ROOSEVELT DANCE PLANS ANNOUNCED

Ticket Sale Starts Tuesday With Windishar at Head; Cherrians Sponsor

The largest Cherrian dinner assembled in some years met at the Marion hotel last night to hear J. T. Delaney outline plans for the President Roosevelt ball to be held at the armory Wednesday night, January 30, under sponsorship of the Cherrians. Delaney, general chairman for the ball at invitation of the national chairman, Edward L. Doherty, last night named T. A. Windishar in general charge of ticket sales, which start Tuesday morning. King Bing William Schlitt of the Cherrians presided at the meeting.

Chairman Delaney announced that 70 per cent of the net proceeds from the ball will be returned to the Salem area to be spent when and if necessary in care of any child or person afflicted with infantile paralysis. Due to the fact that the major part of the proceeds return here, Chairman Delaney urges that everyone support the ball by attendance. The Cherrian goal is 1000 tickets sold.

Committee appointments were announced by Delaney last night and the personnel will hold the first session Monday afternoon at 1:30 o'clock at the chamber of commerce. The committees follow:

LOCAL HOP SALES CONTINUE STRONG

Hop sales here continued strong this week, with virtually all sales, 850 bales, bought by T. A. Livesley & Co. The entire sales, save for one small batch, were for 15 cents a pound. This is a definite strengthening over last week's markets, when prices paid growers ranged from 13 to 15 cents for about one-third of the sales. Dealers are interested in top quality only.

Remaining supplies of new crop hops in Oregon are held in comparatively strong hands, many of whom are not offering hops for sale or offering above the market.

Washington hop markets were fairly active the week ending January 16, with 550 bales sold at prices ranging up to 12 cents, with western Washington growers holding for 15 cents as the period closed.

California growers sold 1225 bales at from 10 to 13½ cents a pound. Increased interest there was attributed to the market code hearing in Santa Rosa the 16th and 17th. As the week closed, bids of 11 cents were held for several hundred bales of medium quality hops in the Sacramento valley region, and in the Mendocino section bids above 12 cents a pound were being received but no actual sales were made at that figure.

WILLAMETTE CLASS OFFICERS SELECTED

Louise Buck was elected secretary of the freshman class. Opponents for office of vice-president are: Jean Hollingsworth, Norma Fuller and Margaret Hauser. For treasurer, Douglas Sharp, Otto Wilson, Edwin Myers and Bruce Carkin were nominated.

Officers supporting George McLeod through his tenure will be Helen Peterson, vice-president; Helen Purvine, secretary, and Bob R. Anderson, treasurer.

Those chosen to aid Felker and the junior class are Martha Jane Hottel, vice-president; Florence Du Rette, secretary, and Bert Rusk, treasurer.

Seniors picked, in addition to Mosher, Elva Sehon, vice-president; Lorraine Sheldon, secretary, and Paul Carpenter, treasurer.

W. U. CONSTITUTION CHANGES ARE MADE

The Willamette student association constitution was amended yesterday in the first student body meeting of the new year.

The amendments, submitted by the constitution revision committee were read before the assembly and passed with little dissension.

The first amendment provides that any act of any officer or organization existing under the constitution may be repealed or amended by a two-thirds vote of a quorum, instead of the entire student body.

The second amendment provides for a more facile means of amending the document. And the last provides that golf be added to the list of sports which are given major rating and for which awards are granted.

Credit Code Is Major Project Of Group Here

Major project this year of the Salem Credit association will be a move to get the community credit policy or code into operation, Forrest Holladay, president, told the local association luncheon gathering yesterday noon.

The credit code may be amended or changed some as drawn up about a year ago, since when from 50 to 60 signers have been added. As soon as the signers are brought to within 100, the policy will go into operation.

One of the chief features of the code provides that merchants will not open an account with a customer whose account has been closed by other merchants for non-payment until all the subject's delinquent indebtedness is paid or satisfactory arrangements therefor made.
