CHICAGO, Feb. 27.-(AP)-A flurry of buying late today hoisted the wheat market 1 1/4 cents a bushel, responsive largely to augmented fears of drought damage

to crops. Trade reports emphasized dearth of subsoil moisture throughout much domestic winter wheat territory, as well as in spring wheat areas both sides of the Canadian line. Only rainless conditions immediately ahead were indicated for regions where moisture relief is most essential. Wheat closed strong at practically the day's top figure, % above yesterday's finish, May 97%-98, corn 14-% up, May 84-%-85, oats unchanged to %

higher, and provisions varying from 10 cents decline to 7 cents advance. Today's closing quotations: Wheat-May, 97%-98; July,

931/4-1/4; Sept., 931/4-1/4. Corn: March, 87%; May, 84-%-85; July, 80 1/4; Sept., 76-

Sept., 41 1/2.

PORTLAND, Feb. 27.-(AP)-There was no change in butter or tutterfat prices on the local ex-

change today. While there was no further general change in the egg market for the day, an easy tone was suggested. Prices showed slight shading in spots where a surplus was beginning to show.

There was a light supply of live

chickens in sight and prices con-

tinued firm. Leghorns were the

chief desire of the trade and of-

ferings were far below daily requirements. While prices were generally held intact by distributors, a slow demand was showing for country killed hogs. Retailers report that was buying sparingly. Country killed calves were in scant supply here with a continued famine in the trade and prices well held. Lambs were about

keen at full prices. Prospect of Good Fruit Crops Seen

steady. Beef demand remained

In Mission Area Good prospects for an excellent crop of peaches, nuts and Italian prunes are evident in the Mission Bottom region, says County Horticulturist S. H. Van Trump, who

inspected orchards in that section this week. A year ago this week, peaches were coming into blossom, he recalls, while right now the trees are still dormant. Cool nights have retarded the unusually early bloming that came last
