

DECORATION COURSE FEATURES MATINEE

Colors, Designs, Styles to Be Told by Miss Kerr; To Auction Cakes

A short course in the art of interior decoration will be the highlight of the Norge homemakers' matinee which is to be held here Tuesday afternoon, March 26, beginning at 2 p. m. in Miller hall, according to Raymond Miller of the George E. Allen hardware store, local sponsor for the event.

This matinee which includes a pre-view of an all-talking moving picture comedy, will run for only one afternoon. The show is in charge of Miss Helen Kerr, noted home counselor for the northwest distributor of Norge products. The matinee is part of the new Norge national home economics program.

Advance word on the program indicates that the discussion of interior decoration will feature explanations of color and design for the average home and will include important style notes for spring and summer. Important points such as new fabrics, colors, and trends in furniture will be incorporated in the matinee.

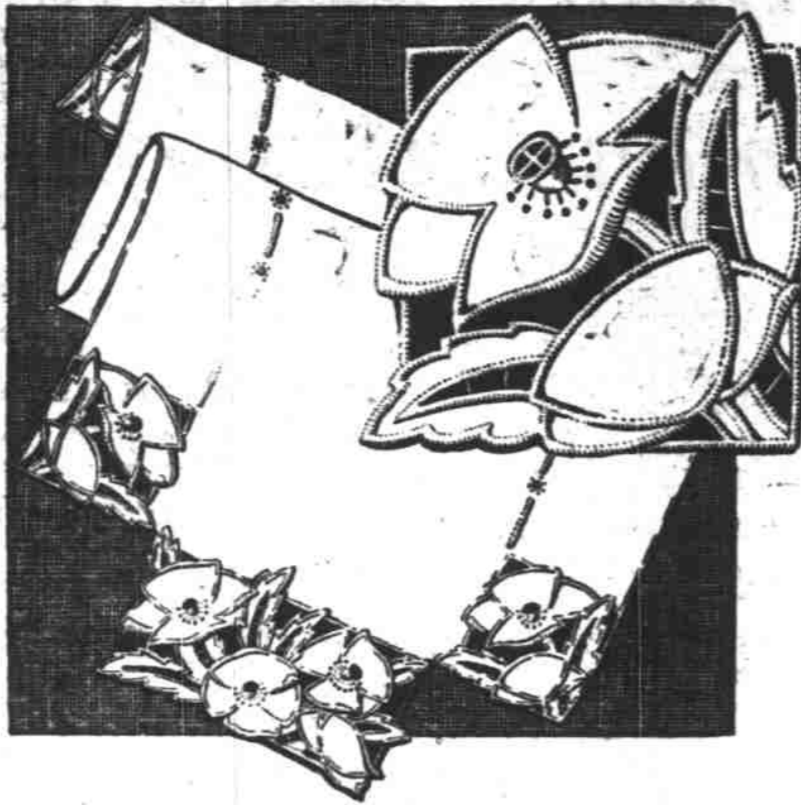

Follows Cake Contest The Norge show will follow the close of a cake baking contest being held by The Oregon Statesman and the General Food Sales Co. Cakes are to be left at the third floor of Miller's by 1:30 p. m., next Tuesday afternoon. Each woman baking a cake may use her favorite recipe but the only restriction being limitation on certain ingredients. Contest cakes, to be judged after 1:30 p. m., will then be sold, proceeds going to the women's union of the First Congregational church.

Another Strawberry Meeting Set Tonight

NORTH HOWELL, March 20.—About 20 Etersberg strawberry growers, representing 100 acres, Tuesday night accepted the high bid of 7 1/2 cents per pound, unboxed, from Libby, McNeil and Libby, Portland. This is the highest price paid in five years. This is the best offer made with the major Salem canneries also bidding. Prior to this deal, the highest Etersberg price offered was 7 cents, given by a Salem cannery for a pool in the Lebanon area. On the Lebanon deal, berries are to be delivered hulled.

A meeting will be held at the grange hall here Thursday night at 7:30 o'clock when the strawberry contract with Libby, McNeil will be signed.

This Cutwork Smart in Color

CUTWORK LINENS

Cutwork without bars—and to the needlewoman that means not only an easier bit of needlework but also a design that is most effective! Of course, a few bars are used in the leaves—but then they form part of their design.

remained out of the pool and will sell to their usual canneries, it is understood.

SILVER FALLS PARK IMPROVEMENT TOLD

Improvement planned at the Silver Falls state park include a new water supply for the camp ground at both north and south falls, new caretaker's cottage, toilets, and a community kitchen. Seventy five picnic places will be provided and 15 fireplaces. An amphitheatre may be built in a clearing in the great forest of old fir. This was announced by Sam H. Boardman, state park engineer, at the Rotary club Wednesday. The work will be done by a CCC camp.

The state now owns 90 recreational areas and 30 major parks. Work has been going on for three years to obtain wooded strips along the Salmon river, Rogue river and McKenzie highway east of the summit. Governor Patterson, he said, started the state park idea in order to preserve scenic assets and recreational spots along the state highway system. Boardman was a leading influence in obtaining Silver Creek falls for a state park.

INCOME OF OREGON FARMS SHOWS GAIN

Up Almost Ten Millions In 1933 Over 1932, Figures Just Released Reveal

Cash income from Oregon farms during the year 1933 reached \$66,034,000, almost a 10 million dollars gain over the year 1932, according to figures just released by the U. S. department of agriculture. Crops accounts for \$34,447,000 in 1933 and the balance of \$31,577,000 was from livestock and livestock products. The previous year, 1932, the cash income from crops was \$25,718,000 and from livestock, \$30,855,000. Figures for 1934 are not yet available.

What each crop and animal industry meant to the farmers of the state in cash returns in 1933 is listed as follows:

Corn, \$82,000; wheat, \$3,446,000; oats, \$1,506,000; barley, \$615,000; rye, \$68,000; hay, \$1,872,000; cloverseed, \$279,000; alfalfa seed, \$38,000; dry edible beans, \$15,000; potatoes, \$3,515,000; truck crops, \$2,450,000; hops, \$5,867,000; apples, \$1,759,000; peaches, \$200,000; pears, \$1,155,000; cherries, \$662,000; plums and prunes, \$20,000; grapes, \$15,000; other fruits and nuts, \$1,259,000; strawberries, \$564,000; small fruits, \$310,000; cranberries, \$31,000; forest products, \$2,116,000; nursery products, \$333,000; greenhouse products, \$760,000.

Farm gardens are not given a cash income value but are listed under the farm value column to

PARK SITE SOUGHT, WILLAMETTE BANK

Petitions asking the state highway commission to acquire all river front land from the Willamette bridge to the Southern Pacific tracks in West Salem, were being circulated here yesterday. The Salem chamber of commerce has endorsed the project which is being pushed by leaders of West Salem. The Salem Garden club is also backing the proposed development. Several owners of land along the waterfront on the West Salem side have offered to donate their property if the state will take over the entire district.

7 Prisoners in Jail Admit They Should Be There

Probably for the first time in history, every prisoner in the county jail desires to be there by his own admission.

At least a check of the seven prisoners in jail yesterday showed that four have already entered pleas of guilty and are awaiting sentence. The three others have informed the sheriff that they will enter pleas of guilty as soon as they go before the court.

An eighth prisoner in custody of the sheriff but a patient at the Deaconess hospital, is serving time.

Seed Coming for New Flax Acres

Flax growers who have contracted to raise 1200 acres of flax for the Champany Paper company of New York City are getting their seed regularly the last three weeks, the chamber of commerce reports. The growers are obtaining their seed from Larmer's warehouse or from the state penitentiary plant. Weather conditions the last two weeks have held back many farmers from planting their land.

Teaching Posts in County Are Scarce

While scores of men and women are seeking teaching posts in Marion county, schools here have little to offer in the way of unfilled positions. A check made yesterday by County Superintendent Mary L. Fulkerson shows that only 15 or 18 rural schools are now without their selections for teachers for next year. In most of these districts the boards have not yet met for election.

Stolen Auto Is Tagged, Parking; Sheriff Laughing

The sheriff's office was enjoying a grin yesterday at the expense of some city police officers.

It's this way: Deputy Sheriff Newell Williams, walking along North High street opposite the courthouse, noticed a sedan bearing the same license number as that of a car stolen Tuesday morning from Paul Smith, 3225 Northeast 84th street, Portland.

Williams immediately drove the car over to the courthouse—chucking at the three overtime parking tags placed on it Tuesday by Salem police.

State Board to Convene Tuesday

A meeting of the state board of control has been tentatively set for Salem next Tuesday morning. A final decision on the date will not be made until Governor Martin returns to the city. Topics slated for discussion will include plans for the state's building program authorized by the last session.

Newcomers to Be Welcomed Today

Newcomers to the Salem area in the last few months, who have rented or purchased farm properties here, will be welcomed this afternoon at a special program arranged at the chamber of commerce by Harry Riches, county agent. The program will begin at 1:30 p. m. It will deal with information regarding Willamette
