Five - Story Structure Will Cost \$100,000, Biggest **Project Since 1931**

Hop Storage Chief Purpose; Southern Pacific Takes Lease, Three Floors

A five - story, thoroughly fireproof class A warehouse, to cost \$100,000, will be erected in Salem immediately under arrangements completed yesterday between D. J. Fry and the Southern Pacific com-

The structure will be the largest construction undertaking in the city in the last four years. Architects are now finishing the detailed specifications and bids will be called for on the warehouse within the next fortnight Its completion is expected by next

Site of the new building will be between Ferry and Trade streets on Front. Plans were drawn by Knighton and Howell, Portland.

Because of the extreme care used to make the structure as near fireproof as possible, insurance rates in the new warehouse will take the minimum quotation for the Salem territory. A sprinkling system will be installed throughout and watchman service 24 hours a day will be provided. Conveyor Machinery

Will Be Installed New conveyor machinery to be used both in sending to the second story and to assist in direct loading of hops from the second Quarter Million floor to railroad cars, will be installed to augment the elevator service planned for the new build-

A series of windows will be placed in the second floor of the new warehouse to aid hop men in grading samples, a feature which Mr. Fry thinks will add greatly to the use of the new structure as a hop warehouse.

Negotiations between the Southern Pacific company and Mr. Fry have been under way for the past 18 months. For a time last year it seemed that construction would begin in time to handle the 1934 hop crop. When these negotiations failed to materialize the lease arrangements were held up. They were resumed early this spring and brought to conclusion yester-

COAST AGREEABLE TO ROGUE CLOSING Prospects Bright as Farm

MARSHFIELD, Ore., April 2 .-(P)-Coast spokesmen today indignantly denied that the coast district north of the Rogue river was opposed to closing of the stream to commercial fishing or that any referendum of the closing law was contemplated.

The statements were in answer to reputed intimations by Representative Moore Hamilton of Jackson county that coast interests are sponsoring a referendum on the law, and that as a reprisal upper Rogue river valley interests might sponsor a referendum of the enactment making the coast bridges toll free.

Ed W. Miller, Oregon Coast Highway association manager who championed the free bridges, said that when he was in the senate he introduced the Rogue river closing bill himself in 1929.

Son and Clerk are Cleared of Charge

Manslaughter indictments against Spencer Miller, Sol's son, and Irving R. Schwartz, clerk in the store, were dismissed. The court ruled that they were only employes taking orders from the store proprietor. Schwartz had igreed to appear as a witness for the state in the event of a trial.

Circuit Judge Jacob Kanzler pronounced the sentence on nine of the 14 indictments against Sol Miller. Four of the indictments were for manslaughter, four for violation of the Oregon liquor laws and one for selling liquor to an Indian.

Sentence on the other five indictments, all for violation of the poison label act, was deferred pending the payment of the fine. He was given 10 days to pay the \$1000 fine. His sentence is to

begin April 13. "We were fully prepared to present the case," District Attorney James R. Bain said. "The defendant offered to plead guilty for a light sentence, and after negotiations we arranged for the plea of guilty for the minimum sentence under the indictments.

"We feel that this is the best plan because of the expense of a trial and the possibility of acquittal. Also it is evident that the defendant will be punished fully for his crime through the minimum
