BANG'S CONTROL IS PURPOSE NEW LAW

Act is Effective January 1 and Requires Check in Each County

A law to aid in the eradication and suppression of Bang's disease within the state, which is designed to carry on the control work, if and when the federal government ceases its present testing and indemnity operations, was passed by Oregon's recent legislative session. The new law does not provide for state indemnities, but it does require the compulsory testing for Bang's disease in all counties where the dairy animals exceed the number of other cattle kept on farms.

Any county may avail itself of the provisions of the law on the petition of owners of at least 60 per cent of all cattle in the county. On the other hand, the application of the law may be discontinued at the request of 60 per cent of the owners of cattle in that county. The law is to take effect January 1, 1936, although if the federal program is continued through 1936, the state act will become operative January 1, 1937.

The law provides for a qualified Bang's disease inspector in each county, to be appointed by the county court, who must test all cattle periodically. The laboratory work is to be carried on at Oregon State college.

Each animal found to be free from the disease is marked with a metal ear tag or legible tattoo mark. Those found to react to the Bang's disease test are both ear-marked and branded with a letter "B" on the left hip. No dairy animal over six months of age may be sold unless it comes from a disease-tested and free herd or has been itself tested and proved free within 60 days prior to the time of disposal.

If the federal indemnity plan is dropped, the owner of reacting cattle may retain the animals on his farm, if the following rules prescribed by the state department of agriculture of building up a disease-free herd. Meanwhile, he will not be permitted to allow such reacting animals within six feet of any neighboring cattle-owner's property line, where disease-free or susceptible cattle are kept.

MARKET FOR EGGS IS TRIFLE EASIER

PORTLAND, April 23.—(AP)—Weakness in the butter market appeared far more severe at Portland than elsewhere along the coast.

What made yesterday's decline in butter look a trifle out of line was the fact that no reduction was made in the buying price on butterfat.

While quotations were unchanged, a slightly easier feeling was suggested in the market for eggs. Increased offerings were showing and some of the storage operators were less keen about taking hold.

Strong tone was showing for live chickens with a full cleanup of supplies over the Easter holiday. Sales of both medium and category hens were being made a fraction higher.

While there was a merely steady tone for top block hogs, heavy weights and sows were scarce and in firm request. Sales of hogs were around 12 1/2c with 80s 14c.

Barney's trade continued in the market for country killed calves but tops were unchanged at 12 1/2c for heavy stuff as well as mediums were meeting with favor.

Slower tone was showing for country killed yearling lambs around 10-11c with ewes weak at 4-6c and spring lambs generally 14-15c pound.

First carload of Texas Bermuda onions of the season was brought in by United Brokers and was priced at the trade at \$2.75-3.85 per 50-pound bag. Quality was reported good.

California Garnet potatoes were a trifle easier at 7 1/2c as are the Hawaiians.

Green onions also showed a slight falling off from the quotation that has ruled for the past week. Supplies, although small, were able to accommodate the demand as the price spread dropped to 20 and 25 cents per dozen bunches.

Radishes were moving much faster, with the supply plentiful. Quality also showed improvement over last week, but the price dropped a few cents to a range of 20 and 25 cents per dozen bunches.

Upper grades were in the most demand, and a good percentage of purchases were at the 25 cent level.

Spinach—Orange box, 60-70c. Carrots—Lug, 65c-81c. Beets—Dozen bunches, 35-40c. Green onions—Dozen bunches, 20-25c. Dry onions—Oregon, No. 1, 80c; No. 2, 75c; No. 3, 70c. Potatoes—No. 1, 87c. Turnips—Lug, 50c-60c. Rutabagas—100 lb. sack, \$2.15. Mixed greens—Dozen bunches, 20-25c. New spring radishes—Dozen bunches, 20-25c. Cauliflower—No. 1, \$1.40; No. 2, 50c. Celery hearts—Dozen, \$1.40. Parsley—Dozen bunches, \$1.15. Spinach—Dozen bunches, 20-25c. Kale—Box, 55c. Cucumbers—Box, \$2.75-3. Green beans—Dozen bunches, 20-25c. Red cabbage—Fonad, 4c. Rhubarb—15 lb. box, 35-40c. Fresh onions—Dozen bunches, 25c. Parsley—Dozen bunches, 25c. Asparagus—Dozen, 25-30c.
