Salem Markets Grade B raw 4 per cent

CHICAGO, July 11. - (AP) - Despite much talk that the United States government had overestimated by 45,000,000 bushels the domestic southwest wheat crop, grain values today suffered sharp

Chiefly because of an unexpectedly bearish showing made by official crop figures, both United States and Canadian wheat shot downward 3 % cents a bushel. Rallies later were based largely on reports that black rust danger to Apricots, lug spring wheat was at a most critical stage, with the outcome depending on weather developments Fresh figs, box from now on.

Wheat closed unsettled 1 to 11/2 cents under yesterday's finish, September 84-84%, corn unchanged to % cents down, September 74 %, oats 14-% off, and provisions varying from 5 cents decline to an equal advance.

Cloging quotations: Wheat - July 83 %: September 84 1/4; December 85 1/4 - 1/2. Corn - July 81%; September 4 %; December 63 %. Oats - July 33 %; September 31%; December 33%.
