## STATE UNABLE TO MATCH ALL FUNDS

Full details on the federal government's requirements for Oregon's share in the 1935 road building funds to be furnished by Washington are still lacking at the statehouse.

From information received it is known that 130 hours a month will be the total work period allowed, that the work day cannot exceed eight hours and that the bulk of workers on the road projects must be taken from lists of persons eligible for relief.

The state expects to receive \$5,372,000 of federal funds plus its share of the Hayden-Cartwright money which were provided the last session of congress. The state will not be able to match all the Hayden-Cartwright money—estimated at \$2,000,000 for Oregon this year—due to insufficient funds provided in the highway department's 1935 income. A portion of the money—perhaps \$1,000,000, may be matched.

## Highway Map of Oil Firm Issued By Dealers Here

Containing a comprehensive map of Oregon, a map of the Pacific coast area, appropriate city insets, mileage tables and radio log, a new Union Oil company highway map has just been released to all 76 gasoline dealers in this area for distribution to motorists.

A colorful road guide, the map has had particular emphasis placed on vacation spots and national and state parks and monuments. National and state highways are marked on the maps. Special points of interest are specifically designated, airports are identified, county boundaries are established, and the entire state map is cross-indexed to facilitate location of cities and towns. The city inset maps are the most comprehensive ever used in Union's series of highway guides.

Five different road gradations are used to identify every type of thoroughfare. By means of symbols designate corporate areas, an approximate index to the population of towns and cities may be gained. Time boundaries are also shown.

## PAUL PETTICORD IS GIVEN NEW CHARGE

Associate Pastor Here Goes to Large Yakima Church, Conference Action

Rev. Paul Pettigord, associate pastor with his father, Dr. E. W. Pettigord, of the First Evangelical church here for the past year, was promoted at the Oregon-Washington Evangelical conference last week to pastor of the First church in Yakima. The Yakima church is the second largest in the conference, with Salem first.

Dr. E. W. Pettigord continues to serve the Salem church and in addition was named pastor district superintendent, with 12 fields under his charge as well as work here. While the conference appointed no assistant to Dr. Pettigord, he will name an assistant within a few weeks. Dr. Pettigord is starting his fourth year here.

Rev. Paul Pettigord has been here one year, coming from Corvallis where he served for four years. He will leave for Yakima next Monday, preaching his farewell sermons here Sunday morning and night.

Other changes in this district bring Rev. A. N. Glanville of Veneta to Mouth in an exchange with Rev. H. Schuerman, who has served Mouth since being promoted from the Fruitland mission group here. Herbert Bennett, student at Willamette, goes to Jefferson for his first year in the ministry.

The first merged session, at Yakima, of the former Oregon and Washington conferences carried its business through in unusually fine fashion, due largely to the excellent lead of Bishop E. W. Pretorius, St. Paul, bishop of the northwest area. Rev. Pettigord reported upon his return here. The conference session was concluded in less than four days.

## BRYSON PRESENTS PLEASING RECITAL

Roy Bryson, baritone, presented a popular recital of well-known concert favorites to a benefit audience at the First Congregational church last night. Proceeds went to the Y. M. C. A. boys' summer camp.

Mr. Bryson divided his program into five sections, new ballads, songs of the American frontier, negro spirituals, familiar old songs and light opera. Of the five, his frontier songs and his spiritual group were the best received.

The most vivid song portrayal of the entire recital was "Home on the Range" by Gulon. The singer carried the poignant depths of the ballad and poured it out to his listeners in smooth, soft cadences. It was charming and effective.

## GERMAN TELLS OF FATHERLAND HOPES

No Desire for War, Writes Solle's Father; Hitler Praised in Letter

Ernest Solle, who resides on route 7, Salem, has received a letter from his father, who resides in Germany, giving something of the German viewpoint in its internal affairs and international relations. This following is a translation of the senior Solle's letter:

"Dear Ernest: You want to know the truth about Germany. I would say that most of what the papers write is quite true. That Germany is getting ready for another war is out of the question as we are not overhauling the wounds of the last war. Our government wouldn't think of starting a war at this time. Our people are working to build up our torn down country and it is the ambition of every German to build up his home, instead of going to war. If those who talk war all the time could see once how the people here work they wouldn't write all these lies about us. It is too bad that they won't give us a place in the League of Nations. In the whole world is no man who would like to see world peace more than Hitler— and his co-workers. For 14 years through bad government, bankruptcy was brought on, and it is hard for a man like Hitler to build up the country again like it should be. Other countries have big armies; Germany is doing the same. Now, I ask high-minded people

like Germans, should they be slaves of other countries, or should they be allowed to work as free people under free government? Germany used to trade quite a lot with America, especially cotton, but now America wants to sell cotton to Germany, but does not want to take care of goods in exchange. "On both sides the good will would be there and not be any trouble if both countries would exchange goods. "People are sure sorry it had to come that far. Will have to see now if it can get by without exchanging with other countries. "HENRY SOLLE"
