

SUGGEST CLUB HOUSE AS GOAL

Proposal for Civic Gathering Place is Laid Before Chamber Meet

SILVERTON, May 16.—Agitation for a new community club house at Silvertown was begun Wednesday night, when Mrs. J. J. Jordan, chairman of the program committee of the Woman's club, made the suggestion before the May meeting of the Silvertown chamber of commerce. Such a community house, said Mrs. Jordan, should be sufficiently large to house the public library, to have accommodations for both the woman's club and the chamber of commerce; in short, to be a central gathering place.

The Wednesday night program at the chamber of commerce was arranged by the woman's club, of which Mrs. L. G. McDonald is president. Mrs. C. J. Schlador, chairman of the chamber's program committee, introduced Mrs. Jordan, who in turn introduced her numbers.

Art Kirkham, KOIN radio announcer, was the guest speaker. Kirkham gave a clear picture of the "other side of the mike," and also dispelled many illusions about "the romance, the high salaries and the short hours" of the radio broadcasters. There is more magic, he said, connected with the radio on the outside than there is on the inside.

Kirkham explained that at his own station there are five men at the transmitter to keep it functioning; five men at the control panel; seven men at the radio time; three telephone girls who are walking encyclopedias; five secretaries and bookkeepers; 25 artists on the regular payroll and 25 who are spot artists and not considered regulars.

"For every dollar on the air," Kirkham explained, "we need three and four and sometimes more, hours for preparation. We must have four offering times to a split second."

In speaking of fan mail, Kirkham said, "Your letters mean everything to the radio. They are the barometer to radios, the life blood of our work. Listener research will often does change a program over night. The letters of correspondents are tallies."

The speaker reminded his audience that the radio was just a "youth industry."

Two musical numbers were given, preceding the speaker, a group of violin solos by Irene Morley Franke with Mrs. Jordan at the piano; and a musical reading by Mrs. Jonas Byberg, accompanied by her husband.

At the business meeting which opened the evening, W. P. Scarth, president, Dr. P. A. Loar, reporting for the roads committee, said that 3.2 roads between Monitor and Silvertown on the Monitor end would be aided.

To Operate Cannery
George Hubbs, reporting for the industrial committee, said that Waln Brothers would operate the Silvertown cannery and were getting ready for business. He also reported that the industrial committee was working on a project for getting the Fischer flouring mill started again.

S. P. Rose and Roy Davenport spoke on the Boy Scout work. The suggestion was made by Davenport, that the chamber endorse the movement to get the patrol leaders' conference to Silvertown for December.

Gay DeLay, coach of the Sil-

Magnanimous

instead of demanding his protection, Augusto Rosso (top), Italian ambassador to the U. S., asked that Eugenio Camaini (below) be given \$10, when latter was picked up in Boston on suspicion of having designs on envoy's life. Camaini, who carried knife, denies charge.

Silvertown high school baseball team, was given hearty applause for the splendid work of the local team. Mr. DeLay reported that the local team had won the championship of its league for three years and was at the top so far this season. The chamber will disband for the summer following the June meeting to be held at the Silvertown Hills community club hall.
