Spec" Keene, Leslie Sparks, Dick Lucke, president of the student body, Wanda Landon and Laurence Morley, pep staff, and Loren Grandis, captain of the Bearcat football team.

# Boys, Boys, Stoppit.....

During the remodeling of our new store, especially the last few days, we heard many remarks pro and con-but one in particular almost caused a riot. A traveling salesman (it would be of course) came in where about twenty-five of the boys were displaying merchandise and made a remark about this store being the best looking Chain Store he ever saw. Wowie, just like that the boys made a rush for him and by the time we got there they had him out on the street where he was standing rubbing himself at about the distance down his hand would reach if he let his arm hang down. Here, here, we called, what's the matter out here. One of the boys started telling us what the fellow had said when the salesman said no, I didn't say that, I said this is a Better lookin store'n any chain store I ever saw, so after a few hand shakes every thing turned out alright and we finally got the finest line of merchandise any one may ever expect to see displayed and the best of it was we took plenty of time in marking prices down so low, folks could really save money. All prices same at both stores.
