CHICAGO, Nov. 14 .- (AP)-Broad general buying late today lifted corn to fresh high price records for the season, but profit-taking

then largely wiped out gains. Numerous traders in corn took the position that ultimately corn almost everywhere will sell well above the price of wheat. Much notice was given to assertions that elevators in the vicinity of Hutchinson, Kansas, were paying 90 cents a bushel for No. 2 hard wheat and were asking \$1 a bushel for corn on account of corn

shortage. Corn closed irregular at % decline to ¼ advance compared with resterday's finish, May 82 %-83; wheat easy, \%-\% down, May 99-99\%, oats \% off to \% up, and provisions varying from 2 cents

setback to a rise of 25 cents. Today's closing quotations: Wheat: Dec. old, 99 %, new, 99-%-%; May, 99-99%; July, 93%-

NEW YORK, Nov. 14.-(AP)-Demand for stocks was selective today and the market as a whole yielded a little more of the ground won on last week's broad advance. In contrast with the mixed performance of the share list, United States government and high-grade

corporate bonds showed a firm tendency. Elsewhere along the final front, disposition to mark time was evident. Leading commodities sag-

ged with stocks. Trading in shares remained fairly active in comparison with the pre-election stagnation in speculative markets. Turnover totaled 958,460 shares against 1,131,330 vesterday. With more gold flowing toward

bloc countries were followed closely in Wall street on the possibility they might lead to fresh monetary disturbances. Apprehension on that score, however, was offset in a measure by further indications of a better
