Names of Few Victims are Known Following Flood in Colorado Springs and Pueblo

Utilities are Crippled and Undetermined Amount of Property Loss Suffered; Traffic Blocked

COLORADO SPRINGS, Colo., May 30. - (AP) - Twelve or more deaths, and heavy but as yet unestimated property damage were listed tonight as the direct results of a spring storm that swelled Fountain and Monument creeks to giant torrents and swept through this city and Pueblo to the Arkansas river. In addition to the deaths at

Colorado Springs, an undetermined number of persons were reported lost in flood waters near Glendo in southeastern Wyoming. Ernest Adams, mayor of Glendo, was reported to have tele-

Memorial Day Parade Finds Few G.A.R. Men on Hand but Crowds Large

Class Conflict is Compared to Civil War in Day's Address at Armory

Salem paused from its commercial affairs yesterday to pay fitting tribute to its honored war dead. Throughout the day thousands of townspeople made their way to local cemeteries to leave a profusion of flowers in memory of loved ones of yesterday. While no soldiers' grave was left unremembered there were tributes, also, to an unnumbered group of other dear ones, loved long since and lost awhile.

Skies overcast with clouds covered the city most of the day but no rain fell.

The trek to the cemeteries had begun Wednesday but it reached its height Thursday morning when a procession of automobiles carried relatives and friends to hallowed burial plots.

Formal exercises had their place the observance of Memorial day. The Woman's Relief corps 500-mile auto race ever staged began the day with a ritual at the G.A.R. circle at City View cemetery. At 1:30 o'clock yesterday afternoon beautiful wreaths of flowers were dropped by members of the organization from the Willamette river bridge in tribute to the sailor-marine and aviator dead. "The New Sectionalism" was the theme for the address of the day, delivered by C. A. Sprague, Statesman editor. President Roosevelt signalized Day Recalls Defeat

Dictatorial Powers Denied to Premier: Bouisson to Take Over: Committed to Support of Franc

Vote is 353 to 202: Budget Deficit Huge; Socialist Support Counted Upon by New Aspirant

PARIS, May 31.-(Friday)-Fernand Bouisson, 60-year-old president of the chamber of deputies, today accepted the premiership of France and the task of battling in defense of the franc, the issue which caused the downfall of his predecessor, Premier Flandin.

PARIS, May 30 .- The towering Premier Pierre - Etienne Flandin was overthrown heavily tonight in his demand for dictatorial powers to defend the franc, and Fernand Boulsson, presiding officer of the chamber, attempted immediately to form a new government.

The Flandin government was overthrown by a vote of 353 to 202. The premier had already tossed aside Louis Germain-Martin, his finance minister, in an effort to appease the opposition. But even a request for a modified time limit to the dictatorial powers demanded proved without

The budget deficit of 6,000,-000,000 francs hung over the heads of the new ministers. All leaders admitted it was impossible to balance the budget fully were proceeding to load or unload unless confidence were restored.

RYAN RESIGNS AS BEAVER MANAGER

PORLAND, Ore., May 30-(AP)

Buddy Ryan tonight resigned as manager of the Portland baseball club of the Pacific Coast league, giving ill health as his reason. E. J. Schefter, president and owner, accepted the resignation "with regret." No successor has been named yet.

However there was strong talk that Bill Cissell, Portland second sacker who returned from the major leagues this year, would be placed at the helm.

Ryan, former manager of the Sacramento team of the Coast league and former outfielder for Portland and the Cleveland Americans, was named manager last winter when Schefter bought controling interest of the Portland

club from Tom Turner. Hal Turpin, Portland pitcher, who won 15 games last year for the tail end Portlanders, was released today after he was whacked for five hits and six runs when he went in as a relief pitcher in the ninth inning against Holly-

wood with the score tied. Portland was short of pitchers for some time and some believed Turpin was overworked.
