**SMALL SCHOOL HAS BIG MARK**

**Molalla High Takes Highest Honors in Basketball and 2 Near-Tops**

MOLALLA, May 30.—Molalla high school, the smallest member of the Willamette Interscholastic league, demonstrated that in numbers there isn't always strength by walking off with first, second and third places in the league standing in basketball, baseball and football, respectively, during the past school year. The year has been one of Molalla's most successful ones from an athletic standpoint. Don Hartung, former Oregon State athlete, coached all three sports. In basketball, Molalla won cups for both the league and county championships. The school's baseball record was 13 games won and three games lost. This does not include two pre-league games with Chemawa, both victories for Molalla. Molalla was defeated twice by West Linn and once by Silverton. Silverton, the winner of first place in the league, lost only one game, and that to Molalla. Molalla tied for third place in football.

**Letter Winners**

Letters were won during the year by the following Molalla boys: Football—George Erland, Loy-al Buroker, Vincent Erickson, Don Dapp, Clayton Ray, Hal St. Clair, Milton Schmidt, Johnnie Marson, Lloyd Schumacker, all seniors, Leonard Nelson, Bob Leonard, Harold Erland, Elwin Swigart, Stanley Slyter, Earl Owen, LaVerne Dahl and Charlie Temple.

**MAKE JAM WITH FINER FRESH FRUIT FLAVOR!**

**EASY RECIPE FOR STRAWBERRY JAM**

4 cups prepared fruit  
7 cups sugar  
½ bottle Certo

To prepare fruit, grind about 2 quarts fully ripe berries or crush completely, one layer at a time, so that each berry introduced to a pulp.

Measure sugar and prepared fruit into large kettle, mix well, and bring to a full rolling boil over hottest fire. To reduce foaming, ¼ teaspoon butter may be added. Stir constantly before and while boiling. Boil hard 3 minutes. Remove from fire and stir in Certo. Then stir and skim by turns for just 5 minutes to cool slightly, to prevent foaming fruit. Pour quickly. Paraffin hot jam at once. Makes about 10 glasses (6 fluid ounces each).

**I GET SUCH PERFECT RESULTS WITH CERTO... MY JELLIES AND JAMS TASTE BETTER, TOO!**

Get berries and Certo from your grocer today—2 quarts of berries make 10 glasses of wonderful jam . . . in less than 15 minutes after the fruit is prepared!

JUST read that recipe above! See how easy it is! Notice that only 2 quarts of berries make 10 glasses of jam.

All Certo recipes are just as easy and just as economical. With Certo, you boil jellies only ½ minute; jams only a little longer. None of your juice boils away. That's why you get so much jam or jelly . . . half again more than by the old, "long-boil" way.

That's why, too, that jelly and jam are so much better tasting; short boiling retains all the natural flavor of the ripe, fresh fruit! (No "boiled-down" taste when you use Certo.)

And the whole job takes less than 15 minutes after the fruit is prepared.

So why don't you get berries, sugar and Certo right away! Put up a generous supply of jam and jelly to last the rest of the year. Think how good they will taste next winter in *harris, puddings, jelly rolls and ice cream!*

Certo . . . the pure fruit pectin that makes jelly making so easy . . . is a product of General Foods. You can buy it at any grocer's. © G. F. Corp., 1935

**FREE—89 TESTED RECIPES** Underneath the label on every Certo bottle is a book of jam and jelly recipes . . . 89 in all; because different fruits require different handling. Be sure to follow each recipe exactly.
