

### INDUSTRIAL CHIEFS GET BIG SALARIES

WASHINGTON, April 4.—(AP)—A cool \$10,000,000 was disclosed today to have been tucked in the pay envelopes of 600 executives of American industry in 1934—encompassing salaries ranging from a few thousand to a \$125,000 top.

The average of these salaries, reported to the securities and exchange commission in connection with application for permanent listing of securities on stock exchanges, was \$16,000.

The salary reports to date cover executives ranging from chairmen of boards to assistant secretaries.

The average for 119 presidents of companies in this group, was about \$56,000, but some 30 of them received more than \$50,000 and four were paid \$100,000 or more.

Total salaries for these uppermost 119 in 1934 aggregated \$4,368,000.

Tops went to Francis B. Davis, chairman of the United States Rubber company, who got \$125,000. Edward G. Seubert, president of Standard Oil company of Indiana, came second with \$117,900. Francis H. Brownell, chairman of American Smelting and Refining company, and George Horace Lorimer, editor of the Saturday Evening Post tied for third with an even \$100,000.

### SINCLAIR PLANNING NATIONAL PROGRAM

LOS ANGELES, April 4.—(AP)—Upton Sinclair, embattled votary of social justice for 30 years, would not say yes or no today as to whether he might run for president on the democratic ticket in 1936.

He began work this morning, however, on a prophetic booklet entitled "We, the American People, And How We Ended Poverty." With this as a starter, he said, he expects to extend the EPIC (End Poverty in California) movement throughout the nation.

He told of plans for a speech-making tour across the country this fall, advocating the production-for-use program on which he was defeated in his democratic race for governor last November. Before entering that race, he wrote a pamphlet, "I, Governor of California, and How I Ended Poverty," and the one he is writing now will be practically the same, except national in scope.

Sinclair declared the democratic party could be captured effectively by advocates of production for use as he captured it last year in California.

### FEDERAL JUDGE IN OREGON PROPOSED

Word was received here yesterday that the congress will probably create another federal judgeship for Oregon as well as place another judge permanently on the ninth circuit court of appeals. A bill providing for these two additions to the federal bench in the west has been favorably reported from the senate judiciary committee.

Oregon, without representation on the federal court of appeals, would probably get the new appointment the president would make.

Senator John Goss of Marshfield is known to be under consideration for one of the appointments if either of the new posts is provided by law. Press reports that Goss wants J. M. Devers's job as counsel for the highway commission were said yesterday to be without foundation.

### The Call Board . . .

**ELISNORE**  
Today—"McFadden's Flats" with an all-star cast.

**GRAND**  
Today—Edmund Lowe in "Best Man Wins".

**HOLYWOOD**  
Today—First run, "Flirting with Danger" with Robert Armstrong.

**CAPITOL**  
Today—Double bill, "A Dog of Flanders" and Dick Powell in "Happiness Ahead".

**STATE**  
Today—Jimmie Durante in "Joe Palooka".

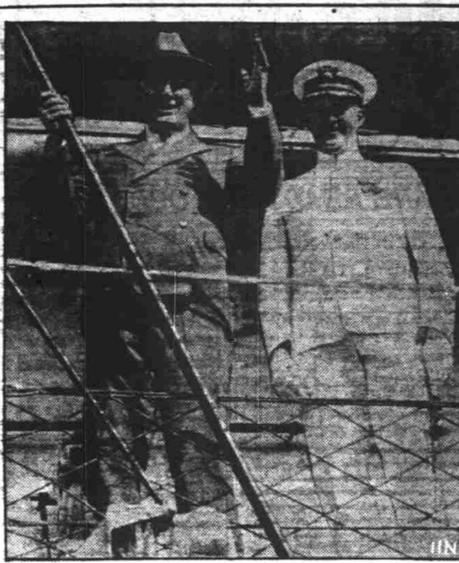

Saturday—Double bill, Zane Grey's "Home on the Range" plus "Rainbow Riders".

The newest team of friendly enemies to combat the screen is that of Walter C. Kelly, "The Virginia Judge," and Andy Clyde, popular comedian, featured together in Paramount's "McFadden's Flats," which comes today to the Elisnore theatre. They play an Irishman and a Scotchman who like each other so well that they won't even argue with anyone else.

In the final scenes, the two old codgers are forced to admit that their enmity had hidden a mutual liking to which they finally confess.

Prominent in the cast are Jane Darwell, as Kelly's wife, George Barbier, Howard Wilson, Betty Furness and Richard Cromwell.

### President Leaves on Vacation

President Franklin D. Roosevelt waved to the crowd assembled on the dock when he left Jacksonville, Fla., on the destroyer, Farragut, to board Vincent Astor's yacht, Nourmahal, for a 10-day fishing cruise. Commander E. Buckmaster, of the Farragut, is at the right.

### Huge Bridge Is Replaced In Jig Time

(By Associated Press)  
It moved 30 feet northward into perfect position. The veteran structure movers manned stump pullers and cranked them by hand to furnish the moving force.

Bolts and rivets were tightened and hammered into place in time for the 4 p. m. train to make its scheduled crossing without even slackening speed.

Previously the bridge was raised eight feet four inches and shifted 26 feet eastward.

### RELIEF WORK ENDS UNTIL FUNDS COME

Roads, schoolhouses and creek banks that yesterday bustled with the activity of SERA workmen will be quiet today as far as relief work is concerned. Work relief will not resume in Marion county until all allotment of federal relief moneys is received.

Glenn C. Niles, county relief administrator, said last night. Meanwhile the relief office staffs will bring their records up to date on work already done while the social division will continue its supervision of direct relief.

### PRESBYTERY OPENS TWO-DAY MEETING

(Continued From Page 1)  
Eugene, R. E. Clark, Eugene; and J. S. Harper, Gervais.

Business sessions will occupy all of today, except for a half hour of prayer at 10:30 this morning. The close will come at 2:30 o'clock.

Twenty-one ministers and 14 lay delegates are present yesterday and a good audience heard Burns last night.

Holdover officers are: Permanent clerk, Rev. Joseph Y. Stewart, Albany; state clerk and treasurer, Rev. Wallace Howe Lee, Albany; Rev. George H. Wilbur, Salem, is reporting clerk.

### Shore Radio for Control of Ship Given New Test

ALAMEDA, Calif., April 4.—(AP)—The huge flying boat being groomed for her coming flight to Honolulu sat on her base airport today while the port's radio equipment was given a thorough test.

### STATE THEATRE

Last Times Today "PALOOKA" with JIMMIE DURANTE Saturday Only!

### BRYANT'S LETTERS FOUND BY STUDENT

REDWOOD CITY, Calif., April 4.—(AP)—Five previously unpublished letters of William Cullen Bryant, famous American poet, have been unearthed in Palo Alto, it was revealed today.

Bryant was author of "Thanatopsis", "To a Water Fowl", and other noted poems.

The letters were discovered by Bertrand Hoffacker, student at the Palo Alto high school who has been studying American literature in a class taught by Holland D. Roberts.

The letters were in the library of Hoffacker's home. He brought them to Roberts' attention, and the latter announced today he was writing an interpretation and analysis of the letters in relation to Bryant's life and works.

Bryant wrote the letters, it was said, to Bertrand J. Hoffacker, a composer, grandfather of the present high school boy and a friend of the poet. One was a letter of introduction for Hoffacker to Abraham Lincoln, president at that time. It evidently was written while Bryant was editor of the New York Evening Post, as it bears the heading of the Post, 41 Nassau street, New York. It is dated December 10, 1863.

### SPRING ACTIVITIES AT COLLEGE SAID

CORVALLIS, Ore., April 4.—(AP)—The spring sports and activity program at Oregon State college will be carried out, the student-faculty board of control voted today.

The specter of a campus without activities, sports or publications loomed when the same board last Sunday suspended all those extra-curricular activities because so few students paid student body fees under the temporary optional fee payment ruling.

A three-day drive resulted in pledges or actual payments by 1157, a majority of the 2352 undergraduate students.

The board pointed to a breakdown caused by the voluntary fee system which it was said caused "waste effort, unfairness and lack of democracy."

The board also voted opposition to the proposed referendum of the 1935 legislative enactment which will make fee payment compulsory after this term.

The board, composed of students, faculty and one alumni representative, recognized the evident breakdown in the voluntary fee system, and a resulting waste of effort, unfairness and lack of democracy," a statement said.

### Wage Decision in Trucker Dispute Ready to Reveal

Findings of the board of arbitration appointed early in the year to settle the truck drivers' strike questions here will be revealed at 11 o'clock this morning at the chamber of commerce.

The court held that certificates of participation and evidence of beneficial interest in the profits of the Colonial Trading company which Sykes was selling are not securities within the meaning of the blue sky law. Investors were said to be given these certificates which entitled them to earnings made on speculation in wheat, cotton and other commodities.

### Torch Singer is Seeking Divorce; Charges Cruelty

LOS ANGELES, April 4.—(AP)—Helen Morgan, stage and screen actress, who once said "I really never had a chance to get acquainted with my husband," today filed suit for divorce against "Buddy" Meschke, Jr., Cleveland, O., attorney.

Miss Morgan, who used to sing "Nobody Wants Me," a song that first elevated her to prominence as a torch singer, charged that her husband forced her to work to support herself, called her uncomplimentary names, exhibited jealousy and caused many embarrassing scenes.

### Rehabilitation of Convicts Planned

A program for the rehabilitation of convicts in the state penitentiary was announced yesterday by Dan Keliher, state parole officer, and W. L. Goslin, secretary to Governor Martin, in cooperation with prison officials.

A special mail course in dentistry has been offered by President Miller of the North Pacific Dental college. A similar course in diesel engineering will be offered by L. L. Adcox of Portland. Willard Marks, president of the state board of higher education, and Harriet Long, state librarian, also will cooperate in the program.

### Deschutes Land Will Be Bought, Added to Forest

WASHINGTON, April 4.—(AP)—Lands within six miles of the exterior boundaries of the Deschutes national forest in Oregon would be added to the forest area by proclamation of the president under terms of a bill by Representative Pierce (D-Ore.) reported favorably today by the house public lands committee.

### Anti-War Profit

John T. Flynn Administration approval of the senate munitions committee report indicated that a 12-point program to eliminate war profits would be drawn up on the basis of recommendations made by John T. Flynn, above, New York attorney and writer.

His program recommended clapping military regulations upon every essential wartime industry and taxing earnings until profiteering were eliminated from wartime industries.

Meaning, criticism of NRA in the senate finance committee hearing ran on with the protest of another small business concern, a steel company, that it had been injured by NRA. It also heard Lowell Mason, a member of the former Darrow review board, liken the blue eagle system to Mussolini's "fascist" industrial set-up.

### CONSCRIPTION OF LABOR IS FEARED

WASHINGTON, April 4.—(AP)—Eighteen years after the world war, a comparison of the national defense budgets for the United States and Great Britain, the two great English speaking nations involved, today showed that both are near peace time records.

Although legislative action has yet to be completed in either country, government estimates virtually sure to be approved or even exceeded placed the projected expenditures for military and naval establishments for the coming year as follows:

The United States, more than \$800,000,000; Great Britain more than \$480,000,000.

The British figure, however, does not include maintenance of forces in Australia, Canada, the provinces and colonies in Africa, India and elsewhere.

Both great powers are contemplating increasing their army personnel, air defenses and naval strength.

The United States plans to lift its army enlisted strength from 115,000 to 165,000. England's army strength is to be 152,300, an increase of 2700.

### Convicts Face Death Penalty

SAN RAFAEL, Calif., April 4.—(AP)—Alex McKay and Joe Kristy, San Quentin convicts who kidnaped members of the state parole board in a desperate escape attempt last January 16, were found guilty on 11 counts, two carrying the death penalty, by a jury in superior court here late today. There was no recommendation of mercy.

The leather-unged announcer with his five-foot megaphone has disappeared from major league baseball in St. Louis this season. In his place is a public address system.

### Strike Decisions Scheduled Today

SAN FRANCISCO, April 4.—(AP)—Hopes of a truce in the Pacific coast strike of oil tanker sailors tonight hung on expected answers by both sides in the dispute of a new peace proposal.

The answers have been promised by tomorrow, A. A. Rosenshine, chairman of a federal mediation board, announced here as he urged those involved in the controversy to be patient.

### POULTRY CASE TO BE TEST FOR NRA

WASHINGTON, April 4.—(AP)—Belabored by critics within and without congress for dropping its previous NRA constitutionality test case, the administration moved suddenly today to put up a new case for supreme court determination.

The move by the justice department was made with an air of urgency. It evidenced a desire to get a decision by the present term of the court before the NRA act expires on June 16 and before congress, currently studying renewal of the recovery act, adjourns.

The government picked the Schechter poultry case—involving wages, hour and sales provisions of NRA codes—as the strongest case it could find. The high court has twice been concerned in recent years with operations of New York City poultry market concerns.

Meaning, criticism of NRA in the senate finance committee hearing ran on with the protest of another small business concern, a steel company, that it had been injured by NRA. It also heard Lowell Mason, a member of the former Darrow review board, liken the blue eagle system to Mussolini's "fascist" industrial set-up.

### DEFENSE BUDGETS NEAR NEW RECORD

WASHINGTON, April 4.—(AP)—Eighteen years after the world war, a comparison of the national defense budgets for the United States and Great Britain, the two great English speaking nations involved, today showed that both are near peace time records.

Although legislative action has yet to be completed in either country, government estimates virtually sure to be approved or even exceeded placed the projected expenditures for military and naval establishments for the coming year as follows:

The United States, more than \$800,000,000; Great Britain more than \$480,000,000.

The British figure, however, does not include maintenance of forces in Australia, Canada, the provinces and colonies in Africa, India and elsewhere.

Both great powers are contemplating increasing their army personnel, air defenses and naval strength.

The United States plans to lift its army enlisted strength from 115,000 to 165,000. England's army strength is to be 152,300, an increase of 2700.

### School District Warrants Called

Salem school district this week has called in \$17,051.87 of its outstanding warrants for collection. It was announced at the school clerk's office yesterday. Accrued interest amounted to \$311.10. The warrants bore numbers 10-924 to 11-085, inclusive. The district's warrant debt now runs back to December 21, 1934.

Early spring floods in southern Missouri damaged extensively fish sanctuaries in that section. The state game department organized crews to retrieve fish from them to the preserves.

### Wrestling Match at Dineen, Okla., Broke Up with Disqualification of Bruce Nolan for Attempting to Stick a Cigar Stub in his Opponent's Eye.

A wrestling match at Dineen, Okla., broke up with the disqualification of Bruce Nolan for attempting to stick a cigar stub in his opponent's eye.

### Denies Theory

Dr. Clement Arnold Testimony that he had given his own blood to prove his conviction that David A. Lamson is guilty of the alleged murder of his wife was given by Dr. Clement Arnold, above, at Lamson's trial at San Jose, Cal. Dr. Arnold said he permitted the arteries in the back of his head to be severed, and that the blood had spurted no further than 18 inches. This was in contradiction to the defense theory that blood from Mrs. Lamson's head had bespattered the ceiling after she fell in the bathtub.

Testimony that he had given his own blood to prove his conviction that David A. Lamson is guilty of the alleged murder of his wife was given by Dr. Clement Arnold, above, at Lamson's trial at San Jose, Cal. Dr. Arnold said he permitted the arteries in the back of his head to be severed, and that the blood had spurted no further than 18 inches. This was in contradiction to the defense theory that blood from Mrs. Lamson's head had bespattered the ceiling after she fell in the bathtub.

Indiana and New York already have enacted anti-alienation suit laws, and similar measure were in the legislative mills of Ohio and Illinois.

Mrs. Bedford-Jones, first wife of H. Bedford-Jones, looked with unmingled satisfaction on the jurors' decision that the author's present mate, Mrs. Mary Bernard in Bedford-Jones, must hand over \$100,000.

### Alleged Kidnaper Found in Oregon

SACRAMENTO, Cal., April 4.—(AP)—Extradition papers for Archie Button of Los Angeles were approved today at the office of Governor Merriam. Button, under arrest at Marshfield, Ore., is wanted by Torrance, Cal., police on a charge of kidnaping a 16-year-old Torrance girl. A statutory charge is also preferred against him.

### CONSCRIPTION OF LABOR IS FEARED

WASHINGTON, April 4.—(AP)—A vigorous drive to eliminate all possibility of the conscription of labor under the McSwain anti-war profiteering bill developed tonight in the house as it approached a vote which promised approval of the measure.

The senate munitions committee, meanwhile, heard a shipbuilder's assertion that where there was a choice of giving naval construction to private yards or government yards, Herbert Hoover would "yield" to the former "only if there is an advantage to be gained in the way of political trading."

A day's debate, slimly attended, tonight brought the house to the point of considering amendments to the McSwain measure, foremost among which was one by Chairman Conroy of the labor committee, who disputed the contention of its author that labor "could not be drafted" under the bill.

Early spring floods in southern Missouri damaged extensively fish sanctuaries in that section. The state game department organized crews to retrieve fish from them to the preserves.

### 'HEART BALM' BAN EFFORTS REVIVED

CHICAGO, April 4.—(AP)—Fresh efforts to outlaw alienation of affection suits were launched today as Mrs. Helen Bedford-Jones was awarded the record sum of \$100,000 as the cash equivalent of her fiction-writing husband's stolen love.

Shortly after an all-male federal jury established a new Chicago high by voting the plaintiff half the \$200,000 balm she asked, a Wisconsin state senator proposed a bill not only to ban love theft suits from the court but to slap a \$1,000 to \$500 fine and prison terms on anyone threatening to sue for heart balm.

Indiana and New York already have enacted anti-alienation suit laws, and similar measure were in the legislative mills of Ohio and Illinois.

Mrs. Bedford-Jones, first wife of H. Bedford-Jones, looked with unmingled satisfaction on the jurors' decision that the author's present mate, Mrs. Mary Bernard in Bedford-Jones, must hand over \$100,000.

### 'SCARING' GERMANY IS LATEST SCHEME

(By Associated Press)  
A proposal that France, Italy and Great Britain join forces to "frighten" the rearming reich was reported under consideration in Paris yesterday as Europe's attention focused on the tri-powered conference at Stresa April 11.

Foreign Minister Pierre Laval, the Paris reports said, will seek mutual assistance pacts with Russia and Czechoslovakia if Italy and Great Britain fail to fall in with his plan.

The British cabinet awaited Capt. Anthony Eden's return, expected tomorrow, to draft compromise security proposals. Foreign Secretary Simon will present.

Eden, after extraordinarily brief and cordial conversations with Czechoslovakian statesmen at Praha, was "indisposed" when he arrived at Cologne.

Authoritative sources at Addis Ababa, meanwhile, said an Ethiopian army numbering 100,000 men, well equipped, was moving to the borders of Eritrea and Italian Somaliland.

### CHARGES AGAINST SYKES DISMISSED

PORTLAND, Ore., April 4.—(AP)—Circuit Judge George R. Bagley today dismissed an indictment charging Nelson J. Sykes, representative of the Colonial Trading company of Reno, Nev., with violation of the Oregon blue sky law by selling securities without a permit.

Judge Bagley sustained a demurrer filed by Sykes' attorneys. District Attorney James R. Bain wrote the Oregon attorney general as to advisability of appealing the case.

The court held that certificates of participation and evidence of beneficial interest in the profits of the Colonial Trading company which Sykes was selling are not securities within the meaning of the blue sky law. Investors were said to be given these certificates which entitled them to earnings made on speculation in wheat, cotton and other commodities.

### Graham, Recent Session Employee Here, Passes On

KLAMATH FALLS, Ore., April 4.—(AP)—A. F. Graham, 60, attacked at the last session of the Oregon legislature and prominent Oregon democrat, died of heart attack here last night.

Recently he received a post with the public utilities commission office at Salem. He was one of the founders of the democratic organization in Klamath county and was chairman of the county central committee for many years.
