Pattern

Button trimming, as you probably know, is one of the most important trends in the style notes of the season. Where could it be used to better advantage than to set off the unusual lines of this smartly tailored afternoon dress? The ragian sleeves are as fashionable as they are comfortable and for those who prefer them, short sleeves are indicated in the pattern. Although the scarf-collar tied high beneath the chin certainly gives the frock a spirited air, the dress may be made with a simply rounded neckline. And notice the slenderizing effect of the diagonal motif which is repeated in the seam across the front of the skirt!

Pattern 2054 is available in sizes 14, 16, 18, 20, 32, 34, 36, 38, 40 and 42. Size 16 takes 2 1/2 yards 54 inch fabric, Illustrated step-by-step sewing instructions included.
