Teach your daughter how to guard her health

Mother... You Must Do Your Part

Most girls need a tonic and regulator when they come to womanhood. If your daughter is languid, nervous and cranky... if she complains of new pains and aches... see that she takes Lydia E. Pinkham's Vegetable Compound regularly. When she is a happy, healthy wife and mother she will thank you.

"My daughter Leona is a stenographer and switchboard operator. She was nervous and weak and often had to stay home from work. Never cared to go anywhere, lost her appetite and always had headaches. Your Compound helped her wonderfully. She is more peppy and can work now every day."—Mrs. E. Trummer, 2520 W. Jensen Ave., Milwaukee, Wisconsin.

INSURE YOUR HAIR for a penny a day

Hair that stays as you arrange it fresh looking, even hours after combing. Free from every particle of dandruff

***DANDERINE... makes you sure of your hair; it takes two seconds to put on your comb.**

After you have washed your hair, a little Danderine will keep it from going helter-skelter. When you pay a dollar for a wave, Danderine will help you keep it. It isn't a sticky dressing, or an oily tonic, and it doesn't leave any telltale odor. Its fresh fragrance is gone quickly after applying—but not that marvelous effect of freshness and cleanliness!

It's a pity not to know this little secret that means so much in the way any hair will look. It's no trouble. Yet you can hardly believe anything so mild and pleasant as Danderine could bring such a change in the condition and appearance of your hair and scalp. Just try it. You can buy Danderine at any drugstore for only thirty-five cents; larger sizes 60c and \$1.00.

That's what moistening your comb with a few drops of Danderine will do. And no amount of dry-combing will ever do. Nearly all hair needs the help that Danderine gives it. A dash of Danderine morning and night makes an amazing difference in the way any hair looks all the time! And a small bottle lasts a month!
