

HEIGHTS HOLDS MAY FESTIVAL

Health Parade Follows Big Program in Honor of Spring

SALEM HEIGHTS, May 14.—The May day festival held at the schoolhouse Friday was acclaimed a huge success by the large crowd attending. The program was held on the new playground of the school.

The program was announced by Robert McBride, herald, and included: song of welcome by the entire student body; crowning of Queen Arline (Arline Wickoff) by King William (William Trudgeon), directed by Mrs. Hylden Tucker; rose dance by a group of third and fourth grade students with Miss Helen Mielke directing; a dagger dance with an oriental background and for boys in oriental costume; dance of cherry blossoms by the fifth and sixth grades, a number of gaita girls. Miss Luetta Baker, director; a garden dance by the seventh and eighth grades with Mrs. Agnes Booth, director.

Following was the health parade with floats entered by different organizations depicting the different roads to health. It was a real problem for the judges, Mrs. Ivan Stewart, Miss Susie Jones and Mrs. Daryl Washburn to decide on the fifth and sixth grade room float as first prize and the third and fourth grade second. Ball games were then played on the school diamond.

Norwegians Inviting All To 'Syttende Mai' Feasts

SILVERTON, May 13.—"Syttende Mai" will again be observed at Silverton. Americans of Norwegian ancestry will turn out once again to feast on lefse and fatigman bakelse, on sand bakkes, sprutes and krumpager. Perhaps there will also be flotegrad. Likely sometime during the evening "Ja Vi Elsker Dette Landet" will be sung. A few years ago Norwegian would have been the principal language spoken during the social hours at these festivals. Now and then it is still heard, but the English language greatly predominates. Occasionally a hybrid of the two breaks out.

Oddly enough the few people at Silverton with Danish ancestry will also join in with the observance although Denmark stands in the same relationship to Norway in regard to the "Syttende Mai" as England would to American in a Four of July celebration. But not only those of Norwegian and Danish ancestry will respond. Americans of Swedish, Scottish, German, English, Irish and every other nationality represented at Silverton will join in, for Silverton has learned to appreciate the culinary art of the Norse women.

"Syttende Mai" will be observed at Immanuel and Trinity churches Friday night. At Immanuel church the Ladies' Aid society will begin serving at 5 o'clock. It will not be a regular dinner but a supper. At Trinity church the Ladies' Aid will begin its evening observance at 8 o'clock. Both are open to the public.

STUDENTS VISIT HISTORIC SITE

Veteran Steamboatmen Will Gather at Champoeg Late in June

CHAMPOEG, May 14.—Champoeg park population was perceptibly increased Saturday by the arrival of three valley schools that sent their pupils to visualize the scenes that had been depicted to them by the leaders of their history classes and to obtain further information not contained in the text books on early Oregon history.

Aumville students learned that two former residents of their locality had the honor of traveling the maximum mileage to reach Champoeg May 2, 1843, to attend that historical meeting held 92 years ago.

These two members were Allan Davis and Reuben Lewis, having rode their ponies over 40 miles to reach their goal to further the first American government west of the Mississippi river. The monument was their center of attraction, the museum of old Oregon scenes and baseball was indulged in by them at the new ball park south of the building.

The Veteran Steamboatmen will hold their annual reunion here on the last Sunday in June and arrangements are now being made for three steamboats to be here on that day each equipped with calliopes of the older day style whose music can be heard for miles back from the stream.
