PORTLAND, March 19.-(P)-The produce exchange quoted two scores of butter at the same price and the entire spread between the very lowest score and top quality stock was but %e 1b. Egg receipts were slowing up somewhat and were still a trifle smaller than a year ago. Weather conditions appeared a factor. De-mand was excellent and without

price changes. Trading in the live poultry market was still of steady character with prices in the main un-changed despite the recent lower-ing of bids by some operators. Dressed turkey call was favorable. Slightly easier situation was suggested for cheese with the half cent cut on the exchange although this was the only one shown local-

ly for the day. Some carload business has been confirmed at \$4 net to the grower for Oregon onlone although in general the trade's undertone appeared a trifle dull without out-side markets less inclined to bid current values.

More Idaho Netted Gem pota-toes were being received in Port-land, carload shipments being sup-plemented with truck supplies. Sales of No. 1 Idaho's were made at \$1.25-1.36 cental.

CHICAGO, March 19-(P)-Grain orices were firm today as the market, technically strengthened by recent liquidation, responded to moderate buying that disclosed the absence of selling pressure. Overnight political news from Europe, interpreted in some quarters as easing the tension of the international situation, was less disturbing to traders and an early fractional price upturn was un-shaken by subsequent developments during the session. Firmness in cotton and stocks and dis-

tors influencing buyers. Wheat gained % to % cent for the day, May closing at 95%-%; and corn was 1 cent off to % up, May 77%-%, oats gained % to % and rye was unchanged to % higher. A buying spurt in wheat soon after the opening, carrying May to 92 cents, 114 above yesterday's low, was attributed partly to short covering. At the high, May corn was 1% above the previous day's bottom, Today's closing quotations:

September 36 14. LARGE ASPARAGUS

If the striped cucumber beetle which is making its appearance in asparagus fields around here can be kept under control, prospects are that the Reid Murdoch and company cannery here will this spring put up its first asparagus pack of any proportions. Manager Ray Yocom of the cannery said yesterday steps have already been taken to combat the beetle, also

crop comes on here about a month after the California pack gets under way. Reid Murdoch cannery has 200 acres of asparagus under contract in various parts of the valley, and some patches, now in their third year, are expected to produce a

ton to the acre if growing conditions continue satisfactory and the beetle is cleaned out. Manager Yocom said this plant will carry on about the same canning operations as last year during the 1935 season, with no new packs of any size contemplated.

thereto. Dated at Salem, Oregon, this

26th day of March, 1935. PANY, a Corporation, Executor of the last will and testament and Estate of Margaret A. Duncan, Deceased. RONALD C. GLOVER,

NEW YORK, March 19 .- (P)-Wall street appeared to conclude today that yesterday's nervous indigestion over the European fi-nancial and political situation had exaggerated its market signifi-

Leading equities were able to point or more, and cotton, the recent weak spot on the staples market, improved from the opening gong to end \$1.60 to \$1.85 a bale higher.

Stocks pushed ahead .8 of a point to 35.5 as measured by The Associated Press average for 60 issues, or to the best level in over a week. However, the turnover, was only 509,549 shares in the Stock exchange.

Corporate bonds did not ap-bear to be able to follow fully the better tone in stocks, and the close was rather uneven, with soft spots as well as firm ones in nearly every classification.
