

"KEEPER OF BEES" IS AT HOLLYWOOD

How a young veteran found health and happiness in a peaceful California seacoast community provides the intriguing plot of "Keeper of the Bees," which has its Salem premiere Sunday at the Hollywood theatre.

The new Monogram photoplay tells of a shell-shocked war veteran who steals away from a government hospital when he learns that he has but six months to live. He starts to hitch-hike his way to his native city for a final fling with his last resources, but is detoured by a glimpse of a pretty face, which leads him to the little town of Peaceful Bay, where he immediately becomes involved in the tranquil existence of a Bee Keeper, and discovers romance under extremely mysterious circumstances, which are only solved by the finale of the gripping plot.

Nell Hamilton enacts the role of "Keeper of the Bees" and others in the cast include Betty Furness and Hobart Bosworth.

Silverton. — Mrs. A. Foote and Mrs. J. Van Camp were joint luncheon hostesses Wednesday noon for the members of the Methodist Sisterhood class. Nineteen were present. During the program hour readings were given by Mrs. Foote, Mrs. S. Ackley and Mrs. H. E. Pickett. Mrs. Lida Metcalf is president of the group.

Sheriffs Cannot Cancel or Remit Taxes is Ruling

Sheriffs have no authority to cancel or remit taxes charged against real property, but must collect such taxes as are provided by law, the attorney general held yesterday in an opinion requested by District Attorney William H. Trindle of this county. The opinion was asked in connection with the foreclosure proceedings recently instituted by the sheriff's office here.

The attorney general yesterday ruled that the state board of barber examiners has authority to issue temporary permits to barbers coming into Oregon from other states.

WHEELER-WOOLSEY FARCE AT ELSINORE

Bert Wheeler and Robert Woolsey come to the screen as hilarious counterparts of Sherlock Holmes and Dr. Watson in "The Nitwits," their new feature comedy, opening today at the Elsinore.

As cigar stand proprietors in a song publishing building, they turn amateur sleuths to solve a murder mystery and unmask the sinister "Black Widow" who has been terrorizing the city.

With Betty Grable and Evelyn Brent carrying the leading feminine roles, the cast includes such other favorites as Erik Rhodes, Fred Keating, Hale Hamilton, Arthur Aylesworth, Dorothy Granger, and the colored comedian, Willie Best.

The melody moments are provided by three popular tunes—"Music in My Heart," "You Opened My Eyes" and "The Black Widow Will Get You If You Don't Watch Out."

The "Trip Record" provides space to record gas and oil purchases, mileage, etc.—together with their hints on car operation. The colorful 76 Highway Maps contain accurate highway data for the entire Coast. Get yours at any 76 dealer.

WHEN the weather's warm around town, and the sun's blazing down on vacation highways, you need a gasoline like Summer 76—which brings you these three important qualities:

- 1. HIGH ANTI-KNOCK**—for smooth, flexible power, fast acceleration in traffic and on the grades, and a cool-running motor.
- 2. ABSENCE OF VAPOR-LOCK**—(the fading and spluttering that sometimes occurs on hot days). Each of the five different altitude
- 3. MAXIMUM MILEAGE**—for thrifty motoring. 76 now contains more of the heavy, power and mileage-giving fractions for warm weather driving—and, in addition retains the quick-starting and anti-knock leadership for which 76 is famous.

Packed like silks..it takes patience and care to prepare Turkish tobacco for Chesterfield Cigarettes

Size, color, texture, condition . . . all these have something to do with aroma and flavor

Leaf by leaf, the sun-ripened Turkish tobacco is selected or rejected to get just the right kind for Chesterfield's milder, better taste.

And just as much care is taken to pack the tobacco to preserve the delicate aroma during its 4000 mile journey to this country.

So important is the preparation of Turkish tobacco in making Chesterfields, that Liggett & Myers have their own modern leaf handling plants in seven important tobacco centers of Turkey and Greece.

"Selection station" in Turkey where Turkish tobacco leaves are weighed and classified to judge their quality.
